IMPORTANT

All taxpayers should read the following requirements and comply with them.

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

"Before making an assessment, the Assessors shall give seasonable notice in writing to the inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town in its Annual Meeting directs, to make and bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

Citizens, more than municipal officers, can control the town's finances by keeping the amount of money appropriated within the town's ability to pay under a safe and reasonable tax rate.

ALTERNATIVE METHOD OF ENFORCING TAX LIEN ON REAL ESTATE

THE LEGISLATURE OF 1933, PUBLIC LAWS, CHAPTER
244, AS AMENDED

In effect July 21, 1939

AN ACT Relative to Enforcing the Collection of Real Estate
Taxes by the Alternative Method.

Sec. 1. Alternative method for the enforcement of liens for taxes on real estate. Liens on real estate created by section 3 of chapter 13 of the revised statutes, in addition to other methods, previously established by law may be enforced in the following manner, provided, however, that in the inventory and valuation upon which the assessment is made there shall be a description of the real estate sufficiently accurate to identify it: Any officer to whom a tax has been committed for collection, may, after the expiration of 8 months and within 1 year after the date of commitment to him of said tax, give to the person against whom said tax is assessed, or leave at his last and usual place of abode, or send

by registered mail, to his last known place of abode, a notice in writing signed by said officer stating the amount of such tax, describing the real estate on which the tax is assessed, alleging that a lien is claimed on said real estate to secure the payment of the tax and demanding the payment of said tax within 10 days after service or mailing of such notice. If an owner or occupant of real estate to whom said real estate is taxed shall die before such demand is made on him, such demand may be made upon the executor or administrator of his estate or upon any of his heirs or devisees. After the expiration of said 10 days and within 10 days thereafter, said officer shall record in the registry of deeds of the county or registry district where said real estate is situated, a certificate signed by said officer setting forth the amount of such tax, a description of the real estate on which the tax is assessed and an allegation that a lien is claimed on said real estate to secure the payment of said tax, that a demand for payment of said tax has been made in accordance with the provisions of this act and that said tax remains unpaid. When the undivided real estate of a deceased person has been assessed to his heirs or devisees without designating any of them by name it will be sufficient to record in said registry said certificate in the name of the heirs or the devisees of said decedent without designating them by name. At the time of the recording of the certificate in the registry of deeds as herein provided, in all cases such officer shall file with the town treasurer a true copy of said certificate and also at the time of recording as aforesaid, the said officer shall mail by registered letter to each record holder of a mortgage on said real estate, addressed to him at his place of last and usual abode, a true copy of said certificate. If the real estate has not been assessed to its record owner the officer shall send by registered mail a like notice to the record owner. The fee to be charged to the taxpayer for said notice and filing shall not exceed \$1.00 and the fee to be charged by the register of deeds for such filing shall not exceed 50 cents.—Approved March 17, 1939.

Sec. 2. Filing of certificate to create mortgage. The filing of the certificate, provided for in section 1, in the registry of deeds, as aforesaid shall be deemed to create and shall create a mortgage on said real estate to the town in which the real estate is situated having priority over all other mortgages, liens, attachments and encumbrances of any nature, and shall give to said town all the rights usually incident to a mortgage, except that the mortgagee shall not have any right of possession of said real estate until the right of redemption herein provided for shall have expired.

Sec. 3. Foreclosure provisions. If said mortgage, together with interest and costs, shall not be paid within 18 months after the date of filing of said certificate in the registry of deeds as herein provided, the said mortgage shall be deemed to have been foreclosed and the right of redemption to have expired.

Sec. 4. Notice. The filing of said certificate in said registry of deeds shall be sufficient notice of the existence of the mortgage herein provided for.

Sec. 5. Discharge. In the event that said tax, interest and costs shall be paid within the period of redemption herein provided for, the town treasurer shall discharge said mortgage in the same manner as is now provided for the discharge of real estate mortgages.—Approved March 31, 1933.

March 1, 1940.

TOWN LIABILITIES

Notes Payable,	\$16,000.00
Hampden Academy,	2,730.54
Sewer Bonds,	14,000.00
*Hydrant Rental,	7,665.00
	<hr/> \$40,395.54

*Figuring for the balance owed which is to be paid within one and one-half years. This is not reckoned as a Town debt but as an indirect liability showing an obligation which we are endeavoring to reduce, each year.

LETTER OF TRANSMITTAL

To the Town Selectmen and Citizens of Hampden:

This is the end of the third year of your present Set-Up, seven Selectmen and Town Agent, and we are sincerely sorry not to be able to render an Audit Report. A State letter will explain.

We are getting out of debt. As you will note three years ago our debt to Hampden Academy was \$13,230; now it is \$2,730. Three years ago there was an unpaid temporary loan of \$7,000, which has been paid. This year we are proud to say we have not borrowed any money whatever and have paid all bills to date.

We have made some improvements to which I would like to call your attention. The Town Hall was painted inside, the Town Hall yard was graded and a steel Flag Pole set up. The Cemetery was immensely improved and many new things thought of for future improvement. One other thing I am pleased with is the bushes at East Hampden which were cut to show a long view of our beautiful Penobscot River. It makes a beautiful approach from the Bangor side of our town and cannot help but being noticed. One State Official told me that it was worth \$1,000 to our town. We have bought some new tools which I will mention in another letter.

I greatly appreciate the fine cooperation I have received from the Selectmen, the Citizens of Hampden and the Town Employees, and sincerely trust my endeavors have met with your approval.

JOSEPH B. LEWIS, Town Agent.

STATE DEPARTMENT OF AUDIT

February 20th, 1942.

Mr. Joseph B. Lewis, Town Agent
Hampden, Maine.

Dear Sir:

We find that it is going to be impossible for us to audit your accounts in time for printing the audit report in your town report.

Conditions have been found in one municipality which will definitely hold Mr. Parsons up for probably three or four weeks, and the rest of our men are behind on their schedules so it will be impossible to substitute anyone else at the present time.

We will audit the accounts in your town in the same order as we had originally planned just as soon as Mr. Parsons can get away from the town in which he is now working.

Very truly yours,

STATE DEPARTMENT OF AUDIT,
Harold E. Crawford,
Municipal Auditor.

NOTICE

Rules for Town Meeting

1. It is the privilege of every Citizen of the Town, who is twenty-one years of age or over, to vote in Town Meeting. Why not use that privilege?

2. Don't let SOMEONE ELSE do YOUR voting.

3. Think carefully, and know what you are voting for.

4. You are the one who will decide what will be done with the Town's money. Don't throw money away. Vote sensibly.

5. Voice YOUR opinion at Town Meeting.

6. Don't be AFRAID to get up in Town Meeting and say "YES" or "NO".

7. The Town of Hampden is in fairly good shape. Let's keep it that way. Vote carefully. DO NOT APPROPRIATE MONEY FOR ANYTHING THAT WE CANNOT AFFORD.

8. Don't leave the voting to just a few people. Let's everyone vote.

THE HAMPDEN ACADEMY BAND

In the fall of 1939, Mr. Emmons Robinson presented to the students of Hampden Academy a plan whereby a school band could be organized. Fully realizing that if such a band were formed, much work would be required to maintain it, the Academy students organized a band in October under the direction of Mr. Linwood Bowen.

There were about twenty members in the newly organized group. The following summer a beginners' class was started which joined the band shortly after the beginning of the school year. Constant improvement was made and in March a concert was presented. Memorial Day the band played at the services in West Hampden, Winterport and in Hampden.

With the money made from such appearances, together with a certain per cent set aside from student dues and profit from the operetta, the school has purchased, in addition to music, a bass horn, a baritone, two melaphones and cymbols. The remainder of the money has been put towards a fund with which to purchase new uniforms. This money has been raised entirely by the students.

In May the band attended the Festival at Augusta and was rated "Excellent" by the judges. At the close of the second year there were thirty-one members in the band.

Last summer another beginners' class was started and in the fall ten new members joined the band. A public concert was again put on in November. It was felt that by this time sufficient money had been saved, so that, with help from a loan, capes and caps could be purchased. That is what the school is trying to do now. A band as large as ours is quite an accomplishment for a town of two thousand. It has stimulated interest in music among the students and townspeople as a whole. The possibility of having uniforms makes the band work harder. A band is never complete without uniforms, and who would be prouder than the townspeople, when the band gives its spring performances, to have them appear in uniforms?

WARRANT

STATE OF MAINE

Penobscot, ss.

To ELMER J. TREWORGY, a Constable of the Town of Hampden
in said County of Penobscot:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said town of Hampden, qualified by law to vote in town affairs, to assemble at the Town Hall in said Hampden on Monday, the ninth day of March, 1942, at nine-thirty (9:30) o'clock in the forenoon, to act on the following articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To see if the Town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor, School Committee and Superintendent of Schools.

Article 4. To see if the Town will vote to adopt the Town Agent form of town management for the fiscal year 1942 and 1943.

Article 5. To see if the Town will vote to instruct the Selectmen to hire a town agent for the ensuing year, whose duty it shall be to act Agent for the Selectmen, Assessors and Overseers of the Poor; to act as Tax Collector; to exercise control over all departments of the Town, and to perform all other duties that may be prescribed by the Selectmen.

Article 6. To choose three or more Selectmen, Assessors, and Overseers of the Poor for the ensuing year.

Article 7. To see what sum of money per day the Town will vote to pay the Road Commissioner or Commissioners, for services.

Article 8. To choose one or more Road Commissioners for the ensuing year.

Article 9. To choose a member of the School Committee for the ensuing three years (the term of C. F. Couillard expires).

Article 10. To choose a Building Inspector, and one or more Fire Wardens.

Article 11. To choose a Treasurer of the Town and all other Town Officers except a Collector of Taxes.

Article 12. To see if the Town will vote to accept bid on collection of taxes; if acceptable bond can be furnished.

Article 13. To choose a Collector of Taxes.

Article 14. To see what sum of money the Town will vote to raise to pay for collection of taxes.

Article 15. To determine what sum of money the Town will vote to raise by taxation for the following purposes for the ensuing year:

For the support of common schools.

For the repair of schoolhouses.

For the employment of music teachers for the public schools.

For the support of the poor.

For the support of children committed to the State.

For roads and bridges, summer.

For roads and bridges, winter.

For street lights.

For interest on notes.

For hydrant rental.

For State road patrol.

For care of cemeteries.

For salaries of Town officers.

For maintaining and operating fire apparatus.

For incidentals.

Article 16. To fix the compensation of the Superintendent of Schools and any other officers, and raise money for these purposes.

Article 17. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Hampden Academy the tuition of pupils qualified to attend such school in accordance with the provisions of Chapter 19, Section 92, of the Revised Statutes, and what sum of money shall be raised and appropriated for that purpose.

Article 18. To see what action the Town will vote to take toward reducing the debt owed to Hampden Academy.

Article 19. To see if the Town will vote to raise sixty dollars (\$60) for F. G. Flagg Post Relief Corps for Memorial Day purposes.

Article 20. To see if the Town will vote to raise two hundred dollars (\$200) for the Hampden Academy Band.

Article 21. To see what sum the Town will raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways, and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, and Chapter 169 of the Public Laws of 1937, and under the provisions of Section 3, Chapter 229 of the Public Laws of 1937.

Article 22. To see if the Town will vote to authorize the Assessors to rescind any amounts appropriated by the Town for State Aid Highway Construction in excess of the amount required to meet State Apportionments.

Article 23. To see what sum, if any, the Town would recommend to take from the Joint Fund for the Construction State Aid Highways for the purpose of applying bituminous surface treatment to State Aid Highways in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Article 24. To see what sum the Town will raise and appropriate for the maintenance of third class highways, as provided in Sections 5 and 6, Chapter 229, Public Laws of 1937.

Article 25. To see if the Town will raise and appropriate one hundred dollars (\$100) for the purpose of cutting and removing brush on crossroads.

Article 26. To see what sum of money the Town will raise and appropriate to cut and remove all trees, shrubs, and useless fruit trees, bushes and weeds growing between the road limit and the wrought part of any improved section of State Highway, State Aid Highway, and Third Class Highway locations, as provided in Section 4, Chapter 229, Public Laws of 1937.

Article 27. To see if the Town will raise and appropriate two hundred dollars (\$200) for the purpose of straightening stones and other work at the Nealley's Corner Cemetery.

Article 28. To see if the Town will raise and appropriate five hundred dollars (\$500) for Civilian Defense to be expended under the direction of the Civilian Defense Council.

Article 29. To see whether or not the Town will vote to raise and appropriate the sum of \$100 for advertising our natural resources, advantages and attractions, under the provisions of Chapter 5, Section 82, of the Revised Statutes. Said money to be expended through the State of Maine Publicity Bureau.

Article 30. To see if the Town will raise and appropriate \$186 for public health nursing in Hampden. Said money to be expended by the State Bureau of Health, for local service.

Article 31. To see if the Town will vote to raise \$200 to co-operate with the Maine Forest Service and the Federal Government in the control of white pine blister rust within the confines of the Town.

Article 32. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow during the ensuing year, in anticipation of, and to be paid out of, the taxes of the current year, 1942 and 1943, not exceeding fifteen thousand dollars (\$15,000) and to execute and deliver the negotiable note or notes of the Town therefore.

Article 33. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money for temporary purposes, and to execute and deliver the note or notes of the Town therefore.

Article 34. To see if the Town will vote to pay a part of the notes of the Town now outstanding.

Article 35. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money to renew the notes of the Town now outstanding.

Article 36. To see what sum of money the Town will vote to raise and appropriate for the purpose of paying the notes of the Town now outstanding.

Article 37. To see if the Town will vote to authorize the Treasurer and Board of Selectmen to sell and convey in the name of the Inhabitants of the Town of Hampden the interest in any real estate which the Town may own by virtue of proceedings for the enforcement of tax liens.

Article 38. To see if the Town will vote to authorize the Treasurer and Board of Selectmen to release and convey in the name of the Inhabitants of the Town of Hampden, to the owner, at the time of assessment of the tax, of real estate, on which the lien for said tax has been enforced, and redemption expired, or to his heirs, devisees, or assigns, the right, title and interest acquired by the Town in and to any such real estate on payment of the amount of taxes, interest and charges due on the respective parcels.

Article 39. To choose a Fire Chief and raise and appropriate money for the salary of the Fire Chief.

Article 40. To see if the Town will vote to enlarge and improve the fire station at the Upper Corner and see what sum of money the Town will vote to raise and appropriate for that purpose.

Article 41. To see what sum of money the Town will vote to raise under the provisions of Sections 190 to 200 inclusive, Chapter 1, of the Public Laws of 1933, known as "Mother's Aid Law."

Article 42. To see if the Town will vote to raise two thousand dollars (\$2,000) to retire two sewer bonds due October 1, 1942.

Article 43. To see if the Town will vote to raise four hundred and ninety dollars (\$490) to pay the interest on the sewer bonds, payable as follows: two hundred and forty-five (\$245) dollars due April 1, 1942; and two hundred and forty-five (\$245) dollars due October 1, 1942.

Article 44. To see if the Town will vote to authorize the Selectmen to hold and pay to the Tax Collector, one-half of the amounts on town warrants for labor performed by persons who are in arrears for taxes, until such taxes are paid.

Article 45. To see if the Town will vote to cooperate with the Trustees of Hampden Academy and the State to provide physical education in all schools in the Town, and raise the sum of two hundred and eighty dollars (\$280) for that purpose.

Article 46. To see if the Town will vote to guarantee five per cent (5%) interest on the ten thousand dollars (\$10,000) Stetson Fund, and raise and appropriate money for that purpose.

Article 47. To see if the Town will elect one Trustee of the George Stetson Fund to serve for three (3) years. (The term of R. G. Leonard expires.)

Article 48. To see if the Town will vote to instruct the Selectmen to give the Hampden Village Improvement Society authority to hire and superintend the work of a man to work in Locust Grove Cemetery, in addition to the sexton appointed by the said Selectmen.

Article 49. To see if the Town will approve the organization of a Cemetery Corporation.

Article 50. To see if the Town will vote to accept from the Estate of Belle L. Myrick the sum of one hundred dollars (\$100), the income therefrom to be expended annually for the perpetual care of the Belle L. Myrick Lot in Locust Grove Cemetery in Hampden.

Article 51. To see if the Town will vote to accept from the City of Bangor the sum of two hundred dollars (\$200), the income therefrom to be expended annually for the perpetual care of the graves moved from the City of Bangor gravel pit Lot and which are now located in the East Hampden Cemetery.

Article 52. To see if the Town will vote to accept from the Estate of Arthur W. Ellingwood the sum of one hundred dollars (\$100), the income therefrom to be expended annually for the perpetual care of the Arthur W. Ellingwood Lot in Locust Grove Cemetery in Hampden.

Article 53. To see if the Town will vote to accept from the Estate of Ella F. Packard the sum of one hundred dollars (\$100), the income therefrom to be expended annually for the perpetual care of the Ella F. Packard Lot in Locust Grove Cemetery in Hampden.

Article 54. To see if the Town will vote to accept from Henry S. Hardy the sum of two hundred dollars (\$200), the income therefrom to be expended annually for the perpetual care of the Hardy Lot in Locust Grove Cemetery in Hampden.

Article 55. To see if the Town will vote to raise and appropriate the sum of two hundred dollars (\$200) for the purpose of buying a marker, a bronze plate to be put on a boulder, to be placed in a plot in front of the Town Hall, in memory of soldiers gone from this town in the past and present.

Article 56. To see if the Town will vote to appoint a committee of twelve citizens to cooperate with the Selectmen in preparing and presenting at the next annual Town Meeting a budget for said meeting.

Article 57. To transact any other business that may properly come before said meeting.

Given under our hands this twenty-fifth day of February, 1942.
Selectmen of the Town of Hampden.

T. R. McDONOUGH,
GEORGE A. HAMLIN,
JOSEPH W. HOIT,
R. G. LEONARD,
HAROLD D. MILLER,

The Fire Department, under Mr. Brickett as assistant chief, has attended:

- 32 chimney fires
- 1 fire out of town (Dixmont)
- 4 house fires
- 1 truck fire
- 1 barn fire
- 22 grass and woods fires

We have now organized the Hampden Fire Company and are just beginning to function, having had several meetings, and are to be taught by Mr. Constantine or his assistants of the Bangor Fire Dept., and all the other fire departments near as are interested enough to help us in any way they can.

Hoping you appreciate the difficulties we have labored through and are now working, I am,

Truly yours,
J. B. LEWIS,
Chief of Fire Department.

This is in regard to the lower rate on insurance policies.

February 20, 1942.

Mr. Joseph B. Lewis
Town Agent
Hampden, Maine
Dear Sir:

We appreciate your prompt reply to our letter of February 16th. We are now forwarding this matter to our Rating Division for action.

Very truly yours,
P. C. CHARNOCK, Asst. Manager.
By W. H. Merchant.

STATE OF MAINE FOREST SERVICE

Land Office, Augusta

February 25, 1942.

In view of the coming forest fire season and the extra hazards created by the war, I wish to request that you use greater care in burning brush.

Please get a permit from the Town Agent before doing so.

CHARITIES

I have not overdrawn the account but have not reduced it as much as I wished, partly owing to one family of seven children, who cost upward of \$1,000 this year. I did everything I could to force the parents to assume part of the cost of board and care but to no avail, although I went to the last extremity which I am ashamed to mention, it being against my better judgment and mercy. These children are being placed with the State soon, which will lessen the account.

There have been quite a few cases placed upon Old Age Assistance, and the Federal Stamps help a great deal, but places upon us much added work and responsibility, being a \$5,000.00 account with many reports, etc., to the State. There are no recipients who are able to work, although there is plenty of work we would like done. Cause of inability to labor is old age, sickness, youth and some other causes.

Hoping a better showing can be made next year,

Yours,

J. B. LEWIS, Town Agent,
Assistant to Overseers of Poor.

This letter is in defense of myself, as I overheard a criticism that was not constructive—it is in regard to the Russell case.

Miss Russell was placed with me as a town charge, although she had some property, value of which I leave you to judge. Miss Russell made over all the property she owned to the Town of Hampden, properly by warrantee deed. After she died, I sold the property to Mrs. Helen Craig for just what it cost the town to care for Miss Russell, plus cost of settling estate and bills, \$100 cash down and the balance at \$10 per month until paid for. Mrs. Craig has met her payments up to the time of the fire which destroyed the buildings. These buildings were insured by me for the town for \$500, and I expect when the insurance is paid to deduct what Mrs. Craig owes the town and surrender the balance and land to her.

Some question has arisen in regard to insurance—to those I will say—Contact Mr. Lester Foss, as of this date, February 23, 1942; he has agreed to care for any questions asked.

Sincerely,

J. B. LEWIS.

CEMETERIES

Owing to the death of Mr. Fred Sparrow, there was a change in management in Locust Grove Cemetery. We adopted the method of Orono of appointing three trustees and having a man to supervise the work at day wages. I have had some misunderstanding with the former caretakers, but I understand these cases are not unusual and will take care of themselves in time.

I have some sentiment in the care of cemeteries. I started with the idea of making the place beautiful, a place of rest, of eternal life, not just a graveyard, a place of the dead, and I think you will all admit we have made a good start.

Now, you will note, although handicapped to the extent of 74 lots, we have shown a balance and we had two men at work nearly all the time. This balance we wish to use in cemetery appliances to be used in all our town cemeteries without extra cost to users. We ask all the lot owners assistance in care of all lots in all yards.

Sincerely yours,

J. B. LEWIS,

Sec. to Cemetery Trustees.

GEORGE STETSON FUND

The town trustees of The George Stetson Fund make the following report:

Investment of the George Stetson Fund is in the hands of the trustees representing the town and is to be invested as the majority of these trustees direct. The custody of the fund has been in the hands of the trustees that represent the academy. The bonds, Mr. Snare has in a deposit box in the Merchants National Bank and the cash balance of the Stetson Fund was in the same bank. Then there was a sinking fund created for the sole purpose of making up any loss in the ten thousand dollars that the town promised to always keep intact. The cash balance of the Stetson Fund in the Merchants Bank was drawing $1\frac{1}{2}\%$, then 1% interest and in the last quarter of 1941 dropped to one half of one percent.

When your trustees met three years ago, they all voted to place this money in Savings Banks that were paying $2\frac{1}{2}\%$. This request was repeated several times, but Mr. Snare was not able to do it because he thought the Savings Banks would only take a small amount at a time. Your town trustees could not seem to get anywhere. After several requests for a meeting, we sent the following letter and the two boards of trustees met at the academy Jan. 21st 1942.

Hampden, Maine.
August 28, 1941.

Trustees of Hampden Academy,
Hampden, Maine.
Gentlemen:

The town trustees of the George Stetson Fund for the Hampden Academy want to state their position and ask your help to find out the true status of this fund.

For many years the town did not appoint any trustees to look after its interest in this fund which it had guaranteed to keep intact.

The town voted and instructed their trustees to make a true statement each year and put it in the town report. Mr. Snare has been connected with the Academy for many years as one of its trustees and treasurer. The trustees appointed by the town assumed their duties, having very little knowledge of this fund. We had several long meetings with Mr. Snare and he very patiently explained to us difficult items and conditions of the Stetson Fund. Some things that occurred before his connection with the Academy he of course could not explain.

At the end of each school year the Academy officials send to the state, a statement showing how the money received from the state is spent. Last year for the first time these accounts were audited by a regular state accountant and a copy was sent in to the state. This statement gave us some information.

There were 16 shares of Penn. R. R. Stock. The treasurer of the railroad writes that 14 shares were bought in open market in 1904, and 2 shares were bought in 1930. Mr. Snare says he does not know where the money came from that bought the 14 shares. It might have been from the Stetson Fund. There are 2 shares Mass. Utilities that Mr. Snare thinks did come from the Stetson Fund. We would like to know where these items belong. They have never been shown as part of the Stetson Fund.

A sinking fund was created a long time ago to be used to keep the \$10,000 fund intact, in case a loss was made in the fund from investments or other causes.

We would like to know more about the sinking fund. Who has charge of the deposits and withdrawals from it. There is over \$2000 of the Stetson Fund in the Merchants National Bank drawing 1% interest. The town trustees all asked Mr. Snare to place this money in savings banks that paid 2½%. This has not been done. It would save the town over \$30 a year when they pay the Academy the guaranteed \$500 interest on this fund.

During the last two years the town trustees have made with Mr. Snare's help as accurate a report of this fund to the town as possible.

We are asking you as a trustee of the Academy to work with us and help clear up some things we do not understand. We recognize the excellence and value of the Academy to the town and want to see it prosper. We suppose the records of the Academy, if available, would be a help.

Would you please advise us, if and when the town trustees could meet with you?

Very sincerely,

T. M. McDONOUGH,
R. G. LEONARD,
S. M. WOODARD,
H. L. BRUCE,

Town Trustees for the
George Stetson Fund.

We waited patiently for three years for our overworked state auditing department to send a man to investigate and advise us. Last fall they sent Mr. Parsons. He worked with the town trustees, and Mr. Snare and Dr. Weatherbee, trustees of the academy, and we have agreed on the following set-up of the George Stetson Fund.

To the money in the Merchants Bank drawing one-half of one percent, enough was to be added from the sinking fund to purchase three \$1,000 Government Bonds. These bonds would be registered and would pay $2\frac{1}{2}\%$ and mature in twelve years. These bonds are registered as a protection against theft. So we now have ten bonds of \$1,000 each in the fund. The interest, unless some of the other bonds are changed, would be the same for twelve years and the amount of interest due the academy from the town would also be the same each year. This settlement is up to January 1, 1942.

We find the Penn. R. R. stock and Mass. Utility stock mentioned in our letter of August 28 to the academy trustees is not a part of the George Stetson Fund. The town trustees, serving without pay, have spent much time and some money searching the records back over the fifty years since the Stetson Fund was given to the academy.

We hope our work will be of some benefit to the town and be useful as a matter of record for the future. Dr. Weatherbee, who was one of the academy trustees acting for the other members, with his knowledge of academy affairs and his desire to be fair to all, was a great help to us in making possible this settlement at this time.

It was also agreed that both the town and academy should open and keep an accurate account of this fund. It was also recommended by all that the interest due the academy each year should be paid on or before Jan. 10 each year.

The sinking fund that was in the Bangor Savings Bank was created by using some of the Stetson Fund that was left after bonds were purchased and is a part of the Stetson Fund. The academy is owned by the academy trustees.

STUART M. WOODARD,

R. G. LEONARD,

H. L. BRUCE,

Town Trustees for Stetson Fund.

STETSON FUND FOR 1942

To the cash balance of the Stetson Fund that was in the Merchants National Bank enough was added from the sinking fund to purchase three \$1,000 2½% Government Bonds.

The present status of the George Stetson Fund is as follows:

GEORGE STETSON FUND, JAN. 1, 1942

Bonds	Name	Numbers	Rate	Bought	Mature	Cost	Market Value	Value of Bonds	Yearly Int.
\$ 2,000	N. Y. Water Service	M3711	5%	1936	1951	101	101¼	\$2,010	100.00
2,000	So. Pac. Oregon Line	M4667							
		53125							
3,000	Portland Terminal	53126	4½	1936	1977	97⅞	53	1,060	90.00
		4369, 4370, 4374							
3,000	Government Bonds		4	1936	1961	101½	92	2,760	120.00
			2½	1942	1954	100	100	3,000	75.00
1,005	Sinking Fund—Interest is added to it each year							\$8,830	\$385.00
<u>\$11,005</u>							Balance to be paid by town	115.00	\$500.00

Under this re-investment the town's interest payment to the academy will be \$63.88 less than the previous year. On account of a delay in the purchase of the Government Bonds, the interest for this year may vary a few dollars.

March 7, An. 1803

An Act to establish an Academy in the Town of Hampden, within the County of Hancock, by the Name of The Hampden Academy.

Whereas John Crosby and others have subscribed the sum of three thousand four hundred dollars, for the purpose of erecting and supporting an Academy in the town of Hampden, in the County of Hancock.

Sect. 1. Be it enacted by the Senate and House of Representatives, in General Court assembled, and by the authority of the same, That there be, and hereby is established in the said town of Hampden, an Academy by the name of the Hampden Academy, for the purpose of promoting piety, morality and religion, and for the education of youth, in such languages and such of the liberal arts and sciences, as the Trustees herein named and their successors, shall from time to time direct: And that the Hon. David Cobb, Daniel Neal, John Crosby, Martin Kinsley, Robert Treat, Oliver Leonard, and Thomas Phillips, Esqrs., the Rev. Mr. Mason, of Castine; the Rev. Mr. Fisher, of Blue Hill; the Rev. Mr. Powers, of Penobscot; and the Rev. Mr. Mudge, of Orrington; Capt. Andrew Patterson, Capt. James Dudley, Andrew Grant, and Josiah Kidder, be, and hereby are incorporated into a Body Politic by the name of the Trustees of Hampden Academy, and that they and their successors shall be and continue a Body Politic and Corporate by the same name forever.

Sect. 2. Be it further enacted, That all the monies, lands or other property already subscribed and given, or which shall hereafter in any way be assigned or transferred to the said Trustees for the purpose aforesaid, or either of them, shall be confirmed to the said Trustees and their successors forever: And that the said Trustees may have and hold in fee simple, by gift, grant or otherwise, any lands or other estate, real or personal: Provided the annual income thereof shall not exceed the sum of five thousand dollars; and may sell and dispose of the same, and apply the rents and proceeds of the same in such way and manner as they shall deem most conducive to the promotion of the interest of the said institution.

Sect. 3. Be it further enacted, That the said Trustees shall have power from time to time to elect such officers of the said Academy as they shall judge necessary, and to fix the tenures of their respective offices—to remove any Trustees from the Corporation, when in their opinion he shall be incapable, by reason of age or otherwise, of discharging the duties of his office—to fill all va-

cancies in the said Corporation—to determine the time and places of the meetings of the said Corporation—the manner of notifying them, and the manner of electing and removing Trustees—to elect and prescribe the powers and duties of the officers of said Corporation—and to make and ordain reasonable rules and by-laws, not repugnant to the laws of this Commonwealth, with reasonable penalties for the good government of the said Academy.

Sect. 4. Be it further enacted, That the said Trustees may have a common seal, which they may renew or alter at pleasure; and that all instruments signed and sealed with such seal, delivered and acknowledged by the Secretary of the said Corporation by order of the said Trustees, shall be good and valid in law: And that the said Trustees may sue and be sued in all action, real, personal and mixed; and prosecute and defend the same to final judgment and execution, by and in the name of the said Corporation.

Sect. 5. Be it further enacted, That the number of Trustees shall never exceed the number herein incorporated as aforesaid, not be less than nine, five of whom shall be necessary to constitute a quorum for transacting business.

Sect. 6. Be it further enacted, That Daniel Neal, Esq., be, and hereby is authorized and empowered to fix the time and place for holding the first meeting of said Trustees, and to notify them accordingly.

(This Act passed March 7, 1803)

MASSACHUSETTS SPECIAL LAWS 1802-1805

Page 172

Abstract from Will of GEORGE STETSON, late of Bangor, Maine, deceased. Allowed Probate Court, Penobscot County, State of Maine, July Term, 1891. Recorded Vol. 154, Page 92:

“VIII. I give and devise to Hampden Academy the sum of ten thousand dollars (\$10,000) and I desire and direct my Executors named in this Will to pay said sum of \$10,000 to the Trustees of said Academy within two years after the proving of this Will on condition that the Town of Hampden, by a legal vote of said town duly authorized, will guarantee the safe keeping of said sum of \$10,000 and agree to pay an annual interest of not less than five per cent (5%), said interest to be paid to the Trustees yearly of said Academy for the purpose of sustaining and support of the school of said Academy, said town shall at all times furnish a good and sufficient bond to my Trustees named in this Will and to their ap-

proval, that said Town of said Hampden, and said Trustees of said Academy will fully comply with the conditions of this bequest. In case the said Town of Hampden and the said Trustees of said Academy shall not accept this bequest and fully comply with the conditions thereof within the time of three years after the proving of this Will, then my Executors and Trustees shall not pay the bequest and the said sum of \$10,000 shall revert to and be a part of the residue of my estate."

**In the Warrant for Town Meeting
March 14th, 1892**

Article 16: To see if the Town will vote to accept from the late George Stetson of Bangor, under the conditions of his will, the sum of ten thousand dollars in trust for Hampden Academy.

Vote on Article 16:

Voted:

1—That the Town of Hampden accept in trust for the Hampden Academy, the legacy of ten thousand dollars made by the Hon. George Stetson, late of Bangor, and voted:

2—That the Town of Hampden guarantees the integrity of the fund, amounting to ten thousand dollars and an annual interest of five per cent on the same, said interest to be paid to the Trustees of the Hampden Academy to be used for the benefit of said Academy.

3—That this fund, in memory of its generous donor, shall be known as the George Stetson fund.

4—Should the income rising from the said George Stetson fund any year exceed five per cent, the excess shall be held in reserve to be re-invested by the Trustees of said fund and held, together with any interest that may arise from said reserve, to make good any deficiency in the principal fund arising from any cause whatever, or to reimburse the Town of Hampden for any loss that it may sustain in guaranteeing the said five per cent upon the said ten thousand dollars. In case of any loss to the Town of Hampden arising from the guarantee set forth in section two of this ordinance, which the reserve fund above provided for is not sufficient to make good, the Trustees of said Academy to reimburse said Town, shall as a condition of said guarantees, pay to the Treasurer of said Town once each year, the sum of sixty dollars, or such part thereof as may be necessary until such loss be made good, said payment of sixty dollars not to extend beyond the maturity of a bond for one thousand dollars, given by the town of Hampden to the Trustees of Hampden

Academy bearing the date of March 15th, 1887. Should, however, at any time, the reserve fund become equal in amount to the principal fund, the entire income arising from both principal and reserve fund shall, so long as said reserve fund continues, equal in amount to said principal fund, and no longer be paid to the Trustees of the Hampden Academy in the manner hereinafter set forth.

5—The charge of this fund for and in behalf of the Town of Hampden shall be committed to a Board of Trustees to be styled the Trustees of the Hampden Academy Fund. This board shall be composed of the chairman of the Board of Selectmen of the Town of Hampden ex-officio, of the treasurer of the Hampden Academy ex-officio, and of three other members to be chosen in the following manner:

The legal voters of the Town of Hampden, at their annual town meeting on March 14th, 1892, shall elect three persons who shall be members of the Board of Trustees of the said Hampden Academy Fund from the time of said town meeting in 1892, as follows:

The first elected shall serve three years, the second elected shall serve two years and the third elected shall serve one year. Thereafter at each regular annual meeting of the Town, there shall be elected one person to serve three years. In every case the member of the board duly elected shall continue as such until his successor has been elected and qualified in his stead, and in case of a vacancy, a new member shall be chosen at the next ensuing annual town meeting, who shall serve for the remainder of the term which the person who has ceased to act was elected.

6—The Trustees chosen for the purpose and in the manner set forth shall be sworn to a faithful performance of their duties as such, shall receive no compensation for their services, and shall make the town each year a detailed report of the condition of the fund. Their report shall be printed with and form a part of the annual Report of the Officers of the Town.

7—No investments of said fund shall be made and no change in existing investments shall be made but by a vote of a majority of the entire board in favor of such investment or change at a meeting to which all the members of the board shall have been seasonably summoned to attend, such summons or notice being made in such manner itself prescribe.

8—The interest of said George Stetson fund under the conditions above set forth shall be paid by the Board of Trustees of the Hampden Academy Fund to the Treasurer of the Hampden Acad-

emy at least once in each year, in the manner and at such times as may be the most convenient to the Board of Trustees of the Hampden Academy Fund, but the Town not to be holden for the interest until three months after receipt of \$10,000.00, unless sooner invested by the Trustees of the Fund.

Following the adoption of the foregoing ordinance regulating the management of the George Stetson Fund, proceeded to elect the Board of Trustees of the Hampden Academy Fund.

Elected:

George Sweetser—for 3 years

Charles A. Fifield—for 2 years

D. M. Reed—for 1 year.

Private and special laws 1893, chapter 346, an act authorizing the town of Hampden to accept a legacy for the benefit of Hampden Academy:

Sec. 1. Town of Hampden authorized to accept legacy for the benefit of academy.

The town of Hampden in the county of Penobscot is hereby authorized to accept the legacy of ten thousand dollars for the benefit of Hampden Academy upon the terms and conditions named in the will of George Stetson and guarantee and give the bond therein named, and the vote of said town, passed March fourteen in the year of our Lord one thousand eight hundred and ninety-two, accepting said legacy and guaranteeing the interest on the same is hereby ratified and confirmed.

Sec. 2. This act shall take effect when approved.

Approved January 27, 1893.

Section 92, School Laws of Maine

This section says that under the conditions that appear to exist in such towns as Hampden that

“A joint committee shall be formed consisting of the superintending school committee of said town and an equal number of the trustees of the academy. Said joint committee shall be empowered to select and employ teachers for the academy, to fix salaries, to arrange the course of study, to supervise the instruction, and to formulate and enforce proper regulations pertaining to other educational activities of the school.”

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the S. S. Committee and Citizens of Hampden:

I hereby submit the report of your school department for the past fiscal year. This report includes the usual detailed statement of receipts and expenditures for the past year, and an estimate of the budget for the coming year.

STATISTICS

Some of the statistics that follow were taken from the returns made by your superintendent to the State for the school year ending July 1, 1941. Of course, this year's enrollment is slightly different.

At the end of the school year, three teachers were transferred as follows: Miss Nickerson to the East Hampden Intermediate school, Mrs. MacCrae to the Highlands Primary, and Miss Perry to the East Hampden Grammar. Three vacancies, occasioned by resignations, were filled as follows: Miss Green in the Center Grammar room, Mrs. Baker in the Penobscot school, and Mrs. Stubbs at the Upper Corner Grammar school.

Mrs. Stubbs is a Farmington Normal graduate and has had several years of successful teaching experience in the Brewer and Corinth schools. Miss Green, a teacher of much experience, is a graduate of the North Dakota Teachers College.

The teachers are faithful and efficient, and are doing a splendid job. No other group of workers could be more conscientious. At this time when a labor shortage is so apparent, we are indeed fortunate in having so many strong, resident teachers. If we had to go out of town for our teachers, our instruction would cost us much more.

As an incentive for further training, teachers, at the end of the school year, were offered a substantial increase in salaries for summer school attendance. This proved an incentive; of eighteen elementary teachers, fourteen took advantage of the offer. Thirteen attended the University of Maine and one Farmington Normal. During the fall term, Mrs. Baker took the six-week exchange course at Castine Normal. While she was away, the work in the Penobscot school was carried on by the exchange teacher, Miss Shirley Piper.

As the fall term opened one week later than was customary, this report shows that teachers and conveyance drivers have been paid for only thirty-five weeks. However, the balance in the common schools account is just about enough to cover the extra week. Our school year will continue to be thirty-six weeks in length.

I am glad to include the report of the public health nurse, Miss Katherine Donley. As her report explains everything that might call for explanation, there is nothing for me to add except to say Miss Donley has shown a great interest in the health condition of the school children. I trust the town will see fit to make the small appropriation requested, if possible, in order that this important work may continue. The child's health is his greatest asset.

Since the opening of the fall term, Mrs. Arno Bowley, an art teacher of much experience, has conducted classes in drawing in several of the rooms without expense to the town. The cost of instruction has been taken care of either by the school or the individuals taking the courses. Drawing is an important subject and it is hoped that the work this year may arouse a desire for similar courses to be taught throughout town at public expense.

In January, 1941, we were notified that our part of the State Equalization Fund was be \$2,147, for the coming year. Later, in May, we received word that this had been increased to \$5,339, the amount which we actually received in December.

After careful consideration, your school officials decided to buy a school bus in order that the large group of pupils at Hampden Center and West Hampden might be conveyed with greater comfort and safety. The bus, a Chevrolet chassis and Wayne body, was purchased at a cost of \$2,100. A similar bus today would cost around \$2,800. The bus was put on the road at the beginning of the fall term and is giving very satisfactory service. It is doing the work that two conveyances had previously done, and the cost has been cut a third.

From the Equalization Fund we have also bought English work-books, library books, three sets of maps, social science work-books, new music books, a new basal reading method, material for visual education, and taken care of the increase in teachers' salaries. According to a notice from the State Department of Education, we shall receive from the Equalization Fund \$3,853 for the coming year.

For the past twenty years, the Beacon reading method has been used in our schools as a basal for primary grades; it was not a new method when we adopted it. As the time was approaching when the charts, many of which are the worse for wear, would have to be replaced, it seemed advisable to make a change at this time. The Elson-Gray method with all the necessary materials, including charts and work-books, has been bought and the new method is ready to be put into the schools.

Because of wear, it was also necessary to replace the music books. In place of "The Music Hour," which we have used for several years, we now have "Singing Days." Without doubt, many copies of "The Music Hour" that are in fair condition will continue in use for supplementary work.

School lunches are still being served in the several schools. These have been supplemented, as in the past, by federal surplus commodities. I trust that the efforts the teachers put forth to make these lunches available are appreciated.

Mr. Louis Stearns and Mrs. Katherine Hickson are giving much time and thought to the study of the protection of the school children in case of air raids. This matter may be more serious than we realize. I hardly need ask for the cooperation of all, for I feel that it is already assured.

The cost of repairing has been kept to a minimum. Two schoolhouses were painted, the Hardy Hill and Holmes buildings. As it has always been difficult to heat properly the Holmes school, it was thought best to jacket the stove; this was done and the result has been most satisfactory. Repairs of lesser importance were made elsewhere.

At a board meeting, held in October, it was voted to assist the Hampden Highlands Parent-Teacher Association to the extent of \$150 from the repairs fund for the purpose of installing water in the building. As this has not been called for, our balance is somewhat larger than we expected it to be. Our offer, however, will hold good providing our appropriation is large enough to make such assistance possible.

We gratefully acknowledge the contribution of \$100 from Mr. Harold Pierce for a fence along the front of the playground at Hardy Hill. The fence, which was badly needed because of the almost constant traffic past the building, has been built and has made it possible for the children to play in greater safety.

In conclusion I want to take this opportunity to thank the members of the S. S. Committee, the municipal officers, parents, teachers and friends for their loyalty and the many courtesies shown me. It is only with such cooperation that the present high standard of education can be maintained in our schools.

Respectfully submitted,

C. H. GRANT,
Superintendent of Schools.

ANNUAL REPORT OF PUBLIC HEALTH NURSING—1941

Public Health Nursing is concerned with securing and maintaining better health for all members of the community. Recognizing that whatever is done to assure physical and mental health during maternity, infancy, childhood and youth will affect the health of the adult population, we have, as in the past, placed most emphasis on the work with the pregnant mother, the infant and the pre-school child.

The part of the Public Health Nurse in the school health program is to serve in an advisory capacity, to suggest sources of authentic material for health teaching, to suggest ways and means of correlating health teaching with the regular school curriculum, and in the case of communicable disease to demonstrate the formal inspection, to aid in the control of communicable disease by arranging for immunization programs. In several instances meetings have been held with the teachers at which various phases of school health work was discussed and demonstrated.

During the past 10 months, 5 prenatal mothers and 8 postpartum mothers have been visited, at the request of the attending physician, to help them carry out his instructions, or when not under a physician's care to explain to them the importance of early and continued medical care. Plans for confinement were discussed with the prenatal mothers and the postpartum mothers were assisted in fitting the new baby into the family routine.

Eighteen visits have been made to young infants to explain the importance of keeping the baby under medical supervision, to plan a daily schedule and routine, to stress the importance of immunization and vaccination as an important step in disease prevention.

One hundred four pre-school visits were made with special attention to carrying on work and instructions begun in infancy.

Eighteen home visits were made in the interest of school children to follow-up defects found in school and home.

Several crippled children have been given the opportunity to attend the State Bureau of Health, Crippled Children's Service Clinic in Bangor and the Exercise Center in Brewer.

The State Bureau of Health in cooperation with the McKinley P.T.A. held a Child Health Conference in July at which 17 children were examined, in addition to the examining physician and nurse, a dental hygienist was present and gave individual dental instruction. Fourteen children received the diphtheria innoculation.

Four hundred fifty-five school, pre-school children and adults availed themselves of the opportunity of having the tuberculin test this fall. There were 19 positive reactors who are to be X-rayed soon.

Considerable tuberculosis work has been done with individual families, tuberculin testing, etc.

Regular visits are being made to the schools to discuss problems and health teaching methods with the teachers. A joint meeting was held with the teachers and the District #4 Health Department personnel, at which special emphasis was placed on communicable disease control.

Plans are now under way for testing the hearing of the school children, including the Academy, with the Audiometer. The Snellen method of vision testing is to be demonstrated for the Academy teachers on January 7.

KATHERINE DONLEY,
Public Health Nurse.

HAMPDEN WATER DISTRICT

To the Selectmen of the Town of Hampden and residents of the
Hampden Water District:

Gentlemen:

At the annual election John H. Perry was unopposed for re-election and will serve as a director for a full term of five years.

At the annual meeting of the directors the same officers were elected.

Work on the installation of new services started early and continued until the ground froze. Fortunately the District was able to procure enough material so that this work was not interrupted. There is still stock enough on hand to take care of any normal demand during 1942.

During the Spring and Summer P. M. Nickerson attended a sixteen week engineering defense training course for water works operators at the University of Maine. As authorized by the U. S. Office of Education a certificate was awarded him for having satisfactorily completed the course.

In relation to National Defense, the district has been required to purchase enough materials so that any damage to the system could be repaired in a very short time, also extra care has been taken to insure the safety of the water for domestic purposes. A night watchman has been employed for the pumping station.

The reports of the Superintendent and Treasurer which follow show the amount of work done and the financial condition of the district.

Yours truly,

THOMAS A. MURRAY,

President.

Report covering maintenance cost and general information relative to operation as respectfully submitted to the Trustees of the
Hampden Water District by P. M. Nickerson for the year 1941

TO OUR SERVICE MEN

To the sons of Hampden now serving the United States of America in World War 2 this report of our Town is affectionately dedicated. From Hampden 174 young men have entered some branch of military service; seven others are performing hazardous duty in the merchant marine. There will be other names to be added to the list.

We send our greetings to you all in entire confidence that you will perform your full duty and honor your town, maintaining the high record of patriotic loyalty that Hampden has achieved in all the nation's wars.

We shed a tear for gallant Jimmy Snodgrass and all our other young men for whom a star of gold may shine, but find consolation in the knowledge that our Hampden boys in service are offering their lives that freedom and liberty may stand, are ready to yield the last full measure of devotion for God and their native land.

We salute you, soldiers, sailors, airmen and marines, with just pride in your patriotic service. We shall welcome you happily when you return after Justice triumphs.

WARRANT

STATE OF MAINE

Penobscot, ss.

To ERNEST E. DARLING, a Constable of the Town of Hampden,
in said County of Penobscot:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Hampden, qualified by law to vote in town affairs, to assemble at the Town Hall in said Hampden, on Monday, the eighth day of March, 1943, at nine-thirty (9:30) o'clock in the morning, to act on the following articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To see if the Town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor, School Committee, and Superintendent of Schools.

Article 4. To see if the Town will vote to adopt the Town Agent form of town management for the fiscal year 1943 and 1944.

Article 5. To see if the Town will vote to instruct the Selectmen to hire a Town Agent for the ensuing year, whose duty it shall be to act as Agent for the Selectmen, Assessors and Overseers of the Poor; to act as Tax Collector; to act as Road Commissioner; to exercise control over all departments of the Town, and to perform all other duties that may be prescribed by the Selectmen.

Article 6. To choose three or more Selectmen, Assessors, and Overseers of the Poor for the ensuing year.

Article 7. To see what sum of money per day the Town will vote to pay the Road Commissioner or Commissioners for services.

Article 8. To choose one or more Road Commissioners for the ensuing year.

Article 9. To choose a member of the School Committee for the ensuing three years.(the term of Lydia Cahill expires).

Article 10. To choose a Building Inspector, and one or more Fire Wardens.

Article 11. To choose a Treasurer of the Town and all other Town Officers except a Collector of Taxes.

Article 12. To see if the Town will vote to accept bid on collection of taxes; if acceptable bond can be furnished.

Article 13. To choose a Collector of Taxes.

Article 14. To see what sum of money the Town will vote to raise to pay for collection of taxes.

Article 15. To determine what sum of money the Town will vote to raise by taxation for the following purposes for the ensuing year:

For the support of Common Schools.

For the repair of Schoolhouses.

For the employment of a music teacher for the public schools.

For the support of the poor.

For the support of children committed to the State.

For the support of dependent children under provision of Mother's Aid Law.

For roads and bridges, summer.

For roads and bridges, winter.

For street lights.

For interest on notes.

For State Road patrol.

For care of cemeteries.

For salaries of Town officers.

For maintaining and operating fire apparatus.

For incidental and unusual expenses.

Article 16. To fix the compensation of the Superintendent of Schools, and any other officers and raise money for these purposes.

Article 17. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Hampden Academy the tuition of pupils qualified to attend such school in accordance with the provisions of Chapter 19, Section 92, of the Revised Statutes, and raise and appropriate money for that purpose.

Article 18. To see if the Town will vote to raise sixty (60) dollars for F. G. Flagg Post Relief Corps for Memorial Day purposes.

Article 19. To see what sum the Town will raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, and Chapter 169 of the Public Laws of 1937, and under the provisions of Section 3, Chapter 229, of the Public Laws of 1937.

Article 20. To see if the Town will vote to authorize the Assessors to rescind any amounts appropriated by the Town for State Aid Highway Construction in excess of the amount required to meet State Apportionments.

Article 21. To see what sum, if any, the Town would recommend to take from the Joint Fund for the Construction of State Aid Highways for the purpose of applying bituminous surface treatment to State Aid Highways in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Article 22. To see what sum the Town will raise and appropriate for the maintenance of third class highways as provided in Sections 5 and 6, Chapter 229, Public Laws of 1937.

Article 23. To see what sum of money the Town will raise and appropriate to cut and remove all trees, shrubs, and useless fruit trees, bushes and weeds growing between the road limit and the wrought part of any improved section of State Highway, State Aid Highway, and Third Class Highway locations, as provided in Section 4, Chapter 229, Public Laws of 1937.

Article 24. To see what sum of money the Town will raise and appropriate for the purpose of cutting and removing brush on crossroads.

Article 25. To see if the Town will vote to raise two hundred dollars (\$200.00) to cooperate with the Maine Forest Service and the Federal Government in the control of white pine blister rust within the confines of the Town.

Article 26. To see if the Town will raise and appropriate one hundred and eighty-six dollars (\$186.00) for public health nursing in Hampden; said money to be expended by the State Bureau of Health for local service.

Article 27. To see what sum of money the Town will raise and appropriate for Civilian Defense to be expended under the direction of the Civilian Defense Council.

Article 28. To choose one Trustee of the George Stetson Fund to serve for three years (the term of S. M. Woodward expires).

Article 29. To see if the Town will vote to guarantee five per cent (5%) interest on the ten thousand dollar (\$10,000.00) Stetson Fund, and raise and appropriate money for that purpose.

Article 30. To see if the Town will vote to authorize and direct the Selectmen in the name of the Inhabitants of Hampden to contract with the Hampden Water District for water service for the fire hydrants.

Article 31. To see what sum of money the Town will raise and appropriate for hydrant rental.

Article 32. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow during the ensuing year, in anticipation of, and to be paid out of, the taxes of the current year, 1943 and 1944, a sum not exceeding fifteen thousand dollars (\$15,000.00) and to execute and deliver the negotiable note or notes of the Town therefor.

Article 33. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money for temporary purposes, and to execute and deliver the note or notes of the Town therefor.

Article 34. To see what action the Town will take to pay or retire the notes of the Town now outstanding.

Article 35. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money to renew the notes of the Town now outstanding.

Article 36. To see if the Town will vote to authorize the Treasurer and Board of Selectmen to sell and convey in the name of the Inhabitants of the Town of Hampden, the interest in any real estate which the Town may own by virtue of proceedings for the enforcement of tax liens.

Article 37. To see if the Town will vote to authorize the Treasurer and Board of Selectmen to release and convey in the name of the Inhabitants of the Town of Hampden, to the owner, at the time of assessment of the tax, of real estate, on which the lien for taxes has been enforced, and redemption expired, or to his heirs, devisees, or assigns, the right, title and interest acquired by the Town in and to any such real estate on payment of the amount of taxes, interest and charges due on the respective parcels.

Article 38. To see what provision the Town will make to improve the heating facilities in the East Hampden School building, and raise money for that purpose.

Article 39. To see if the Town will vote to raise two thousand dollars (\$2,000.00) to retire two sewer bonds due on October 1, 1943.

Article 40. To see if the Town will vote to raise four hundred and twenty dollars (\$420.00) to pay the interest on the sewer bonds, payable as follows: Two hundred and ten dollars (\$210.00) due April 1, 1943; and two hundred and ten dollars (\$210.00) due October 1, 1943.

Article 41. To see if the Town will vote to authorize the Selectmen to hold and pay to the Tax Collector one half of the amounts on town warrants for labor performed by persons who are in arrears for taxes, until such taxes are paid.

Article 42. To see if the Town will ratify and approve the action of the Selectmen in withdrawing Cemetery Trust Funds from the Eastern Trust & Banking Company, the Merrill Trust Company, and Bangor Savings Bank and investing said Trust Funds in United States Defense Bonds.

Article 43. To see if the Town will vote to accept from the estate of Levi A. Jennings the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Levi A. Jennings lot in Locust Grove Cemetery in Hampden.

Article 44. To see if the Town will vote to accept from the estate of Dorothy V. Gilmore the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Frank and Claudia Gilmore lot in Locust Grove Cemetery in Hampden.

Article 45. To see if the Town will vote to accept from the estate of Leslie N. Sparrow the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Timothy C. Sparrow lot in Locust Grove Cemetery in Hampden.

Article 46. To see if the Town will vote to accept from Dr. Harry Butler the sum of one hundred and fifty dollars (\$150.00), the income therefrom to be expended annually for the perpetual care of the Butler lot in Locust Grove Cemetery in Hampden.

Article 47. To see if the Town will vote to accept from the Miller Heirs the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Miller lot in Lakeview Cemetery in Hampden.

Article 48. To see if the Town will vote to accept from Herbert Dickey the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Herbert Dickey lot in Locust Grove Cemetery in Hampden.

Article 49. To see if the Town will vote to accept from Herman Erickson the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Herman Erickson lot in Locust Grove Cemetery in Hampden.

Article 50. To see if the Town will vote to accept from George W. Littlefield the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Oliver Littlefield lot in Locust Grove Cemetery in Hampden.

Article 51. To see if the Town will vote to appoint a Committee of twelve citizens to cooperate with the Selectmen in preparing and presenting at the next Annual Meeting a budget for the year 1944 and 1945.

Article 52. To transact any other business that may properly come before said meeting.

Given under our hands this twentieth day of February, 1943.

Selectmen of Hampden,

By THOMAS R. McDONOUGH
GEORGE A. HAMLIN
WARREN B. GOODELL
JOSEPH W. HOIT
PERCY E. SEVERANCE
CLAYTON E. COUILLARD
LOUIS C. STEARNS, 3d.

FIRE DEPARTMENT

Feb. 20, 1943.

To the Selectmen of the Town of Hampden:

The following is the report of the activities of the Fire Department.

Early in the spring the men who had volunteered for the Fire Department met and organized. They were divided into three companies: one at the Highlands, one at Hampden, and the third at East Hampden. Each company met once a week and practiced with the equipment until they became used to working with it. Then during the fall the whole department took the auxiliary fireman's course under Lt. James Conway of the Bangor Fire Department and later they all took a first aid course under Dr. Weatherbee.

During the year the department was called to 64 fires: 35 chimney fires, 12 grass fires, 7 house fires, 5 dump fires, 3 oil burners, 1 woods fire, and 1 car fire.

We have added some equipment to what was already on the truck, as follows:

- 1 50-ft. extension ladder
- 1 16-ft. roof ladder
- 200 ft. of 2½-inch hose
- 200 ft. of 1½-inch hose
- 6 fire fighters
- 2 H. C. goggles
- 6 smoke masks
- 1 1-inch play pipe
- 1 fog nozzle for 1-inch play pipe
- 1 adapter for booster hose
- 1 2-wheel trailer

I want to thank the boys of the department for the manner in which they have cooperated in making the department a success.

Yours truly,

THOMAS A. MURRAY, Chief.

TOWN TRUSTEES' REPORT

On the George Stetson Academy Fund

We submit the following report from Austin W. Snare, treasurer of the Hampden Academy. We find it concise and correct.

There has been no change in the investment of these funds.

Your Town Trustees feel that it would be patriotic and good business to invest all these funds in government bonds.

STEWART WOODWARD
HAROLD BRUCE
F. R. McDONOUGH
R. G. LEONARD

ACADEMY FUND

The U. S. Defense Savings Bonds were dated as of Feb. 1, 1942. Hence only one payment of interest has been made thus far.

The income from the bonds of the fund for 1942 is as follows:

2	N. Y. Water Service Corp.	\$100.00
2	So. Pacific Co.	90.00
3	Portland Terminal Co.	120.00
3	U. S. Defense Savings Bonds	37.50
		<hr/>
10		\$347.50
	Balance interest due from Hampden to Jan. 1, 1943	152.50
		<hr/>
		\$500.00

The interest on the Sinking Fund for 1942 was as follows:

April 1	\$10.05
Oct. 1	10.15

The amount of the Sinking Fund (Bangor Savings Bank deposit No. 101602) is now \$1,025.20.

All of the above securities are in the safe deposit box at the Merchants National Bank.

Very truly yours,

A. W. SNARE

REPORT OF TOWN CLERK

BIRTHS

1942	Name	Sex	Place of Birth

AUDITOR'S REPORT

February 25, 1943

To the Inhabitants of the Town of Hampden:

We have audited the accounts and records of the Town of Hampden for the year ended February 10, 1943, and submit herewith the following:

- Exhibit A Comparative Balance Sheet
- Exhibit B Cash Receipts and Disbursements
- Exhibit C Assessment, Valuation and Commitment
- Exhibit D Statement of Departmental Accounts
- Exhibit E Analysis of Change in Net Debt

We examined or tested accounting records of the town and other supporting evidence by methods and to the extent we deemed appropriate. We did not, however, confirm by correspondence the uncollected taxes or accounts receivable.

In due course other exhibits and supporting schedules, together with our comments thereon, will be submitted to you.

In our opinion, the accompanying comparative balance sheet presents fairly the position of the Town of Hampden as at February 10, 1943.

Very truly yours,

PAUL A. SMITH,

PS:TC

Public Accountant and Auditor.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the S. S. Committee and Citizens of Hampden:

I hereby submit the report of your school department for the past municipal year. This report includes the usual detailed statement of receipts and expenditures for the past year, and an estimate of the school budget for the coming year.

STATISTICS

Some of the statistics that follow were taken from the returns made by your superintendent to the State for the school year ending July 1, 1942. The enrollment for the current year is necessarily somewhat different.

ENROLLMENT

	Boys	Girls	Total
School Census	378	401	779
Sub-primary	27	38	65
Grade I	30	23	53
Grade II	22	29	51
Grade III	25	33	58
Grade IV	26	30	56
Grade V	26	22	48
Grade VI	28	28	56
Grade VII	21	15	36
Grade VIII	40	29	69
Number graduating from grades	38	21	59
Aggregate attendance (elementary)			79,238
Average daily attendance			440
Number of pupils conveyed			119
Average annual salary			\$676.00
Average annual salary (State 1941)			\$787.54

FINANCIAL STATEMENT

Vera Patterson	22	440.00	22.00	2.80	415.20
Roxine Patterson	22	396.00	19.80	2.10	374.10
Teachers' Retire. Asso.					167.40
Victory Tax					46.70
Total					\$12,569.50

The above payroll shows that deductions for teachers' retirement amount to \$211.90. It also shows that the amount paid on or before July 1, 1942 is \$167.40, which obviously includes deductions for only fourteen weeks, from March 1, 1942 to July 1, 1942, of this year's salaries. The amount now owed to the Teachers' Retirement Association for deductions made since school opened in September, twenty-two weeks, is \$146.80.

At the end of the school year Mrs. Grace White, an excellent primary teacher who had taught at the East Hampden several years, retired. Miss Lucy A. Perry, the teacher in the East Hampden Grammar School, was given a leave of absence for a year in order that she might take a high school position in Hermon. Mr. Day resigned from the Coldbrook School to accept a position in the six-year high school in Hermon. Mrs. Ellingwood, the primary teacher at the Center, because of transportation difficulty resigned to accept a place nearer home. Miss Green also resigned as teacher of the grammar school at the Center. In filling the vacancies thus created, Mrs. McCrae was transferred to the Center primary room, Mrs. Downes to the Center grammar room, and Mrs. Vera Patterson, who had been given a year's leave of absence, re-

turned to the Highlands primary room. The fall term opened with three new teachers, Miss Josephine Gray in the primary room at East Hampden, Mrs. Roxine Patterson in the Wing school, and Miss Ethel Campbell in the Coldbrook school. All had had previous experience in teaching.

In spite of the emergency occasioned by war conditions, the work is progressing most satisfactorily. The teachers are faithful and conscientious and show a wonderful spirit of cooperation. There is, as you know, a shortage of labor, and especially of good teachers. Efficient teachers are of vital importance in the field of education, and each year it is increasingly difficult to fill vacancies occurring in the summer or during the school year. Thus far we have been fortunate in securing good instruction, instruction that compares favorably with that of previous years, and certainly that of surrounding towns. Because of the almost insurmountable difficulty of securing good teachers, we should appreciate all the more the excellent progress being made by our resident teachers.

The salaries paid in the elementary schools of Hampden are low compared with the average for the state. Unless they are substantially increased, it may not be possible to fill all vacancies that are likely to occur. In some towns schools have been closed for lack of teachers. At this time it is impossible to predict what heights teachers' salaries will reach, but we must be prepared to match our salaries with those of other towns if we expect to maintain our schools at the present standard of efficiency.

We have had notice from the State Department of Education that Hampden will not share in the Equalization Fund the coming year, the reason given being "Tax rate below average." In a letter, received at the same time, Dr. Harry V. Gilson, Commissioner of Education, had this to say: "You will note that the average of tax rates for the support of schools in the state for the current year is .01402 as compared with .01301 for the preceding year. This sharp upward trend in appropriations has resulted in some towns which have shared in equalization being ineligible for equalization in 1943." It seems to me this sounds a note of warning which we can hardly afford to disregard, for, without doubt, school appropriations throughout the state will be larger this coming year than they were last.

Because we are shut out from the equalization fund it will be necessary to increase our school budget. Teachers' salaries are bound to increase and the cost of wood will be much higher than

it has been in the past. This report shows that the amount paid for wood is \$1,039, with unpaid bills estimated at \$400.

It may be that through legislative action a larger amount will be forthcoming from the State-School Fund, as a bill now before the legislature will, if it becomes a law, increase the amount we receive for each teaching position from \$100 to \$190, provided the teacher's salary is not less than \$20 a week.

Considerable difficulty has been experienced with heating during the past winter, more than ever before. The East Hampden school has had to close several days for lack of heat. For this reason the school officials are recommending a special appropriation to improve the heating facilities in that building.

Defense Stamps have been sold in seventeen schools.

The value of stamps and bonds bought by school children since the opening of the fall term, as reported by teachers, is as follows:

Holmes	\$427.10
Hardy Hill	200.00
West Hampden Grammar	156.30
Upper Corner Primary	150.00
Upper Corner Grammar	145.00
East Hampden (3 rooms)	125.00
Highlands Primary	120.00
Highlands Grammar	120.00
Upper Corner Intermediate	100.00
Center Grammar	99.00
West Hampden Primary	80.80
Penobscot	56.20
Center Primary	54.60
Wing	52.50
Arey's Corner	50.00

The schools have taken part in five rationing programs: sugar, gasoline (2), fuel oil, and canned fruits and vegetables. These programs have been successfully carried out through the efficiency of the registrars and the cooperation of the registrants. The schools also had a very successful scrap drive. At this time I wish to express my appreciation to all for their courtesy and cooperation during these programs.

I am including in this report the report of the public health nurse, Miss Georgia J. Patterson. From this it will be clear what

has been done along health lines in the schools. I feel that we have received good value for our money and hope that the town will manifest its desire to see the work continue by making a small appropriation for this purpose.

In closing, I want to thank the members of the S. S. Committee, municipal officers, teachers, parents, and friends for their loyalty and cooperation, which have helped to make the work of the past year pleasant and worthwhile.

Respectfully submitted,

C. H. GRANT,

Superintendent of Schools.

REPORT OF THE PUBLIC HEALTH NURSE 1942

The present war emergency has made it more important than ever that each member of the family and community keeps in the best possible health. To this end the Public Health Nurse uses her time in your township. The health protection of the prenatal mother, the infant, and the preschool age child is of first importance. However, the health of the school child is emphasized through cooperation with parents and school authorities in planning for better health services to him.

Many visits were made to mothers before baby was born for the purpose of helping secure necessary equipment for confinement, stress importance of early medical care and help to carry out the doctor's orders. This is the time when care to the mother is most beneficial, both for her health and baby to be born.

Follow-up work was done on mothers after the baby was born to emphasize the importance of rest, adequate diet and a return visit to the doctor to ascertain if mother is in good condition.

There were ninety-one visits made to infants to help mother establish routine, interpret doctor's orders and assist mother to introduce new foods into the baby's diet during growth.

A total of one hundred and fifteen health supervision visits to preschool children were made. This is the time to begin making corrections if any are needed, so we might send a healthier child to school.

Those cases that had positive reaction to the tuberculin skin tests last year and were X-rayed have been followed as recommended by the doctor.

Hearing tests by use of the audiometer were done last January in the schools. From time to time those visits were made to parents of school children in order to explain need of dental, vision, hearing correction and to guard against communicable diseases.

Whenever necessary we have referred children to the Pediatric and Crippled Children's Clinics sponsored by the State Bureau of Health.

In July a child health conference was conducted by the State Bureau of Health and the McKinley P. T. A. Most of the defects found have been corrected. Immunization for diphtheria and smallpox were given at this time.

One of the valuable accomplishments this year has been the organizing of a Health Committee. Following is the report submitted by the chairman of this committee.

Hampden Health Committee was organized in May 1942 under the guidance of our Public Health Nurse, Miss Patterson. This committee of twelve is made up of a representative from each organization in town. By such a representation we hope to benefit equally all sections of Hampden.

At the organization meeting plans for community protection were discussed. One project was the Typhoid Inoculation Clinic held in August at three different places each week, the Town Hall, the Horace Mann School at East Hampden, and the West Hampden Schoolhouse. Miss Patterson and Dr. Weatherbee were assisted by members of the committee. Three hundred and one men, women and children received the inoculations. We wish many more had done so. The material was furnished by the State Bureau of Health and the Benevolent Society. The doctor gave his services.

In November the committee sponsored a public meeting at the Town Hall with a lecture by Miss Dorothy Bryant, Acting Director of the Dental Division of the State Bureau of Health. She spoke on "Dental Health." From this meeting we base our next project, namely, "Our Children's Dental Health." As the year progresses we hope to present to you a program offering help and improvement.

ESTHER SPAULDING, Chairman.

Public Health Nurse.

HAMPDEN WATER DISTRICT

To the Selectmen of the Town of Hampden and Residents of the
Hampden Water District:

At the annual election Melden A. Patterson was unopposed for reelection and will serve as a Trustee for a full term of five years.

At the meeting of the directors following the election the following officers were elected: Thomas A. Murray, President; Walter E. Whitney, Treasurer; Melden A. Patterson, Clerk.

Because of the difficulty in obtaining material and the scarcity of labor, it is becoming more and more difficult to do outside work, and the Trustees of the District would appreciate it if you would be as patient as possible in waiting to have your work done.

The report of the Treasurer and Superintendent will follow.

Yours truly,

THOMAS A. MURRAY; President.

Report covering maintenance cost and general information relative to operation as respectfully submitted to the Trustees of the Hampden Water District by P. M. Nickerson for the year 1942.

FOREWORD

In presenting the fifth annual report of the Town of Hampden under the Town Agent form of government, I have listed, following this statement, the financial background of this town's affairs for the past year as best I can, owing to time and assistance.

First, I would like to go back five years, when I first took office. We were in almost chaos. We were sorely in debt. We were without many things which we sorely needed. We were in debt over our legal limit, and for that reason we could not borrow money advantageously, but within a short time we overcome this handicap. I do not claim credit here, because I had and still have seven good advisors who have worked with me as one. We have not had one word of dissension; that is saying a great deal, but it is true. But what I mostly wish to bring to your attention is the fact that we are now out of debt—notes are all paid, bills are all paid, and Hampden Academy has paid its old account. Old temporary loans are all cancelled. In fact, we owe nothing but Sewer Bonds, and they are a bonded debt, payable annually. We all feel pleased over this situation and rightly so, looking back over the struggle the past five years. We have had droughts and floods, washouts galore, but we have never called an extra town meeting to raise extra funds as many towns about us have. We just took what we had and used it to the best advantage we knew how to use it. Sometimes I was criticized, but not condemned. I've made mistakes. I expected to, because everybody does, but when I look back and see what we have done I am amazed. The roads, the schools, the Town Hall, the cemetery and its addition and tool shed, the tools for the winter and summer roads and the fire department—they all total a tidy sum.

I thank all the societies of the town for the way they have helped and are helping the town. I wish to remember my dear friends who have passed away during the past five years and not forget the great assistance they gave me and the town.

I suppose I could ramble on indefinitely, but will not tire you more. I thank my superiors and all the townspeople for the consideration they have given me.

JOSEPH B. LEWIS,
Town Agent.

Feb. 19, 1944.

HAMPDEN CIVILIAN DEFENSE HISTORY

Under the able direction of Louis C. Stearns, 3rd, several training units were set up and about 200 public spirited citizens qualified as wardens, messengers, firemen, first aid workers, motor corpsmen and home nurses.

Those who qualified in the various defense services were organized into an active unit on April 4, 1942.

The unit worked very efficiently and many incidents were handled. The townspeople cooperated splendidly in obeying the rules and regulations which were necessary to fulfillment of the program.

Due to the geographical layout of the town it was necessary to use sirens on cars as a warning system, three cars being used to cover the major portion of the town. This system was complemented by an alarm on the entire telephone system. The all-clear signal was given by ringing of church and school bells.

In July, 1943, Mr. Stearns was called to the colors and William A. Richardson was appointed to take over his duties.

Under his direction the unit was reorganized and a defense council was set up as follows:

Commander and Chief Air Raid Warden	William A. Richardson
Assistant Chief Air Raid Warden	John A. Snell
Fire Chief	Thomas Murray
Public Utilities	Paul Nickerson
Chief of Messengers	Clyde Jones
Citizens Service Corps Chairman	Ruth G. Stearns

This coordination of the various services has helped to create a smoothly functioning unit which continues to enjoy the respect and support of all of the townspeople.

The town may well be proud of the part it has played in the defense of the State and its people.

The above history of your local organization was requested by the State Historian of Civilian Defense, and will become part of an historical document to be filed in the State archives.

I would like to take this opportunity to thank all who have helped make this an efficient service; also to remind them that we are to remain on alert for any calls that the army may see fit to make.

Thank you all again.

W. A. RICHARDSON,
Commander.

WARRANT

STATE OF MAINE

Penobscot, ss.

To JOSEPH B. LEWIS, a Constable of the Town of Hampden, in said County of Penobscot:

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Hampden, qualified by law to vote in town affairs, to assemble at the Town Hall in said Hampden on Monday, the 13th day of March, 1944, at nine-thirty o'clock (9:30) in the morning to act on the following articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To see if the Town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor, School Committee and Superintendent of Schools.

Article 4. To see if the Town will vote to adopt the Town Agent Form of town management for the fiscal year 1944 and 1945.

Article 5. To see if the Town will vote to instruct the Selectmen to hire a Town Agent for the ensuing year, whose duty it shall be to act as Agent for the Selectmen, Assessors and Overseers of the Poor, to act as Tax Collector, to act as Road Commissioner, and to exercise control over all departments of the Town, and to perform all other duties that may be prescribed by the Selectmen.

Article 6. To choose three or more Selectmen, Assessors and Overseers of the Poor for the ensuing year.

Article 7. To see what sum of money per day the Town will vote to pay the Road Commissioner or Commissioners for services.

Recommended, 70c per hour.

Article 8. To choose one or more Road Commissioners for the ensuing year.

Article 9. To choose a member of the School Committee for the ensuing three years.

Article 10. To choose a Building Inspector, and one or more Fire Wardens.

Article 11. To choose a Treasurer of the Town and all other Town Officers except a Collector of Taxes.

Article 12. To see if the town will vote to accept bid on collection of taxes; and if acceptable bond can be furnished.

Article 13. To choose a Collector of Taxes.

Article 14. To see what sum of money the Town will vote to raise to pay for collection of taxes.

Article 15. To determine what sum of money the Town will vote to raise by taxation for the following purposes for the ensuing year:

	Recommendations of Budget Committee
For the support of Common Schools	\$16,000.00
For the repair of Schoolhouses	1,000.00
For the employment of a music teacher for the public schools	
For the support of the poor	4,000.00
For the support of children committed to the State	1,200.00
For the support of dependent children under the provisions of Mother's Aid Law	1,400.00
For roads and bridges, summer	5,500.00
For roads and bridges, winter	2,000.00
For street lights	936.00
For interest on notes	
For State road patrol	900.00
For care of cemeteries	200.00
For salaries of town officers	3,300.00
For maintaining and operating fire apparatus	1,000.00
For incidental and unusual expenses	2,000.00

Article 16. To fix the compensation of the Superintendent of Schools and any other officers, and raise money for these purposes.

Recommended \$540.00.

Article 17. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Hampden Academy the tuition of pupils qualified to attend such school in accordance with the provisions of Chapter 19, Section 92, of the Revised Statutes, and raise and appropriate money for that purpose.

Recommended \$8,500.00.

Article 18. To see if the Town will vote to install a steam-heating plant in McKinley School in 1944, and appropriate money for this purpose.

Recommended \$1,200.00.

Article 19. To see if the Town will vote to raise sixty dollars (\$60) for the F. G. Flagg Relief Corps for Memorial Day purposes.

Recommended \$60.00.

Article 20. To see what sum the Town will raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, and Chapter 169 of the Public Laws of 1937, and under the provisions of Section 3, Chapter 229, of the Public Laws of 1937.

Recommended \$900.00.

Article 21. To see if the Town will vote to authorize the Assessors to rescind any amounts appropriated by the Town for State Aid Highway Construction in excess of the amount required to meet State apportionments.

Article 22. To see what sum, if any, the Town would recommend to take from the Joint Fund for the Construction of State Aid Highways for the purpose of applying bituminous surface treatment to State Aid Highways in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Article 23. To see what sum the Town will raise and appropriate for the maintenance of third class highways as provided in Sections 5 and 6, Chapter 229 of the Public Laws of 1937.

Recommended \$620.00.

Article 24. To see what sum of money the Town will raise and appropriate to cut and remove all trees, shrubs and useless fruit trees, bushes and weeds growing between the road limit and the wrought part of any improved section of State Highway, State Aid Highway, and Third Class Highway locations, as provided in Section 4, Chapter 229 of the Public Laws of 1937.

Recommended \$400.00.

Article 25. To see what sum of money the Town will raise and appropriate for the purpose of cutting and removing brush on crossroads. **Recommended \$200.00.**

Article 26. To see if the Town will vote to raise two hundred dollars (\$200.00) to cooperate with the Maine Forest Service and the Federal Government in the control of white pine blister rust within the confines of the town. **Not recommended.**

Article 27. To see if the Town will raise and appropriate one hundred and eighty-six dollars (\$186.00) for public health nursing in Hampden; said money to be expended by the State Bureau of Health for local service. **Recommended \$186.00.**

Article 28. To see what sum of money the Town will raise and appropriate for Civilian Defense to be expended under the direction of the Civilian Defense Council. **Not recommended.**

Article 29. To choose one Trustee of the George Stetson Fund to serve for three years.

Article 30. To see if the Town will vote to guarantee five per cent (5%) interest on the ten thousand dollars (\$10,000.) Stetson Fund, and raise and appropriate money for that purpose.

No action.

Article 31. To see if the Town will vote to authorize and direct the Selectmen in the name of the Inhabitants of Hampden to contract with the Hampden Water District for water service for the fire hydrants.

No action.

Article 32. To see what sum of money the Town will raise and appropriate for hydrant rental. **Recommended \$5,110.00.**

Article 33. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow during the ensuing year, in anticipation of, and to be paid out of, the taxes of the current year, 1944-1945, a sum not exceeding fifteen thousand dollars (\$15,000.00) and to execute and deliver the negotiable note or notes of the Town therefor.

Article 34. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money for temporary purposes, and to execute and deliver the note or notes of the Town therefor.

Article 35. To see what action the Town will take to pay or retire the notes of the Town now outstanding. **No action.**

Article 36. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money to renew the notes of the Town now outstanding. **No action.**

Article 37. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to sell and convey in the name of the Inhabitants of the Town of Hampden the interest in any real estate which the Town may own by virtue of proceedings for the enforcement of tax liens.

Article 38. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to release and convey in the name of the Inhabitants of the Town of Hampden, to the owner, at the time of assessment of the tax, of real estate on which the lien for taxes has been enforced, and redemption expired, or to his heirs, devisees, or assigns, the right, title and interest acquired by the Town in and to any such real estate on payment of the amount of taxes, interest and charges due on the respective parcels.

Article 39. To see if the Town will vote to raise two thousand dollars (\$2,000.00) to retire two sewer bonds due on October 1, 1944. **Recommended \$2,000.00.**

Article 40. To see if the Town will vote to raise a sum sufficient to pay the interest on the sewer bonds, payable on April 1, 1944, and on October 1, 1944.

Article 41. To see if the Town will vote to authorize the Selectmen to hold and pay to the Tax Collector one-half of the amounts on town warrants for labor performed by persons who are in arrears for taxes, until such taxes are paid.

Article 42. To see if the Town will ratify and approve the action of the Selectmen in withdrawing Cemetery Trust Funds from the Eastern Trust & Banking Company, the Merrill Trust Company, and the Bangor Savings Bank and investing said trust funds in United States Defense Bonds.

Article 43. To see if the Town will vote to accept the road leading to the Condukeag Canoe Club in Hampden, as a town road.

Article 44. To see if the Town will vote to raise and appro-

priate a sum of money for the purpose of flooding the Hinckley Pond at Hampden Upper Corner to be used for skating purposes.

Not recommended.

Article 45. To see if the Town will vote to accept on behalf of the Inhabitants of the Town a gift of the American Benefit Hall (located back of the Town Hall), and to repair the same and put it in use for any town purpose or purposes.

Article 46. To see if the Town will vote to raise and appropriate the sum of one hundred dollars (\$100.00) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine, in accordance with the provisions of Chapter 5, Section 82 of the Revised Statutes of Maine. **Not recommended.**

Article 47. To see if the Town will vote to raze the buildings on the south side of the Town Hall, and allow the Hampden Highlands Garden Club to beautify the grounds by planting shrubs, etc.; and to see if the Town will vote to raise and appropriate a sum of money to help the Garden Club to carry out its plans in connection therewith. **Recommended that the Town bear expense of tearing down buildings. Money to be taken from incidental fund.**

Article 48. To see if the Town will vote to extend the present sewer from a point opposite the Methodist Church on the Kennebec Road to a point opposite the residence of Thomas Baker, and appropriate a sum of money necessary for this purpose.

Not recommended.

Article 49. To see if the Town will vote to raise the sum of two hundred dollars (\$200.00) to use in 1944 to start making repairs on the west end of the Johnny Baker Road, so-called; with further appropriations therefor to be made in the following year.

Not recommended.

Article 50. To see if the Town will vote to instruct its Selectmen and its Road Commissioner to take proper measures to care for water crossing the State Road at Riverview Cemetery, in East Hampden, to prevent certain damages resulting therefrom to a private right-of-way to the property of Alvah Giles and Stafford Duncan, on the river side of the State Road.

Article 51. To see if the Town will vote to authorize and instruct its Selectmen to purchase, for the Town, a four-wheel drive, three-ton truck (approximate cost being \$4,000) to push the snow plow and to haul the road grader. **Not recommended.**

Article 52. To see if the Town will ratify and approve the action of its Selectmen in using the State Aid Road account for 1943, for tarring a third class road, on the back Winterport road, and thereby saving the base of that road.

Article 53. To see if the Town will vote to erect a light on the corner of the Patterson Road (or Grover Road) and Route No. 9.

Article 54. To see if the Town will vote to accept from Tom Carmichael the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the family lot in Lake View Cemetery.

Article 55. To see if the Town will vote to accept from Sears Littlefield the sum of one hundred and fifty dollars (\$150), the income therefrom to be expended annually for the perpetual care of the family lot in the Locust Grove Cemetery.

Article 56. To see if the Town will vote to accept from Charles H. Rogers the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Neally and Rogers lot in the Neally's Corner Grave Yard.

Article 57. To see if the Town will vote to accept from Mrs. Mary L. Eddy of Beverly Hills, California, the sum of fifty dollars (\$50.00), the income therefrom to be expended annually for the perpetual care of the Hiram Sylvester lot in Locust Grove Cemetery, in which Mrs. Eddy's mother is buried.

Article 58. To see if the Town will vote to appoint a Committee of Twelve Citizens to cooperate with the Selectmen in preparing and presenting at the next Annual Meeting a budget for the year 1945 and 1946.

Article 59. To transact any other business that may properly come before said meeting.

Given under our hands this twenty-ninth day of February, 1944.

Selectmen of Hampden,

By THOMAS R. McDONOUGH,
GEORGE A. HAMLIN,
JOSEPH W. HOIT,
CLAYTON E. COUILLARD,
WARREN B. GOODELL.

A true copy:

Attest:

JOSEPH B. LEWIS.

TOWN TRUSTEES REPORT ON THE GEORGE STETSON FUND

We submit the following report from Walter E. Whitney, Treasurer of the Hampden Academy. We find it concise and correct.

There has been some change in the investment of these funds. Your Town Trustees feel that it would be patriotic and good business to invest all of these funds in Government Bonds.

STUART WOODARD,
HAROLD BRUCE
T. R. McDONOUGH,
R. G. LEONARD,

Hampden Academy.

Upon April 19, 1943 recommendation was given by the Messrs. Woodard, Leonard and McDonough to sell the N. Y. Water Service Corp. bonds and buy U. S. Series G. Defense Bonds, on May 8, 1943, the N. Y. Water Service Bonds were sold, later in May, 1943 the U. S. Series G, Defense Bonds were bought.

The income from these bonds for 1943 is as follows:

2 N. Y. Water Service Corp. (accrued int.)	\$ 49.72	
2 So. Pacific	90.00	
3 Portland Terminal Co.	120.00	
U. S. Defense Bonds	100.00	
	<hr/>	\$359.72
Bal. Int. due from Hampden to Jan. 1, 1944		140.28
		<hr/>
For 1943		\$500.00

Interest on Sinking was as follows:

April 1	\$10.25
Oct. 1	10.24

The amount of the Sinking Fund for 1943, Bangor Savings Bank Deposit No. 101602, is now \$1,034.69.

All of the above Securities are in the safe deposit box at the Merchants National Bank.

Respectfully submitted,

WALTER E. WHITNEY,
Treasurer.

STETSON FUND JAN 1st, 1944

2 Southern Pacific bonds	\$2,000.00
3 Portland Terminal bonds	3,000.00
5 Series G. Gov't bonds	5,000.00
Sinking fund, Bangor Savings Bank	1,034.69

Since our last report two New York Water Service bonds have been sold and two Series G. government bonds purchased. These bonds are kept in the Merchants National Bank by Walter E. Whitney, treasurer of the Academy.

R. G. LEONARD,
T. R. McDONOUGH, ex-officio,
STUART M. WOODARD,

Town Trustees of the
George Stetson Fund.

AUDITOR'S REPORT

February 26, 1944.

To the Inhabitants of the Town of Hampden:

We have audited the accounts and records of the Town of Hampden for the year ended February 10, 1944 and submit herewith the following:

Exhibit A Comparative Balance Sheet

We examined or tested accounting records of the town and other supporting evidence by methods and to the extent we deemed appropriate. We did not, however, confirm by correspondence the uncollected taxes or accounts receivable.

In due course other exhibits and supporting schedules, together with our comments thereon, will be submitted to you.

In our opinion, the accompanying comparative balance sheet presents fairly the position of the Town of Hampden.

Very truly yours,

PAUL A. SMITH,
Public Accountant and Auditor.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the S. S. Committee and Citizens of Hampden:

I hereby submit the report of your school department for the past municipal year. This report includes the usual detailed statement of receipts and expenditures for the past year, and an estimate of the school budget for coming year.

STATISTICS

Some of the statistics which follow were taken from the returns made to the State by the superintendent of the school year ending July 1, 1943. The enrollment for the current year is, of course, somewhat different.

ENROLLMENT

	Boys	Girls	Total
School Census	395	358	753
Sub-Primary Grade	32	22	54
Grade I	17	27	44
Grade II	24	23	47
Grade III	18	27	45
Grade IV	17	26	43
Grade V	26	26	52
Grade VI	27	26	53
Grade VII	25	24	49
Grade VIII	17	14	31
Number graduating from grades	17	14	31
Aggregate attendance (elementary)			69908.5
Average daily attendance			388.38
Number of pupils conveyed			88
Average annual salary			689.25
Average annual salary (State 1942)			860.55

Although a substantial increase in the common schools appropriation was made last March, the receipts have been inadequate to meet all the demands made upon them. As a result, your report shows that teachers and drivers of conveyances have been paid for only thirty-five weeks. Janitors' salaries amounting to \$124 are also being held back, and a small wood bill. It is safe to assume that the cost of maintenance of your school department will increase each year until the end of the war, and probably longer. One illustration may be enough to convince you of this fact the cost of fuel for the year ending in 1943, as shown in the annual report, was \$1,039 compared with \$1,937.90, the amount spent during the past year.

Although high wages are being paid for skilled and unskilled labor in war industries, our best paid teachers are working for the paltry amount of \$22.00 per week; the rest are receiving \$21.00. A small increase in salaries was made last year, but they are still disgracefully low, and provision should be made to make a further increase possible.

Another expense which we shall probably have to meet before long is more money for full time janitors, especially in the two and three-room buildings. The drivers of school conveyances, too, should receive more for their services. Those drivers who furnish their own conveyances are confronted with higher operating expenses; this is particularly true of repairs which are becoming more costly each succeeding year.

Today we are operating under wartime conditions. A large majority have realized this and have not entered complaints unless such complaints have been fully justified. Attention is called to a large group of patient, loyal parents who have cooperated wholeheartedly in conservation of gas for the school conveyances. Let us hope that the time is not distant when they will have their reward in improved services.

There is, however, a smaller group, much in the minority, who seem somewhat concerned about trivial things. It should be remembered that we have a war to win, and sacrifices must be made if the children who are now in school are to be saved from the dire effects of future wars. At this time, when so many schools are being closed for lack of teachers, a town is fortunate indeed if all the schools are kept open.

Just now the war with its consequent teacher shortage makes it increasingly difficult each year to carry on the educational pro-

gram satisfactorily, and to maintain the high standards to which we have become accustomed. In rural communities this is especially noticeable for teachers of even mediocre ability can have a greater choice as to location, grade and salary than ever before, and who can blame them for taking advantage of this rare opportunity which to them seems nothing less than marvelous?

Another feature which enters the picture is the fact that while teachers' salaries have increased scarcely perceptibly, the price of board has practically doubled in some instances. In some cases board is unobtainable at any cost. It would seem that the parents should feel some responsibility in securing a convenient, comfortable boarding place for their teacher and at a price that is reasonable, and commensurate with the salary she is receiving.

Despite these seemingly insuperable obstacles, our schools are making good progress because of the efficiency of our teachers, and the results are comparable with those of previous years. At this time we should appreciate the faithful efforts of our local teachers, teachers whose loyalty and ability are unquestioned, teachers who, if they cared to make a change, could advantageously do so, both financially and professionally. Let us try to realize this, and recognize the worth of these conscientious teachers now, rather than have it forcefully brought to our attention when it is too late, when some other town takes them from us by offering more attractive positions and salaries approximately double those which are here being paid them.

It must be remembered that from now on, the new teachers we hire from other towns will probably not be among the best in the profession, because we can offer no incentive that will compare with the alluring positions which are daily becoming vacant elsewhere.

Again Defense Stamps are being sold in the schools. The amounts of sales in the different schools, as reported by teachers, are as follows:

Upper Corner	\$419.65
East Hampden	321.65
Highlands Grammar	264.35
Highlands Primary	58.10
Hardy Hill	161.50
Holmes School	137.85
Arey's Corner	113.55

Hampden Center	113.00
West Hampden	161.70
Penobscot School	14.00
Wing School	35.00

It is encouraging to note that some of your leading citizens are becoming interested in, and openly advocating a centralized school building which would assure all children in town of adequate and equal school privileges. Such a building should include, besides the regular classrooms, flush toilets, steam heat, a lunch-room, and, possibly, a gymnasium with showers. Perhaps all this sounds a bit visionary, but visions are necessary if progress is to be made. The signs of the times would seem to indicate that within ten years after the end of the present world conflict, an effort will be made throughout the state for complete consolidation of schools in towns where consolidation is possible. Why not give this matter your careful consideration now and be ready to act when the time seems propitious?

"How is the Equalization Fund reckoned?" is a question that many people want answered. Here is an excerpt, taken from the "Maine State School Bulletin," which is published at Augusta by the State Department of Education.

"This year the average of school rates is .01485, and the average of municipal rates is .05789. Towns having a rate for school maintenance equal to or exceeding .01485 will share in equalization in December 1944, provided the basic measure of .013 on the state assessed valuation of the town fails to produce the minimum educational program as provided for in our State Equalization Law; i.e., \$940 per elementary unit, \$1405 per secondary unit."

Here is a comparative table of the three towns with which we are primarily concerned:

	School Tax Rate	Municipal Rate	Equalization for 1943	Equalization for 1944
State	.01485	.05789		
Hampden	.01495	.0670		\$1,122.00
Hermon	.01671	.0590	\$5,278.00	4,164.00
Levant	.01819	.0680	2,820.00	2,758.00

From the above table, it should be apparent that to insure sharing in the equalization, towns should make appropriations large

enough to keep their school tax rate well above what they estimate the average school tax rate for the state will be. No one can at present, foresee what this rate will be, but, without doubt, next year it will be more than it was this year, .01485, because many towns will find it necessary to make larger appropriations this year in order to meet the increase in cost of maintenance or else as a protective measure. Attention is called to the Hampden school tax rate which is precariously near the border line. It is hoped that all will note the danger signal and heed the warning.

At the last town meeting an appropriation of \$750 was made to improve the heating conditions at East Hampden. Plans were made to insulate the ceilings and install a double run of sash upstairs. The insulating was done at a cost of \$225, but it has been impossible to secure labor for the rest of the job. If this balance of \$525 should be available next year, we feel confident that the double run of sash will be installed.

Adequate general repairs have not been made because carpenters for the work have not been available.

Arrangements were made to install flush closets at the Highlands, the P. T. A. to pay for the Primary room, the estimated cost being \$281.11, and the town to take care of the expense for the upstairs which is estimated at \$235.88. Again conditions have been such that it has not been possible to get the project completed. However, our offer will hold good next year if sufficient funds are raised.

If flush closets are to be installed at the Highlands, however, it seems advisable to recommend a new heating plant in the building. Provisions must be made for continuous heat during the winter months in order to prevent the pipes from freezing. The Atlantic-Clarion Stove Co. has looked over the situation and I here quote from their letter: "The only right way to heat this building would be with two wood-burning furnaces. The ceiling is not high enough to allow sufficient pitch on the pipes otherwise." They estimate the cost with five hot-air runs upstairs and five downstairs between \$750 and \$800, providing state regulations do not enter in; but, of course, state regulations will have to be considered. As hot air furnaces have not proved altogether satisfactory in the three-room buildings, it seems advisable at present recommend steam or hot water.

As we have not been able to get the necessary repairing done, we have a good balance in this department. However, we are ask-

ing for an appropriation of \$1000, hoping that labor will be available for this purpose next year. A thousand dollars could easily be spent on the Upper Corner building alone as the basement and foundation are in a deplorable condition and the roof will probably need shingling. The building in the so-called Wing District also should be extensively repaired. The front sill is badly decayed and a part of the plaster has already fallen from the ceiling. It is recommended that the walls and ceiling be sheathed. All buildings are in great need of minor repairs, and several should be redecorated.

Through the efforts of the various communities, lights have been installed in the building on the Coldbrook Road, the water was installed in the buildings at the Upper Corner and the Highlands. Now all school buildings in town have lights. During the past year, two Parent-Teacher Associations have been organized, at East Hampden and the Upper Corner, making three in all. It is gratifying to see so much interest shown in schools by their several communities. The town should recognize the effort these workers are making and give them all possible assistance.

Miss Georgina Patterson, the public health nurse, is constantly in touch with the schools. She is a most conscientious worker and much is being done along public health lines. I trust an appropriation will be made for this purpose for the coming year. An expression of appreciation should also be extended to Dr. Weatherbee who never fails to respond to calls for assistance from the schools.

I am glad to include Miss Patterson's report and also the report of Mrs. Esther Spaulding, Chairman of the local Health Committee.

CONCLUSION

This is the twenty-fourth annual report I have submitted for your school department. In spite of the many problems that have called for solution, these six years have been very happy years. Whatever improvements that may have been made in your school system during this period, have been due in no small measure to the splendid, wholehearted cooperation of the taxpayers and friends of education. In making appropriations, the town has been most liberal, and this has been of the utmost importance as funds are necessary for the successful operation of any worthwhile, public project. The members of the S. S. Committee have been capable, willing, loyal and interested helpers, and have put forth their best efforts in behalf of the schools.

At this time I wish to thank those who have worked with me so faithfully and patiently in the interest of education. These good friends include the board members, all other municipal officers, parents, teachers, and last but by no means least, the children whose friendly attitude, and courteous manners have ever been a source of inspiration.

Respectfully submitted,

C. H. GRANT.

REPORT OF THE PUBLIC HEALTH NURSE—1943

Public health nursing is concerned with securing and maintaining better health for all members of the community. Knowing that whatever is done to assure physical and mental health during maternity, infancy, childhood and youth will affect the health of the adult population, we have, as in the past placed the most emphasis on the work with the pregnant mother, the infant, and the pre-school child. If we stress health protection at these periods we are paving a healthy road on which the child entering school will travel. With the scarcity of doctors and with those who are holding forth on the home front doing double duty it is our responsibility to keep well.

Visits to mothers before the baby was born have been made to stress the importance of early medical care, to help carry out the doctor's order and to help secure the necessary equipment for the confinement. A decrease in the death rate of expectant mothers is the result of early medical care. Let us work for a greater decrease.

Visits were made to mothers after the baby was born to emphasize the importance of returning to the doctor for an examination and to help in adjusting the daily routine so she will get the proper rest and diet.

Many visits were made to young infants to urge the mother to keep the baby under medical supervision, to have him immunized against diphtheria and vaccinated against smallpox. When necessary, assistance was given the mother in planning a daily schedule for the baby. Special emphasis was placed in the prevention of communicable diseases which take such a heavy toll in childhood.

Under the Crippled Children's program arrangements were made to handicapped children to receive treatment. Follow up visits were made to assist in carrying out treatment and to help children make the most of their handicap. In some of these cases great improvement has been shown.

Hearing tests were given by the audiometer to one hundred ninety-five students in the fall. There are still a few to be tested.

It is hoped that in the following year an immunization program can be followed out in the schools.

This past year the Hampden Health Committee in connection with the State Bureau of Health has sponsored monthly Child Health Conferences. These, so far, have proven very satisfactory. Much

credit is due the committee members who have given their time, so faithfully, for this project.

A committee composed of members of the McKinley School Parent Teachers Association with the public health nurse assisting sponsored a Child Health Conference in June. This was primarily for the children entering school in the fall. Many children attended and were given a good physical examination by the attending physician.

It is encouraging to note the many organizations in your town interested in health work as a community project. The assistance given by these groups help in the accomplishments of the year.

GEORGINA PATTERSON,

Public Health Nurse.

Following is a report of your local Health Committee Chairman:

Hampden Health Committee has started its second year with the same group of officers.

At a meeting held at Harmony Hall in July it was decided to sponsor monthly child health conferences for the benefit of infants and preschool children. They are being held at Hampden Highlands Methodist Church and Horace Mann School in East Hampden alternating months. As protective measures smallpox and diphtheria immunizations are offered at these conferences. Plans are under way to offer whooping cough immunizations early in 1944.

After several committee meetings were held to work out plans for a dental program the scarcity of dentists made it necessary to give up the project for the time being.

Respectfully submitted,

ESTHER SPAULDING,

Chairman.

HAMPDEN FIRE DEPARTMENT

Hampden Highlands, Me.
Feb. 1, 1944.

To the Selectmen:

Gentlemen:—

The following is my report as Chief of the Hampden Fire Department.

During the year the department has answered 72 calls, as follows:

Out of town	3
House fires	8
Chimney fires	24
Grass fires	29
Woods fires	4
Brooder house	1
Dump	2
Automobile	1
	—
	72

Three of the grass fires set fire to buildings and did minor damage. Three of the chimney fires set fire to the buildings. Neither of these is included in the house fires listed above.

I wish to take this opportunity to thank the members of the department for the fine support that they have given me. I also wish to thank Mr. Harold Pierce for the generous donation which made possible the banquet served to the firemen.

Some new equipment has been purchased during the year, namely:

- 300 ft. of 1½ inch hose
- 1 wrecking bar
- 1 nozzle for booster
- 2 gallons Pyrene
- 6 charges for chemical tanks
- 5 replacements for Indian fire fighter

I would like to impress upon each of the citizens of the Town that in case of fire call the Hampden Telephone operator and tell her who you are, where the fire is, and what it is. She will then call the necessary men. Do not call any member of the department.

Respectfully submitted,
THOMAS A. MURRAY, Chief.

HAMPDEN WATER DISTRICT

Hampden Highlands, Maine

February 10, 1944.

To the Selectmen and Citizens of Hampden:

Gentlemen:

The following is my report as President of the Hampden Water District.

At the annual election held on the second Monday in May, Gordon Woodward was re-elected to serve as trustee of the district for a full term of 5 years.

At the annual meeting of the trustees, Thomas A. Murray was elected president, Walter E. Whitney, treasurer, and Melden A. Patterson, clerk.

The amount of work done, and the financial standing of the Water District are shown in the reports of the Superintendent and Treasurer which follow.

Respectfully submitted,

THOMAS A. MURRAY, President.

FOREWORD

In presenting this, my first report as Agent for the Selectmen of the Town of Hampden, Maine, I wish to thank each and every one who have assisted me in any way, especially Mrs. Cahill, who passed away a short time ago.

This was an entirely new type of work for me and I have endeavored to do the very best I could and hope I have pleased my superiors.

Last year the Town had surplus of around \$7,000.00 with which we purchased Government Bonds as was voted in Town Meeting, we also invested \$1,500.00 of our Cemetery Trust funds in Bonds, this year we have not been so fortunate owing to things over which we had no control, although we have hired no money with which to pay our bills and to date our current bills are all paid.

Both our Summer and Winter Road Accounts are overdrawn, the summer road account owing to the rebuilding of the Thomas Bridge, which cost \$1,100.00, the Manning Bridge and Harding Brook Bridge being repaired, which cost more than we had anticipated, but had to be done. The Winter Acct. because of so many bad storms and in order to get men to work we were obliged to pay a higher wage. A few accounts have a small balance unexpended so after all things taken into consideration we feel that we haven't done too badly.

At this time we wish to express our appreciation to Eastern Star Grange for the tarring of the road from R 9 to the Grange Hall at an expense of \$364.00.

Again I thank you for your fine cooperation.

I remain,

Respectfully yours,

E. H. COLE.

WARRANT

STATE OF MAINE.

Penobscot, ss.

To ERNEST H. COLE, a Constable of the Town of Hampden, in
said County of Penobscot,

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Hampden, qualified by law to vote in town affairs to assemble at the Town Hall in said Hampden, on Monday the 12th day of March, 1945, at nine-thirty o'clock (9:30) in the morning to act on the following articles to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To see if the Town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor, School Committee and Superintendent of Schools.

Article 4. To see if the Town will vote to adopt the Town Agent form of town management for the fiscal year 1945 and 1946.

Article 5. To see if the Town will vote to instruct the Selectmen to hire a Town Agent for the ensuing year, whose duty it shall be to act as Agent for the Selectmen, Assessors and Overseers of the Poor, to act as Tax Collector; to act as Road Commissioner; and to exercise control over all departments of the Town; and to perform all other duties that may be prescribed by the Selectmen.

Article 6. To choose three or more Selectmen, Assessors and Overseers of the Poor for the ensuing year.

Article 7. To see what sum of money per day the Town will vote to pay the Road Commissioner or Commissioners for services.

Article 8. To choose one or more Road Commissioners for the ensuing year.

Article 9. To choose a member of the School Committee for the ensuing three years.

Article 10. To choose a Building Inspector and one or more Fire Wardens.

Article 11. To choose a Treasurer of the Town and all other Town Officers except a Collector of Taxes.

Article 12. To see if the Town will vote to accept bid on collection of taxes; and if acceptable bond can be furnished.

Article 13. To choose a Collector of Taxes.

Article 14. To see what sum of money the Town will vote to raise to pay for collection of taxes.

Article 15. To determine what sum of money the Town will vote to raise by taxation for the following purposes for the ensuing year.

For the support of Common Schools.

For the repair and insurance of Schoolhouses.

For the employment of a music teacher for public schools.

For the support of the poor.

For the support of children committed to the State.

For the support of dependent children under the provisions of the Mother's Aid Law.

For roads and bridges, summer.

For roads and bridges, winter.

For street lights.

For interest on notes.

For State Road patrol.

For care of cemeteries.

For salaries of town officers.

For maintaining and operating fire apparatus.

For incidental and unusual expenses.

Article 16. To fix the compensation of the Superintendent of Schools, and any other officers, and raise money for these purposes.

Article 17. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Hampden Academy the tuition of pupils qualified to attend such school in accordance with the provisions of Chapter 19, Section 92, of the Revised Statutes, and raise and appropriate money for that purpose.

Article 18. To see if the Town will vote to elect a committee of three (3) authorized to purchase in the name of the Town a heating plant for the Town Hall, not to exceed five thousand dollars (\$5,000.00) in total cost including installing and vote to appropriate the sum of one thousand dollars (\$1,000.00) for this purpose, and vote to authorize the Town Treasurer to borrow the balance, not to exceed four thousand dollars (\$4,000.00) in the name of the Town for this purpose.

Article 19. To see if the Town will vote to raise sixty dollars (\$60.00) for the F. G. Flagg Relief Corps for Memorial Day purposes.

Article 20. To see what sum the Town will raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, and Chapter 169 of the Public Laws of 1937, and under the provisions of Section 3, Chapter 229, of the Public Laws of 1937.

Article 21. To see if the Town will vote to authorize the Assessors to recind any amounts appropriated by the Town for State Aid Highway Construction in excess of the amount required to meet State apportionments.

Article 22. To see what sum, if any, the Town would recommend to take from the Joint Fund for the Construction of State Aid Highways for the purpose of applying bituminous surface treatment to State Aid Highways in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Article 23. To see what sum the Town will raise and appropriate for the maintenance of third class highways as provided in Sections 5 and 6, Chapter 229 of the Public Laws of 1937.

Article 24. To see what sum of money the Town will raise and appropriate to cut and remove all trees, shrubs and useless fruit trees, bushes and weeds growing between the road limit and the wrought part of any improved section of State Highway, State Aid Highway, and Third Class Highway locations, as provided in Section 4, Chapter 229, Public Laws of 1937.

Article 25. To see what sum of money the Town will raise and appropriate for the purpose of cutting and removing brush on crossroads.

Article 26. To see if the Town will vote to raise two hundred dollars (\$200.00) to cooperate with the Maine Forest Service and the Federal Government in the control of white pine blister rust within the confines of the Town.

Article 27. To see if the Town will raise and appropriate one hundred and eighty-six dollars (\$186.00) for public health nursing in Hampden; said money to be expended by the State Bureau of Health for local service.

Article 28. To see if the Town will vote to close the Penobscot School; also to close the Wing School.

Article 29. To choose one Trustee of the George Stetson Fund to serve for three years.

Article 30. To see if the Town will vote to guarantee five per cent (5%) interest on the ten thousand dollars (\$10,000.00) Stetson Fund, and raise and appropriate money for that purpose.

Article 31. To see if the Town will vote to authorize and direct the Selectmen in the name of the Inhabitants of Hampden to contract with the Hampden Water District for water service for the fire hydrants.

Article 32. To see what sum of money the Town will raise and appropriate for Hydrant rental.

Article 33. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen to borrow during the ensuing year, in anticipation of, and to be paid out of, the taxes of the current year, 1945-1946, a sum not exceeding fifteen thousand dollars (\$15,000.00) and to execute and deliver the negotiable note or notes of the Town therefor.

Article 34. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money for temporary purposes, and to execute and deliver the note or notes of the Town therefor.

Article 35. To see what action the Town will take to pay or retire the notes of the Town now outstanding.

Article 36. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money to renew the notes of the Town now outstanding.

Article 37. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to sell and convey in the name of the Inhabitants of the Town of Hampden, the interest in any real estate which the Town may own by virtue of proceedings for the enforcement of tax liens, or by virtue of tax deeds.

Article 38. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to release and convey in the name of the Inhabitants of the Town of Hampden, to the owner, at the time of assessment of the tax, of real estate on which the lien for taxes has been enforced, and redemption expired, or to his heirs, devisees, or assigns, the right, title and interest acquired by the Town in and to any such real estate on payment of the amount of taxes, interest and charges due on the respective parcels.

Article 39. To see if the Town will vote to raise two thousand dollars (\$2,000.00) to retire two sewer bonds due on October 1, 1945.

Article 40. To see if the Town will vote to raise a sum sufficient to pay the interest on the sewer bonds, payable on April 1, 1945 and on October 1, 1945.

Article 41. To see if the Town will vote to raise the sum of one hundred fifty dollars (\$150.00) to repair the Old Steamboat Wharf Hill road, so-called.

Article 42. To see if the Town will ratify and approve the action of the Selectmen in withdrawing Cemetery Trust Funds from the Eastern Trust and Banking Company, the Merrill Trust Company, and the Bangor Savings Bank and investing said Funds in United States War Bonds.

Article 43. To see if the Town will raise the sum of one hundred dollars (\$100.00) for the Town Library for books and for paint and paper.

Article 44. To see if the Town will vote to raise and appropriate the sum of one hundred dollars (\$100.00) to be paid to the State of Maine Publicity Bureau, to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine, in accordance with the provisions of Chapter 5, Section 82, of the Revised Statutes of Maine.

Article 45. To see if the Town will vote to erect a light in front of Doctor Weatherbee's and also on Lower Summer Street.

Article 46. To see if the Town will vote to have a Building Code and appoint a committee of five or more to draft same.

Article 47. To see if the Town will vote to appropriate money for a school bus.

Article 48. To see if the Town will vote to take the \$7,000.00, which is now in War Bonds, and earmark it for the School Building Fund for post-war purposes.

Article 49. To see if the Town will vote to accept from Mrs. Joseph Jennings the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the A. K. Allen lot in Locust Grove Cemetery.

Article 50. To see if the Town will vote to accept from Mrs. Geneva B. Allen the sum of three hundred dollars (\$300.00), the income therefrom to be expended annually for the perpetual care of the Charles W. Page lot, the Col. Amasa Walker lot and the Johnathan Kendall lot in the Nealley's Corner Cemetery.

Article 51. To see if the Town will vote to accept from Fred Humphrey the sum of one hundred dollars (\$100.00) the income therefrom to be expended annually for the perpetual care of the Humphrey and Littlefield lot in the Locust Grove Cemetery.

Article 52. To see if the Town will vote to accept from Alice M. Siggelkow the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the O. H. Emery lot in the Locust Grove Cemetery.

Article 53. To see if the Town will vote to accept from Mrs. Annie H. Smith the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Samuel M. Homestead lot in Lake View Cemetery.

Article 54. To see if the Town will accept from Amos S. Rundlett and hold in trust, the sum of one hundred dollars (\$100.00), the income from said fund to be used in connection with the income from a similar fund deposited in 1938 from the Estate of Arvilla F. Rundlett, for the perpetual care of the cemetery lot in the Lake View Cemetery at West Hampden wherein James C. and Arvilla F. Rundlett are buried.

Article 55. To see if the Town will vote to appoint a Committee of Twelve Citizens to cooperate with the Selectmen in preparing and presenting at the next Annual Meeting a budget for the year 1946 and 1947.

Article 56. To transact any other business that may properly come before said meeting.

Given under our hands this third day of March, 1945.

Selectmen of Hampden,

By.....

A true copy.

April 1	\$10.34	
Oct. 1	10.45	
		\$20.79

The amount of the Sinking Fund for 1944, Bangor Savings Bank Deposit No. 101602, is now \$1,055.48.

All of the above securities are in the safe deposit box at the Merchants National Bank.

Respectfully submitted,

WALTER E. WHITNEY,

Treasurer.

Walter E. Whitney, treasurer of the Hampden Academy and custodian of the George Stetson Fund submits the above statement showing the amount of interest due the academy from the town to be \$165.00 which is correct. There has been no changes made in this fund during the past year.

As shown in Mr. Whitney's statement there are ten one thousand dollar bonds and a sinking fund of \$1,055.48.

R. G. LEONARD,

STUART M. WOODARD,

T. R. McDONOUGH, Ex-Officio,

Town Trustees of the

George Stetson Fund.

Town Clerk.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Hampden:

I am pleased to submit herewith a report of the elementary schools of Hampden for the past year together with the reports of the public health nurse, Miss Georgina Patterson, and the Chairman of the Hampden Health Committee, Mrs. Esther Spaulding.

ENROLLMENT

The enrollment in the elementary grades for the present school year includes 221 boys and 211 girls or a total of 432 pupils. The enrollment by grades is as follows:

Sub primary	39
Grade 1	48
Grade 2	56
Grade 3	50
Grade 4	49
Grade 5	48
Grade 6	42
Grade 7	52
Grade 8	48
<hr/>	
Total	432

TEACHERS

The citizens of Hampden are very fortunate in having an excellent corps of experienced teachers to carry on their schools during these times when the shortage of good teachers is so critical. Many of these teachers are married women, who have the responsibility of maintaining a home in addition to their teaching duties. These teachers deserve your sincere appreciation for they are certainly performing a patriotic duty. In spite of the fact that salaries were increased considerably this year we would be unable to fill these teaching positions with people from out of town without paying somewhat higher salaries.

At the beginning of school last fall all full time positions were

filled by teachers who had taught in Hampden last year although some were transferred from one school to another. Miss Adel Eveleth of Bangor was engaged as supervisor of music for Hampden, Hermon and Levant. Miss Eveleth teaches in Hampden two days each week, in Hermon two days, and in Levant one day. In December we accepted with regret, the resignation of Mrs. Bernice Downs who was teaching the grammar grades at Hampden Center. We were fortunate, however, in securing Anna Clemons of Lee, a teacher of excellent experience and training, to fill this vacancy.

REPAIRS

During the past year a considerable amount of money has been expended on repairs and it will continue to be necessary to spend rather large amounts every year as long as we operate nine old school buildings, all of which need major repairs. During the summer desks, windows, doors, etc., in all buildings were repaired. At East Hampden the north and west sides of the building were insulated and new windows were installed on the second floor. The furnaces were repaired and put into condition for safe operation. At the Highlands a steam heating plant was installed which works very satisfactorily. Although the amount of money appropriated for this purpose was insufficient the financial assistance of the Highlands P.T.A. made it possible for the project to be completed. At the Upper Corner new lights were installed in all the rooms; one room was redecorated, and the attic floor was covered with heavy insulating paper. An electric fan which was attached to one of the furnaces has helped the heating situation by improving the circulation. At Arey's Corner one side of the roof was shingled and at Hampden Center worn stair treads were replaced with new. New window shades were provided for the grammar room. New lights have been installed at Hardy Hill.

The only major repair item contemplated for the coming year is the installation of proper lights in those buildings where the present lights are unsatisfactory. Only such other repairs as are necessary for efficient operation of the schools will be made.

CONSOLIDATED SCHOOLS

In order to improve the schools of Hampden to any great extent the town needs a new centralized consolidated school. Such a building would provide suitable lighting, heating, and sanitary facilities

for the proper healthy physical development of all children. In a consolidated school teachers would teach only a single grade and thus have time to provide for individual differences among children of the same age. This would improve the efficiency of teaching to a great extent.

We are operating nine school buildings at the present time, none of which have sanitary toilet facilities. Only three have satisfactory drinking water facilities. Of sixteen class rooms in these nine buildings only six have proper natural lighting and nine have adequate artificial lighting. Heating arrangements are satisfactory in only one building, that is the one at the Highlands where steam heat was installed this year. In our one-room schools the teacher has from 15 to 45 minutes per day for each grade whereas a teacher with only one grade would have all day to devote to the one group of children.

The above facts show well the difficulties which confront attempts to improve the educational program in Hampden with the present physical set up. I believe that the children of Hampden are entitled to the same type of opportunities as children in other communities of comparable size and wealth. I am confident that the people of Hampden are vitally interested in this matter which so greatly concerns the welfare of their children.

A member of the State Department of Education inspected our buildings at my request on July 7th. The following are quotations from a written report sent to me following this inspection: "My inspection of the elementary school buildings at Hampden on July 7 indicated that the general condition of the school buildings in Hampden is rather poor, and I would recommend that the superintending school committee of Hampden give serious consideration to providing more adequate elementary school facilities for the youth of Hampden in the post-war era. My investigation of these school buildings leads me to believe that the school buildings of Hampden, must in the near future, have very extensive and expensive renovation if they are to be continued in use, and since there is no question but what a more adequate educational offering could be provided for the youth of Hampden in a consolidated, fourteen-room elementary school building, centrally located, I would recommend that the school committee consider the possibility of setting aside annually, in a sinking fund for the purpose, a sum of money toward the erection of a new, consolidated elementary school, and do only

the necessary temporary repairing for the duration which will make the buildings safe and sanitary. Several of these buildings are in such condition that in normal times they would be condemned as being unsuitable for school use. However, we cannot condemn buildings when there is no way to replace them, but it is safe to assume that with the cessation of hostilities several of these buildings will be condemned unless the town renovates them."

The cost of upkeep and fuel would be considerably less in a consolidated school than in the nine buildings now being used. Other operating expenses would be approximately the same. At the present time it is of course impossible to do any building but this would seem to be a good time to plan for the future by establishing a school building fund to be added to each year so that a good sum may be available when it is possible for new buildings to be constructed.

BOOKS AND SUPPLIES

In order for a workman to perform efficiently he must have the best of tools with which to work. In teaching books are the tools. Without modern textbooks, maps, etc., a teacher is seriously handicapped. Much of the extra \$600 requested in the annual appropriation will be used to provide more up to date textbooks and supplementary teaching aids.

CLOSED SCHOOLS

During the past year the one-room schools known as the Penobscot School and the Wing School have been closed and the children transported to the Highlands, Upper Corner, and Hardy Hill. The two main reasons for closing these schools, are the shortage of teachers and, in the Wing district, the very poor condition of the building. It would require several hundred dollars to put this building into satisfactory condition for school use. It is recommended that these two schools remain closed.

TRANSPORTATION

We are asking for an appropriation for a school bus to take the place of the two privately owned conveyances now in use. This is not recommended as an economy move, but rather one to provide

better transportation for the children. The present cost of conveyance would pay for the cost of operation of a town owned bus as well as provide for depreciation. Our present drivers are doing a very satisfactory job but their conveyances are crowded and cannot provide as safe or comfortable transportation as would be possible in a town owned bus. Eventually we will receive half the purchase cost of the bus from the State as the cost of a new bus is a part of the cost of transportation and is allowable on the basis of one-tenth of its cost annually for five years in the equalization tabulation.

PARENT TEACHER ORGANIZATION

The children of Hampden are fortunate in having three active parent-teacher organizations which are constantly on the alert for opportunities to improve the educational program of our schools. I wish to express to them my sincere thanks for their wholehearted cooperation in all matters pertaining to the welfare of the children.

WAR SAVINGS STAMPS

Most of our schools are cooperating in the war effort by selling war saving stamps and bonds to the children. Sales from Sept. 1st to Feb. 16th as reported by the various teachers are as follows:

School	Total Sales	Ave. Pupils buying Per Pupil	Percent of Regularly
Hampden Highlands Primary	\$76.60	\$ 1.96	8
Hampden Highlands Grammar	264.30	8.26	28
Upper Corner Primary	390.85	10.57	43
Upper Corner Intermediate	167.00	6.42	42
Upper Corner Grammar	300.15	10.01	27
East Hampden Primary	84.70	3.14	37
East Hampden Intermediate	73.60	3.07	29
East Hampden Grammar	65.50	5.04	38
West Hampden Primary	100.10	5.56	34
West Hampden Grammar	90.80	5.04	42
Center Primary	81.90	2.32	50
Center Grammar	141.20	4.41	46
Hardy Hill	430.75	20.51	81
Arey's Corner	65.00	2.41	85
Holmes	222.05	8.54	50
Total	\$2,554.50		

In conclusion I wish to convey my appreciation to members of the school committee, town officers, parents, teachers, citizens, and school children for their help, advice, inspiration, and cooperation in making our school program a worthwhile and successful undertaking.

Respectfully submitted,

EARL C. McGRAW,

Supt. of Schools.

REPORT OF PUBLIC HEALTH NURSE, 1944

January 1 to Dec. 31, 1944

The effectiveness of a community health service depends to a large extent on the interest in and the understanding of the Public Health Program by all citizens of the community. It is essential that they appreciate the value of that service. From a personal standpoint they should be interested in the program because the health of every citizen in the community affects the health of other citizens and because the cost of service is directly or indirectly borne by the individual taxpayers of the community.

Visits were made to the expectant mother for the purpose of helping her secure necessary equipment for confinement, a diet suitable for growth and development of the baby and to help carry out doctor's orders. Medical attention has been urged early in pregnancy as care at this time is most beneficial. Visits were made after the baby was born to emphasize the importance to the mother of proper rest, diet and a return visit to the doctor.

Several visits were made to infants in our community to help mothers set up daily routine for feeding and care of the baby. Importance of a visit to the doctor has been stressed. Mothers were helped in introducing new foods into the baby's diet to promote growth. Emphasis was given to the prevention of communicable disease. Mothers were invited to the Child Health Conference which were held monthly.

One of the summer conferences was devoted to the children entering school this fall. Preschool examinations are valuable in order to discover defects and have corrections made before the child enters school. Immunizations offered at this time gave added health protection.

Many conferences were held with the teachers regarding health problems. Improvement in the health of the school child today is evident as compared to a few years ago. Many health problems have been mastered. Home visits were made to parents of school children in order to explain need of dental, vision and hearing corrections and to advise on the control of communicable diseases.

Four children were benefited by the Crippled Children's Pro-

gram. Whenever necessary, children have been referred to the Pediatric Clinic where a specialist makes diagnosis and gives recommendations. These clinics are sponsored by the Bureau of Health.

Many visits on tuberculosis patients, discharged from sanatorium have been made for the purpose of advising return for X-rays and re-examinations and to give health supervision.

The Local Health Committee has made plans for a tuberculosis survey for Hampden.

The report of your Local Health Committee chairman follows:

"Under guidance of our Public Health Nurse, Miss Patterson, we have held every month a Child Health Conference for benefit of infants and preschool children. These were held alternating months at Horace Mann School, East Hampden and at the Highlands Methodist Church.

Smallpox, diphtheria and whooping cough immunization were offered at these conferences. Eighty-three children were examined during the past year.

We were fortunate in securing the services of Dr. Weatherbee or Dr. Lezburg at each conference who were assisted by the nurse. Many volunteer helpers have given their afternoons to help with the children.

The Health Committee meets once every quarter. At the October meeting it was voted to sponsor a Community-Wide Tuberculosis Survey. This is to be our main project for 1945.

Respectfully submitted,

ESTHER SPAULDING,

Chairman.

The active support of the Local Health Committee makes the work of the Bureau of Health nurse much more effective in your community.

GEORGIANA J. PATTERSON,

Bureau of Health

Public Health Nurse.

HAMPDEN FIRE DEPARTMENT

Hampden Highlands, Maine

February 1, 1944

To the Selectmen of the Town of Hampden:

Gentlemen—

The Fire Department had 87 calls during the past year.

Chimney fires	45
Grass fires	22
Out of town	5
Buildings	4
False alarms	3
Dumps	2
Woods	2
Automobile	2
Poles (broken wires)	2

We have purchased 650 feet of 2½ in. hose, 300 feet of this was to replace hose that was damaged and 350 feet was to add to what we have, also a new spray nozzle was bought for the booster hose.

Because of the lack of heat in the building now used as a fire station it seemed necessary to move the truck to another location, so the building owned by the Town, at the Upper Corner, is being fixed up and will soon be ready.

I wish to thank the telephone operators for the fine cooperation that they have given us in getting the calls out to the men on the department, and I also wish to thank the men on the department for their promptness and willingness in answering the calls.

Respectfully submitted,

THOMAS A. MURRAY, Chief.

HAMPDEN WATER DISTRICT

Hampden Highlands, Maine

January 1, 1945

To the Selectmen of the Town of Hampden and the residents of the
Hampden Water District:

Gentlemen:

The following is the report of the Trustees of the Hampden Water District for the year 1944.

At the annual election held on the second Monday in May, Thomas A. Murray was re-elected for a full term of five years, and Earl M. Spaulding was elected to fill the vacancy caused by the death of Melden A. Patterson.

At the meeting of the Trustees of the District held after the annual election, Thomas A. Murray was named President and Walter E. Whitney was named Treasurer and Clerk.

The reports of the Superintendent and Treasurer which follow will show the progress that has been made and the financial condition of the District.

Respectfully submitted,

THOMAS A. MURRAY,

President.

AUDITOR'S REPORT

February 28, 1945

To the Inhabitants of the Town of Hampden:

In accordance with the requests from your Board of Selectmen, we have audited the accounts and records of the Town of Hampden, Maine for the Municipal year ended February 10, 1945. We have reviewed the accounting system and tested or examined accounting records and supporting evidence of transactions for the Municipal year, to the extent appropriate in view of the system of internal control. We performed all necessary work for the audit, but we did not perform a detailed audit of all transactions.

As part of our report, we submit to you the following statements:

- Exhibit A Comparative Balance Sheet as at February 10, 1945 and 1944
- B Cash Receipts and Disbursements
- C 1944 Valuation, Assessment, Commitment and Collection
- D Statement of Departmental Accounts
- E Analysis of Change in Surplus
- Schedule 1 Transactions in Taxes
- 2 Transactions in Tax Liens
- 3 Transactions in Tax Deeds
- 4 Transactions in Tax Acquired Town Property
- 5 Accounts Receivable
- 6 Trust Funds Invested
- 7 Trust Funds
- 8 Accounts Payable
- 9 Excise Taxes

Based upon our examination, and subject to comments appearing in this report, we hereby certify that, in our opinion, the accompanying Balance Sheet and related Financial Statements present the financial condition of the Town of Hampden as at February 10, 1945, and the results of operations for the year ended that date.

Respectfully submitted,

PAUL A. SMITH,

Public Accountant and Auditor.

PAS:AG

COMMENTS

Cash on deposit with the Eastern Trust and Banking Company, Bangor, Maine was verified by certificate obtained from the bank. Cash on hand was verified by actual count. All records of cash were reconciled as of the date of our examination.

We reconciled the 1944 assessment of taxes with the commitment which reflected a net over-commitment \$3.02. We proved all outstanding balances of uncollected taxes with the subsidiary records. We viewed the outstanding tax liens and tax deeds and we examined the transactions in the tax liens, tax deeds and tax acquired town property records.

We did not circularize the accounts receivable or accounts payable. We did however, examine the transactions from which these assets and liabilities resulted.

The records of amounts withheld from employees for teachers' retirement benefits and federal withholding taxes were examined by us and the liability as shown appears to be proper.

We examined the investment in the various trust funds and the investment of general town cash funds. We obtained from the depository banks certificates for the amounts on deposit. It should be noted that all trust funds previously used by the town have been properly reinvested during the year.

The accounting procedures and principles, both of which are sound, have been consistently maintained during the past year in conformity with practices for preceding years.

FOREWORD

In presenting this, my second report as Agent for the Selectmen of the Town of Hampden, Maine, I wish to thank each and everyone who have assisted me in carrying on your Town's business. I have had the full cooperation of the Selectmen and I hope I have satisfied my superiors as I have tried to do my best.

We have had a very trying year as the appropriations this year were the highest ever in the history of the town.

We have an overdraw in some of our departments, this being beyond our control. Several, however, have a small balance unexpended, so after all things taken into consideration we feel that we haven't done too badly.

Again I thank you for your fine cooperation.

I remain,

Respectfully yours,

E. H. COLE

WARRANT

STATE OF MAINE

Penobscot, ss.

To ERNEST DARLING, Constable of the Town of Hampden, in said County of Penobscot,

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Hampden, qualified to vote in town affairs to assemble at the Town Hall in said Hampden, on Monday, the 11th day of March, 1946, at nine-thirty o'clock (9:30) in the morning to act on the following articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To see if the Town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor, School Committee and Superintendent of Schools.

Article 4. To see if the Town will vote to adopt the Town Agent form of town management for the fiscal year 1946 and 1947.

Article 5. To see if the Town will vote to instruct the Selectmen to hire a Town Agent for the ensuing year, whose duty it shall be to act as Agent for the Selectmen, Assessors and Overseers of the Poor, to act as Tax Collector; to act as Road Commissioner; and to exercise control over all departments of the Town; and to perform all duties that may be prescribed by the Selectmen.

Article 6. To choose three or more Selectmen, Assessors and Overseers of the Poor for the ensuing year.

Article 7. To see what sum of money per day the Town will vote to pay the Road Commissioner or Commissioners for services.

Article 8. To choose one or more Road Commissioners for the ensuing year.

Article 9. To choose a member of the School Committee for the ensuing two years.

Article 10. To choose a member of the School Committee for the ensuing three years.

Article 11. To choose a Building Inspector and one or more Fire Wardens.

Article 12. To choose a Treasurer of the Town and all other Town Officers except a Collector of Taxes.

Article 13. To see if the Town will vote to accept bid on collection of taxes; and if acceptable bond can be furnished.

Article 14. To choose a Collector of Taxes.

Article 15. To see what sum of money the Town will vote to raise to pay for collection of taxes.

Article 16. To determine what sum of money the Town will vote to raise by taxation for the following purposes for the ensuing year:

For the support of Common Schools.

For the repair and insurance of Schoolhouses.

For the support of the poor.

For the support of children committed to the State.

For the support of dependent children under the provisions of the Mother's Aid Law.

For roads and bridges, summer.

For roads and bridges, winter

For street lights.

For interest on notes.

For State Road patrol.

For care of cemeteries.

For salaries of town officers.

For maintaining and operating fire apparatus.

For incidental and unusual expenses.

Article 17. To fix the compensation of the Superintendent of Schools, and any other officers, and raise money for these purposes.

Article 18. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Hampden Academy the tuition of pupils qualified to attend such school in accordance with the provisions of Chapter 19, Section 92, of the Revised Statutes, and raise and appropriate money for that purpose.

Article 19. To see if the town will authorize the Selectmen and Treasurer to give a deed to the Masonic Lodge of Hampden, #65, A. F. & A. M., of two-fifths of the Town Hall upon payment by the Lodge of two-fifths of the cost of the new heating plant and the Lodge agreement to pay two-fifths of the maintenance of the hall, including fuel.

Article 20. To see if the Town will vote to raise sixty dollars (\$60.00) for the F. G. Flagg Relief Corps for Memorial Day purposes.

Article 21. To see if the Town will vote to raise one thousand dollars (\$1,000.00) for a snow plow and sander.

Article 22. To see what sum the Town will raise and appropriate for State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, and Chapter 169 of the Public Laws of 1937, and under the provisions of Section 3, Chapter 229, of the Public Laws of 1937.

Article 23. To see if the Town will vote to authorize the Assessors to recind any amounts appropriated by the Town for State Aid Highway Construction in excess of the amount required to meet State apportionments.

Article 24. To see what sum, if any, the Town would recommend to take from the Joint Fund for the Construction of State Aid Highways for the purpose of applying bituminous surface treatment to State Aid Highways in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Article 25. To see what sum the Town will raise and appropriate for the maintenance of third class highways as provided in Sections 5 and 6, Chapter 229 of the Public Laws of 1937.

Article 26. To see what sum of money the Town will raise and appropriate to cut and remove all trees, shrubs and useless fruit trees, bushes and weeds growing between the road limit and the wrought part of any improved section of State Highway, State Aid Highway, and Third Class Highway locations, as provided in Section 4, Chapter 229, Public Laws of 1937.

Article 27. To see what sum of money the Town will raise and appropriate for the purpose of cutting and removing brush on crossroads.

Article 28. To see if the Town will vote to raise two hundred dollars (\$200.00) to cooperate with the Maine Forest Service and the Federal Government in the control of white pine blister rust within the confines of the Town.

Article 29. To see if the Town will raise and appropriate two hundred dollars (\$200.00) for public health nursing in Hampden; said money to be expended by the State Bureau of Health for local service.

Article 30. To see if the Town will vote to close the Coldbrook School.

Article 31. To see if the Town will vote to close the Arey's Corner School.

Article 32. To choose one Trustee of the George Stetson Fund of Hampden Academy to serve for three years.

Article 33. To see if the Town will vote to guarantee five per cent (5%) interest on the ten thousand dollars (\$10,000.00) Stetson Fund, and raise and appropriate money for that purpose.

Article 34. To see what sum of money the Town will raise and appropriate for Hydrant Rental.

Article 35. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow during the ensuing year, in anticipation of, and to be paid out of, the taxes of the current year, 1946-1947, a sum not exceeding fifteen thousand dollars (\$15,000.00) and to execute and deliver the negotiable note or notes of the Town therefor.

Article 36. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money for temporary purposes, and to execute and deliver the note or notes of the Town therefor.

Article 37. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to sell and convey in the name of the Inhabitants of the Town of Hampden, the interest in any real estate which the Town may own by virtue of proceedings for the enforcement of tax liens, or by virtue of tax deeds.

Article 38. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to release and convey in the name of the Inhabitants of the Town of Hampden, to the owner, at the time of assessment of the tax, of real estate on which the lien for taxes has been enforced, and redemption expired, or to his heirs, devisees, or assigns, the right, title and interest acquired by the Town in and to any such real estate on payment of the amount of taxes, interest and charges due on the respective parcels.

Article 39. To see if the Town will vote to raise two thousand dollars (\$2,000.00) to retire two sewer bonds due on October 1, 1946.

Article 40. To see if the Town will vote to raise a sum sufficient to pay the interest on the sewer bonds, payable on April 1, 1946, and on October 1, 1946.

Article 41. To see if the Town will vote to construct and maintain a dam at Roscoe Smith's to provide a pond of water for fire protection; also one at Charles Barrows'; and to see what sum of money the Town will raise for this purpose.

Article 42. To see if the Town will raise the sum of six hundred dollars (\$600.00) to have the elm trees sprayed from the Bangor-Hampden line to the Winterport line, and all roads and streets leading away from the main highway, to help control the elm tree worm which is damaging our elm trees.

Article 43. To see if the Town will vote to erect three street lights on the road which runs by the McLean farm. Signed by twelve petitioners.

Article 44. To see if the Town will vote to erect a street light on Orient Avenue, so-called, between the Rawcliffe property and the Newton Fownes property. By request of Mrs. Newton Fownes.

Article 45. To see if the Town will approve the formation of a school district.

Article 46. To see if the Town will approve the application by the Selectmen for a loan from the Federal Works Agency for making plans for school building construction.

Article 47. To see if the Town will instruct the Selectmen to purchase a site for the construction of a new school building, subject to the approval of the School Committee.

Article 48. To see if the Town will instruct the Selectmen to borrow money for the purchase of a school building site.

Article 49. To see what amount the Town will raise to be added to the school building fund.

Article 50. To see what action the Town will take in regard to the building committee which was elected at the last Town Meeting.

Article 51. To see if the Town will vote to authorize the Selectmen and the Treasurer to deed to Erwin G. Swett the acre of land on the Mayo Road, that the Town bought from Edward E. Wood, in exchange for a deed from Swett to the acre he bought from Montford C. Thayer.

Article 52. To see if the Town will vote to raise the sum of nineteen hundred and twenty dollars and seventy-two cents (\$1,920.72) or the balance due on the Town Hall Heating Plant.

Article 53. To see if the Town will vote to raise six hundred dollars (\$600.00) for the repairing and tarring of four roads in Locust Grove Cemetery.

Article 54. To see if the Town will vote to accept from the Executor of the will of the late Ainee W. Sparrow the sum of two thousand dollars (\$2,000.00) under the conditions of Paragraph 16 of her will.

Article 55. To see if the Town will vote to authorize the Selectmen and the Treasurer to purchase additional land adjoining the cemetery at Locust Grove for burial purposes and to see what sum of money the Town will appropriate for this purpose.

Article 56. To see if the Town will vote to accept from Addie Williamson the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Williamson lot in the Locust Grove Cemetery.

Article 57. To see if the Town will vote to accept from Annie H. Smith the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Abram R. Smith lot in the Nealley's Corner Cemetery.

Article 58. To see if the Town will vote to accept from Charles S. Foster, Earl W. Foster, Mrs. Sidney Berry and Louise A. Bartlett the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Charles B. Dunn lot in the Locust Grove Cemetery.

Article 59. To see if the Town will vote to accept from the estate of Sherwood Bragg the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Sherwood Bragg lot in the Locust Grove Cemetery.

Article 60. To see if the Town will vote to accept from Henry S. Hardy the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Henry S. Hardy lot in the Locust Grove Cemetery.

Article 61. To see if the Town will vote to accept from Emma C. Shaw the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Joel E. Shaw and Andrew B. Mayhew lot in the Lake View Cemetery.

Article 62. To see if the Town will vote to accept from William H. Tribou the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Leonard Tribou lot in the Locust Grove Cemetery.

Article 63. To see if the Town will vote to accept from Carrie L. Wood the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Fred and Vider Deane lot in the Locust Grove Cemetery.

Article 64. To see if the Town will vote to accept from Rowena Bartlett the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the so-called Bartlett lot in the Locust Grove Cemetery.

Article 65. To see if the Town will vote to accept from Walter J. Bicknell the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of his lot in the Nealley's Corner Cemetery.

Article 66. To see if the Town will vote to accept from H. Ray Porter and Alma E. Bicknell the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Dudley G. Porter lot in the Nealley's Corner Cemetery.

Article 67. To see if the Town will vote to appoint a Committee of Twelve Citizens to cooperate with the Selectmen in preparing and presenting at the next Annual Meeting a budget for the year 1947 and 1948.

Article 68. To transact any other business that may properly come before said meeting.

Given under our hands this second day of March, 1946.

Selectmen of Hampden,

TOWN TRUSTEES' REPORT ON THE GEORGE STETSON FUND

To the Inhabitants of the Town of Hampden

Thru: The Town Trustees of the George Stetson Fund, Hampden Academy, 1945

The income from the George Stetson Fund bonds is as follows:

2 Southern Pacific, Oregon	\$ 90.00
3 Portland Terminal	120.00
5 Series "G" Gov't Bonds	125.00
	<hr/> \$335.00
Bal. of interest due from Town of Hampden	165.00
	<hr/> \$500.00

Interest of Sinking Fund was as follows:

April 1	\$10.55
Oct. 1	10.66
	<hr/> \$21.21

The amount of the Sinking Fund for 1945, Bangor Savings Bank Deposit No. 101602, is now \$1,076.69.

All the above securities are in the safe deposit box at the Merchants National Bank.

Respectfully Submitted,

WALTER E. WHITNEY,

Treasurer.

Walter E. Whitney, treasurer of the Hampden Academy and custodian of the George Stetson Fund, submits the above statement showing the amount of interest due the academy from the town to be \$165.00, which is correct. There have been no changes made in this fund during the past year.

As shown in Mr. Whitney's statement, there are ten one thousand dollar bonds and a sinking fund of \$1,076.69.

E. H. ROWELL, Town Clerk.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Hampden:

I am submitting herewith a report of your elementary schools for the past year, together with the reports of the public health nurse, Miss Georgina Patterson; Chairman of the Hampden Health Committee, Mrs. Katie P. Jones; and the report of the special committee appointed at the last town meeting to investigate the needs and possibilities of a new school building program for Hampden.

ENROLLMENT

The enrollment in the elementary grades for the present school year totals 487, as compared with a registration of 432 last year, an increase of 55. A comparison with past years shows a peak enrollment of 497 in 1941. During the war the number decreased to 424 in 1944. However, at present our enrollment is nearly up to where it was just before the war. Any considerable increase now will mean building construction or opening some of the one-room rural schools which have been closed. The enrollment by grades and schools is as follows:

Enrollment by Grades		Enrollment by Schools	
Sub-Primary	58	East Hampden	100
Grade 1	49	Upper Corner	108
Grade 2	53	Highlands	111
Grade 3	66	Center	50
Grade 4	58	West Hampden	54
Grade 5	48	Holmes	31
Grade 6	55	Hardy Hill	33
Grade 7	44		—
Grade 8	56		487

487

TEACHERS

Due to the closing of two of our one-room rural schools we have been able to carry on our schools with one less teacher than last year. We have been fortunate in being able to secure local

teachers for all our schools. If we had to hire teachers from out of town we would have to pay considerably higher salaries. As it is, each teacher receives a salary of \$1,000.00 per year, which is the minimum prescribed by the state. Plans should be made so that our teachers might receive salaries comparable with those paid in other communities having similar resources. If the poorest towns in the state can pay \$1,000.00 for their teachers Hampden can surely do more.

REPAIRS

The increased enrollment at the Highlands has made it necessary to have an extra teacher in that school. In order to have room for the needed teacher it was necessary to divide the class room on the first floor into two rooms. New lights were installed in all three rooms of this building. Both rooms at the Center school have been redecorated. The primary room at the Upper Corner and the Hardy Hill school have been newly painted inside. New lights were installed at the Holmes school. Furnaces at the Upper Corner and East Hampden were overhauled and repaired. It was necessary to overdraw the repair account because of insurance bills on school houses falling due during the year. Inasmuch as these policies are kept in the town office and the school committee knew nothing about them, this expense was not anticipated. The appropriation for next year should take care of this overdraft besides providing for necessary repairs and any other insurance bills which are to fall due.

During the past year all school houses have been inspected by representatives of the State Insurance Department and the State Department of Health. Our school buildings will require very extensive repairs in the near future to meet requirements of those two departments mentioned above. The following statement is taken from a letter to the Chairman of the Hampden School Committee from the Department of Health: "We understand from Mr. McGraw, the Superintendent of Schools, that the town has planned or wanted to have a so-called consolidated school in about two years. We believe that such a school building is highly desirable as many of the sanitary features in such a school building would be satisfactory and which in many cases cannot be obtained without considerable expense in the individual rural schools."

CONSOLIDATION

During the year, two one-room rural schools have been closed, the Arey's Corner school and the Coldbrook school. The children from Arey's Corner are transported to the Highlands and those from the Coldbrook road, some to Hardy Hill, and the others to East Hampden. The seventh and eighth grades from the Holmes school are being transported to the Highlands, thus reducing the number of grades in the Holmes school from 9 to 7. The eighth grade from the Center is being conveyed to the Upper Corner, thus relieving crowded conditions at the Center.

We believe that we have improved the educational opportunities of many Hampden children during the past two years by these moves toward consolidation. Two years ago we had four one-room rural schools teaching nine grades. We now have no one-room schools teaching any grades above the sixth. We find that the children who have been attending the one-room, nine-grade schools are not nearly as well prepared for the work of their grade as the children in the two and three-teacher schools. In the same way we would find that teachers having only a single grade can give the children under their care much better preparation than those who have three and four grades.

A central consolidated school would seem to offer the greatest educational advantages to all the children of Hampden. I want to urge all citizens to read and consider carefully the report of the special committee on consolidation, which accompanies this report. The expense will be great, but I believe in the near future the federal government will help in the construction of school buildings. President Truman made the following statement in his annual message to Congress on Jan. 21, 1946: "As a part of our total public works program, consideration should be given to the need for providing adequate buildings for schools and other educational institutions. In view of current arrears in the construction of educational facilities, I believe that legislation to authorize grants for education facilities, to be matched by similar expenditures by state and local authorities, should receive the favorable consideration of the Congress."

CONVEYANCE

With the purchase of a new school bus we have been able to

do away with the two privately owned conveyances we used last year. All children transported are now conveyed in our two town owned buses or by the Penobscot Transportation Company. Thus they all have well heated, well ventilated and roomy accommodations as they are being conveyed to and from school. A comparison of the cost of transportation during the last fifteen weeks of last spring with the first fifteen weeks of this school year shows a decided saving since we have had the new bus. It now costs the town approximately forty cents per week per pupil for transportation as compared with sixty cents per week per pupil last year.

TEXTBOOKS AND SUPPLIES

Many new books have been purchased during the year. A new series of English texts has been provided for grades 3, 4, 5, and 6. The same series will be extended through grades 7 and 8. The new reading program, with supplementary work books, has been extended through the third grade. New histories have been purchased for grades 4 and 8. Two mimeographs have been provided for two of the three-room buildings and most of the schools have received new globes. A new system of teaching spelling has been started in grades 2 and 3, which will be extended to other grades as rapidly as possible. It is certainly a pleasure to provide these new, helpful, and attractive materials for the children of Hampden, who seem so appreciative.

HEALTH AND SAFETY

The Hampden Health Committee, with the assistance of the public health nurse, Miss Patterson, is contributing much toward the improvement of the health of the children of Hampden. Through the pre-school clinics, defects are being discovered which, if corrected before the child enters school, will make his success in school much more certain. I wish it were possible for us to continue to give physical examinations to all school children at regular intervals during their school career. This is a goal toward which we should strive.

With the increase in traffic accidents during the past six months, we feel an increased responsibility for giving the children instruction and warning in regard to their conduct on the highway. To that end, we secured Sergeant George Shaw of the safety division of the State Highway Police to spend a day in the Hampden

schools. He visited four of our schools and talked with the children concerning safety on the highway. He also organized school-boy patrols in two of the schools. Sergeant Shaw will return to Hampden again shortly and visit the rest of the schools. It is hoped that visits similar to these may be repeated several times during the year.

CONCLUSION

I wish to express my appreciation to the following groups, whose members have been so helpful in promoting the welfare of the schools: parent-teacher organizations, health committee, special building committee, town officials, teachers, janitors, bus drivers, parents, and school children. I wish to express to the school committee my gratitude for their untiring efforts in developing and helping to carry through a program of education for the children of Hampden which we believe has been highly beneficial to all.

Respectfully submitted

EARL C. McGRAW,

Supt. of Schools.

----------------------	-------------

To the Board of Selectmen and the Citizens of the Town of Hampden:

Gentlemen:

Your committee was appointed at the last town meeting, March, 1945, for the purpose of inquiring into feasibility of a consolidated elementary school for the Town of Hampden to replace the present scattered schools; investigate possible sites; plans; cost of construction, operation, maintenance and to study the problem of transportation. The committee is composed of Charles V. Kihl-mire, chairman, Walter Whitney, Don P. Smith, Mrs. Clyde Jones, Mrs. Gordon D. Briggs and Earl McGraw, superintendent of the schools in Hampden.

Your committee was directed by the article which brought it into existence to report back to the town meeting March, 1946. Herewith is its report:

NEED FOR CONSOLIDATED SCHOOL

The need for a consolidated school was studied by your committee as a preliminary to any plan for such a school and it was determined that such a consolidated school would better fit the needs of the town than the present system, in view of the fact that the present school system is entirely inadequate not only in physical plant but in providing the type of educational facilities the people of Hampden have the right to expect.

A preliminary survey indicated that the present schools in use have no toilet facilities; no satisfactory heating facilities; the ventilation is bad; the light is inadequate. There are no facilities for supervised recreation; no playgrounds or playground equipment. No facilities for any type of physical education program or for any type of manual training or home economics program. The present physical plant is in bad shape. Few repairs have been made since the beginning of the war. Some of the schools have sagging foundations, roofs are bad, the buildings are in need of paint and re-decoration inside and out and are generally such as might be expected in a backward community of the 1890's.

School Capacity: Some of the buildings have been shut down as too uneconomic to be utilized as school buildings and the pupils have been transported to other schools. This can be done no longer, however, since the school population in Hampden is steadily growing and it is confidently expected that with increased building in the town as the result of the nationwide housing shortage and particularly the critical housing shortage in this immediate area, that the school population will continue to grow. In one year the school population has increased from 432 to 487 in the elementary grades, a jump of 55, and it is expected that within the next several years will grow to a point not far short of 600. This suggests an immediate need of more school capacity whether it comes from a new consolidated school or from rebuilding some of the present buildings currently not in use and making them again habitable as school buildings.

The present physical plant would require an immediate layout of more than \$25,000 to put it within the absolute minimum requirements of the State Department of Education. Such an expenditure, however, would not give the town any more school capacity than

it presently has and any growth in the future would have to be taken care of by either building more schools or reconditioning present buildings at even more expense. For an expenditure of \$25,000 the town could only install proper heating plants, dig necessary wells, installing plumbing and toilet facilities, septic tanks, fix roofs and underpinnings and take care of painting and other minor needed repairs. It would not correct the more obvious and glaring defects of improper ventilation, lighting, seating, nor would it provide any of the advantages which the children of Hampden are entitled to. A rough estimate of immediate and necessary repairs to the schools shows that these expenditures would have to be made at once: McKinley school, \$2,500; Upper Corner, \$5,500; East Hampden, \$3,750; Hampden Center, \$3,750; West Hampden, \$2,750; Holmes school, \$2,000; and Hardy Hill, \$2,000. (It may be said in passing that the Health Committee is in agreement with this committee, that improper ventilation and toilet facilities are largely the causes of recurrent epidemics of colds, influenza and dysentery throughout the town.) It may also be noted that following such an expenditure there would be little if any improvement in the school facilities of the town.

THE WORK OF THIS COMMITTEE

Organization: Your committee held an organizational meeting at which various parts of the whole problem were delegated to subcommittees for analysis and report. Several subsequent meetings were held and a meeting was arranged with a representative of the State Department of Education. The work of the committee was broken down under several heads: site, building, comparative costs, transportation, general.

Site: Mr. Walter Whitney and Mr. Don P. Smith acted as a sub-committee to investigate and determine possible sites for the proposed new consolidated school and their costs. In reporting to the committee they set forth the advantages of a site somewhere between the Upper Corner and Hampden Highlands. Their reasons (1) accessible to sewer and water (2) maximum number of children could walk to school, requiring less transportation. They placed the added transportation load of any other site at 150 and pointed out that arrangements would also have to be made to feed these extra children in any program of school lunches. Two possible sites

attracted their immediate consideration: (1) The so-called Cowan property immediately to the north of Hampden Academy which they felt would give the town an educational center with all facilities in one immediate area; (2) the Cram property to the east of the present Upper Corner school and formerly used as a golf course. Preliminary conversations with the owners of these sites broke down, however, and your committee is unable to say that either site would be available or to give any estimate of probable cost. However, the committee feels that either of these sites would be a fortunate choice and is asking the town to pass an article instructing the selectmen to negotiate for the purchase of a site for the building.

Type of Building: Following several discussions by the committee and one with Mr. Bailey of the State Department of Education, the committee recommends a building of semi-fireproof construction containing 17 classrooms and six special purpose rooms. The classrooms would provide one sub-primary room, with sub-primary pupils attending on a split day basis, and two classrooms each for grades one through eight. The special purpose rooms would include office, teachers' room, music room, shop, cafeteria, gymnasium and clinic.

The ideal setup, of course, would be a smaller school with but six elementary grades in addition to the sub-primary and with the seventh and eighth grades operated as part of a six-year high school program. Such a setup would make the shop, gymnasium and home economics rooms (in this plan combined with the cafeteria), unnecessary, since they would be a part of the seventh and eighth grades and high school setup. Because of the conditions under which Hampden operates, however, such a plan is not presently feasible, so this committee must consider a school plant which will care for pupils up to high school entry age.

Your committee feels that a cafeteria is particularly necessary since with all pupils being transported to the school a hot school lunch program would be a necessity. For this program there is available certain Federal funds in which this school could participate. A clinic is also a necessity since there are currently no provisions at all for proper physical checkup of pupils. The public health nurse has reported that currently she spends two days in covering

the schools and that most of her time is spent in travel, so that the service she can give the school children is necessarily restricted. With a consolidated school, she feels that such better service could be given and a closer check kept on pupils' health. Classrooms would be designed for a maximum of 35 pupils, and since the present school population shows that the smallest grade, the fifth, now has 48 pupils, and the largest, the third, has 66, some room for growth is allowed.

Transportation: Mrs. Gordon D. Briggs and Mrs. Clyde Jones were constituted a sub-committee to study transportation problems in relation to the site area proposed and their conclusions are that one new school bus, together with the facilities of the Penobscot Transportation Co., will take care of all current and later transportation needs. The breakdown on transportation would be 252 pupils by school bus, 150 by Penobscot Transportation Co., and 150 within walking distance of the school; a total of 550. Transportation costs would be in some degree greater than at present but not by a large amount.

Costs: There would be little, if any, saving in costs of operation of a consolidated school over the present setup. We cannot have advantages in education or anything else without paying for them. However, the costs would be almost the same according to the study made.

Currently the schools are using 15 teachers. This is an absolute minimum and many of these teachers are now carrying overcrowded schedules so that they can neither do their best work nor can their pupils. With the present physical plant this is, however, unavoidable and merely leads to educational opportunities being denied the children of the town. There were once 18 teachers on the town payroll and with any continuation of present growth three or more additional teachers would be necessary under the present setup—and there is currently no place for them to teach unless some of the closed down schools are reopened and rebuilt at great cost. In the consolidated school, 17 regular teachers and two special teachers would be required. Your committee feels that a home economics teacher could also supervise the cafeteria and a manual training teacher act as physical director and coach of athletic activities, so that the two special teachers envisaged here would have full schedules.

Heating costs, now approximately \$3,000 for the present setup, would be reduced to \$1,500. May we say in passing that this saving would be greater if more school capacity has to be added to the present setup or present schools are rebuilt with adequate heating plants.

Lighting costs, now \$250, would be less with all electricity on one meter.

Maintenance costs: Janitor service is now costing \$34 a week and your committee would suggest that one full-time job could be made for a combination janitor and school bus driver at a salary of \$40 or \$45 a week.

GENERAL

Your committee feels that a first step in securing a consolidated school would be the formation of a school district in the Town of Hampden. This will require an act of the Legislature as well as approval of the town. A school district is necessary for the proper financing of the project and would create a board of school trustees under whose authority and supervision the school would be constructed and operated.

Your committee also feels that with a school district certain funds for plans and architects' fees would be available to the town from Federal sources which cannot otherwise be secured except through somebody authorized for that purpose. Other funds under other Federal and State sources might become available if some authorized body were set up to take advantage of such opportunities.

Generally your committee feels that with growth in population and assessed valuation in the immediate future almost certain for the Town of Hampden, no other one thing could make the town so attractive to prospective builders and home owners as an adequate school system. Your committee feels that lack of such a school system or competent plans for one has already militated against natural growth in the town and that the present setup is doing the town a disservice not only in depriving the children of the town of their natural and fundamental right to an adequate education but in keeping out of the town parents whose first thought is for the future benefit of their families. We feel that enough new families

and additional homes would be attracted to the town through the operation of such a plan to pay, in a large amount, for the increased assessment necessary for such a school. Not only would such a school be valuable and useful for securing for the children of the town the high standard of education needed presently for them to succeed in a highly competitive modern world but it would be a definite business asset to the town as well.

Cost: No true estimate of cost can, of course, be given at this time, since there are no definite plans nor architectural estimates available and because of the unsettled condition of the times. However, in the best judgment of people competent to know such a building as above described could be constructed for a sum not in excess of \$150,000.

Your committee is therefore proposing and asking you to vote for the following articles which are incorporated in the town warrant:

(1) To see if the town will approve the formation of a school district.

(2) To see if the town will approve the application by the selectmen for a loan from the Federal Works Agency for making plans for school building construction.

(3) To see if the town will instruct the selectmen to purchase a site for the construction of a new school building subject to the approval of the school committee.

(4) To see if the town will instruct the selectmen to borrow money for the purchase of a school building site.

(5) To see what amount the town will raise to be added to the school building fund.

(6) To see what action the town will take in regard to the building committee which was elected at the last town meeting.

This report is respectfully submitted by your committee, which now asks to be discharged with the hope that this work will be taken up by a body with the authority of the town back of it and authorized to proceed with the project.

REPORT OF THE PUBLIC HEALTH NURSE 1945

Now that victory is won in war, let us concentrate on victory over disease. As long as we feel well we think very little of our body and how we benefit by healthy normal living. How true the saying is, "Health is wealth."

This year, as in years past, health supervision visits have been made to prenatal and post-partum mothers, infants, preschool children, school children and crippled children.

Conferences were held with the teachers regarding health problems arising in the schools. Home visits were made to parents of school children in order to explain need of dental, vision and hearing corrections and to guard against communicable diseases.

Hearing tests were done by use of the audiometer in all your schools to the children above the third grade. Parents were notified by the teachers of the reportable cases.

Follow-up visits have been made to tuberculosis patients who have returned from the Sanatorium in order to give health supervision, advice regarding return for X-rays and physical check-up.

Two of the summer Child Health Conferences were given over to the children entering school in the fall. This preschool examination is so valuable in order to have defects corrected before the child enters school. There was better cooperation from the parents this year, and it is gratifying to know that the parents are concerned

and wish to work with the Child Health Conference Committee to give their children every chance to start school without handicaps to learning.

In December, the school health program, illustrated by movies, was discussed at a teacher's meeting.

The following is the report of your local Health Committee Chairman:

At the monthly Child Health Conferences held alternating months at the Highlands Methodist Church and Horace Mann School in East Hampden, the following immunizations have been completed, plus many physical examinations:

19 smallpox vaccinations

13 whooping cough vaccinations

34 diphtheria immunizations

We greatly appreciate the cooperation of Doctor Weatherbee and Doctor Lezberg at these conferences and also the help of many volunteer workers.

Under the able supervision of our health nurse a Tuberculosis Survey was carried out with Patch testing of 656 persons. All positive reactors were X-rayed through the Maine Public Health Association.

We are having quarterly business meetings. This year we have added a few new members.

Respectfully submitted,

KATIE B. JONES, Chairman.

A tribute should be paid to the Hampden Health Committee whose members have so loyally worked to make all our health projects a success and Hampden a more healthful community. With their help, the Tuberculosis Survey of your town and the monthly Child Health Conferences have been made possible.

Respectfully submitted,

GEORGINA J. PATTERSON,

Public Health Nurse.

HAMPDEN FIRE DEPARTMENT

Hampden, Maine

Feb. 1, 1946

To the Selectmen and Residents of the Town of Hampden

Gentlemen:

During the past fiscal year, the Fire Department has answered 84 calls.

Chimney fires	34
Grass fires	21
Out of town	1
Buildings	15
Dumps	2
Woods	5
Automobiles	2
Wagons	1
Smoke scares	2
False alarms	1
	—
Total	84

During the past year we have purchased four new Indian Fire Fighter Tanks, which now gives us a complement of ten tanks. These are excellent devices with which to combat grass and woods fires. We have also purchased one new Hydrant Gate, two outfits consisting of helmets, rubber boots and rubber coats, an additional 50-ft. length of booster line hose, now giving us 200 feet, and six pair of smoke goggles.

We had the misfortune to suffer a breakdown in the main water pump at the Arno Varney fire, which resulted in a six weeks tieup of the truck while waiting for the necessary parts for repairs. The pump is now repaired and is in excellent condition. We found it necessary to put in a cement foundation in the front of the Fire Station, the old sill having rotted away. It was also necessary to install a new sliding overhead door, the old doors not being wide enough for the new truck. The hot water heating plant has performed well and kept the station at the proper temperature.

I want to thank the telephone operators for their fine service and cooperation in getting the calls out to the men on the department, also to the Volunteer Firemen for their promptness and willingness in answering the calls.

Respectfully submitted,

CLAIR A. TRASK, Fire Chief.

HAMPDEN WATER DISTRICT

Hampden Highlands, Me.

January 1, 1946

To the Selectmen of the Town of Hampden and the Residents of the Hampden Water District:

Gentlemen:

The following is the report of the Trustees of the Hampden Water District for the year 1945.

At the annual election held on the second Monday in May, John H. Perry was re-elected for a full term of five years.

At the meeting of the Trustees of the District held after the annual election, Thomas A. Murray was named President and Walter E. Whitney was named Treasurer and Clerk.

Respectfully submitted,

THOMAS A. MURRAY, President.

AUDITOR'S REPORT

February 20, 1946.

To the Inhabitants of Hampden:

In accordance with the request from your Board of Selectmen, we have audited the accounts and records of the Town of Hampden, Maine, for the municipal year ended February 10, 1946. We have reviewed the accounting system and tested or examined accounting records and supporting evidence of transactions for the municipal year, to the extent appropriate in view of the system of internal control. We performed all necessary work for the audit, but we did not perform a detailed audit of all transactions.

As part of our report, we submit to you the following statements:

- Exhibit A Comparative Balance Sheets as at February 10, 1946 and 1945
- Exhibit B Cash Receipts and Disbursements
- Exhibit C 1945 Valuation, Assessment, Commitment and Collection
- Exhibit D Statement of Departmental Accounts
- Exhibit E Analysis of Change in Surplus
- Schedule 1 Transactions in Uncollected Taxes
- Schedule 2 Transactions in Tax Liens
- Schedule 3 Transactions in Tax Deeds
- Schedule 4 Transactions in Tax Acquired Town Property
- Schedule 5 Accounts Receivable
- Schedule 6 Transactions in Trust Funds

Based upon our examination, and subject to comments appearing in this report, we hereby certify that, in our opinion, the accompanying Balance Sheet and related Financial Statements present the financial condition of the Town of Hampden as of February 10, 1946, and the results of operations for the year ended that date.

Respectfully submitted,

PAUL A. SMITH,

PAS:rb

Public Accountants.

COMMENTS

Cash on deposit with the Eastern Trust and Banking Co., Bangor, Maine, was reconciled with the bank certificate. Cash on hand at the close of the municipal year, in the amount of \$2.00, was verified by actual count. All records of cash were reconciled as of the date of our examination.

The 1945 assessment of taxes were found to be in agreement with the commitment. We viewed the outstanding tax liens, tax deeds, and tax acquired town property records held by the town. We further examined all transactions in the tax receivables and believe the reserve for uncollectibles to be adequate.

All individual excise tax receipts for the years 1945 and 1946, numbers 151 to 767 and 1 to 229 respectively, were totaled and proved against the receipts issued by the treasurer. The amount of \$2,041.59 which was collected was credited directly to the surplus account.

We did not circularize the accounts receivable but we examined all items making up this account and believe the asset to be correctly stated and the reserve for uncollectibles sufficient.

\$2,000.00 in sewer bonds matured and were paid during the year. The bonded debt is being retired at the rate of \$2,000.00 per year with the last maturing date being three years hence.

The records of amounts withheld from employees for teachers' retirement benefits, teachers' pensions, and federal income taxes were examined by us and the liability as shown appears to be proper and all records in accord with regulations.

The amount of \$7,000.00 invested in Series G, 2½% United States Savings Bonds, in general funds as of February 10, 1945, was transferred to a school building capital reserve fund and at that date entirely eliminated the unencumbered surplus and created a net debt of \$562.19. During the year there has been added to the reserve \$175.00, received in interest, and included in the general cash fund.

We examined the investment of all trust funds, including the capital reserve fund, and wherever investments of cash or time deposits were made we reconciled the amounts with the bank certificate. It should be noted that, included in the trust fund expendable cash, there is \$156.88 due the general fund.

Heavy overdrafts in the departmental accounts, of which the town hall heating plant amounting to \$4,244.12 is included, resulted in a net overdraft of \$7,386.49. Total of all transactions af-

fecting the current year resulted in a net loss of \$9,421.15. Considering all transactions, the town now has a net deficit of \$4,074.43. It is our understanding that a portion of the cost of the heating plant is to be recovered, but at the balance sheet date no definite agreement had been made and thus no receivable could be included.

The accounting principles and practices have been maintained on a basis consistent with the preceding year.

FOREWORD

In presenting this, my third report as Agent for the Selectmen of the Town of Hampden, Maine, I wish to thank each and every one who have assisted me in carrying on your Town's business. I also wish to thank my superior officers for their fullest support as we have tried to give the best administration we knew how.

I feel that we have done a real job this year. With the rising cost of material and labor we have improved every dollar we have spent. The appropriations this year were the highest the Town has ever had. All our bills are paid and we have a balance in the treasury. We have an overdraw in some of our departments, this being beyond our control. Several of our accounts, however, had a small balance unexpended, so after taking all things into consideration we feel that we haven't done too badly.

Again I thank you for your fine cooperation.

I remain,

Respectfully yours,

E. H. COLE.

WARRANT

STATE OF MAINE

Penobscot, ss.

To ERNEST DARLING, Constable of the Town of Hampden, in said County of Penobscot,

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Hampden, qualified to vote in town affairs to assemble at the Town Hall in said Hampden, on Monday, the 10th day of March, 1947, at nine-thirty o'clock (9:30) in the morning to act on the following articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To see if the Town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor, School Committee and Superintendent of Schools.

Article 4. To see if the Town will vote to adopt the Town Agent form of town management for the fiscal year 1947 and 1948.

Article 5. To see if the Town will vote to instruct the Selectmen to hire a Town Agent for the ensuing year, whose duty it shall be to act as Agent for the Selectmen, Assessors and Overseers of the Poor, to act as Tax Collector; to act as Road Commissioner; and to exercise control over all departments of the Town; and to perform all duties that may be prescribed by the Selectmen.

Article 6. To choose three or more Selectmen, Assessors and Overseers of the Poor for the ensuing year.

Article 7. To see what sum of money per day the Town will vote to pay the Road Commissioner or Commissioners for services.

Article 8. To choose one or more Road Commissioners for the ensuing year.

Article 9. To choose a member of the School Committee for the ensuing three years.

Article 10. To choose a Building Inspector and one or more Fire Wardens.

Article 11. To choose a Treasurer of the Town and all other Town Officers except a Collector of Taxes.

Article 12. To see if the Town will vote to accept bid on collection of taxes; and if acceptable bond can be furnished.

Article 13. To choose a Collector of Taxes.

Article 14. To see what sum of money the Town will vote to raise to pay for collection of taxes.

Article 15. To determine what sum of money the Town will vote to raise by taxation for the following purposes for the ensuing year:

For the support of Common Schools.

For the repair and insurance of Schoolhouses.

For the support of the poor.

For the support of children committed to the State.

For the support of dependent children under the provisions of the Mother's Aid Law.

For roads and bridges, summer.

For roads and bridges, winter.

For street lights.

For interest on notes.

For State Road patrol.

For care of cemeteries.

For salaries of town officers.

For maintaining and operating fire apparatus.

For incidental and unusual expenses.

Article 16. To fix the compensation of the Superintendent of Schools, and any other officers, and raise money for these purposes.

Article 17. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Hampden Academy the tuition of pupils qualified to attend such school in accordance with the provisions of Chapter 19, Section 92, of the Revised Statutes, and raise and appropriate money for that purpose.

Article 18. To see if the Town will vote to take one thousand dollars (\$1,000.00) from the Surplus Account to be used to drain and grade up land in the cemetery.

Article 19. To see if the Town will vote to take one hundred and fifteen dollars (\$115.00) from the Surplus Account to be used to make additional dams for fire protection.

Article 20. To see if the Town will vote to take twenty-two hundred dollars (\$2,200.00) from the Surplus Account to be put towards buying an all purpose piece of road equipment, and vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow the balance, in the name of the Town, if needed.

Article 21. To see if the Town will vote to raise and appropriate five hundred dollars (\$500.00) to be used for the maintenance of a Town Dump.

Article 22. To see if the Town will vote to raise sixty dollars (\$60.00) for the F. G. Flagg Relief Corps for Memorial Day purposes.

Article 23. To see if the Town will vote to use in 1947, the eleven hundred and seventy-eight dollars (\$1,178.00) raised but not used in 1945, for State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Section 19, Chapter 28, Revised Statutes of 1930, and Chapter 169 of the Public Laws of 1937, and under the provisions of Section 3, Chapter 229, of the Public Laws of 1937.

Article 24. To see if the Town will vote to authorize the Assessors to recind any amounts appropriated by the Town for State Aid Highway Construction in excess of the amount required to meet State apportionments.

Article 25. To see what sum, if any, the Town would recommend to take from the Joint Fund for the Construction of State Aid Highways for the purpose of applying bituminous surface treatment to State Aid Highways in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Article 26. To see what sum the Town will raise and appropriate for the maintenance of third class highways as provided in Sections 5 and 6, Chapter 229 of the Public Laws of 1937.

Article 27. To see if the Town will vote to raise and appropriate one thousand dollars (\$1,000.00) to tar the roads in Wheel-
den Heights.

Article 28. To see if the Town will vote to raise and appropriate one thousand dollars (\$1,000.00) to repair the Temple Mill
Road.

Article 29. To see what sum of money the Town will raise and appropriate for the purpose of cutting and removing brush on
crossroads.

Article 30. To see if the Town will vote to raise two hundred dollars (\$200.00) to cooperate with the Maine Forest Service and the Federal Government in the control of white pine blister rust within the confines of the Town.

Article 31. To choose one Trustee of the George Stetson Fund of Hampden Academy to serve for three years.

Article 32. To see if the Town will vote to guarantee five per cent (5%) interest on the ten thousand dollar (\$10,000.00) Stetson Fund, and raise and appropriate money for that purpose.

Article 33. To see what sum of money the Town will raise and appropriate for Hydrant Rental.

Article 34. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow during the ensuing year, in anticipation of, and to be paid out of, the taxes of the current year, 1947-48, a sum not exceeding fifteen thousand dollars (\$15,000.00) and to execute and deliver the negotiable note or notes of the Town therefor.

Article 35. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money for temporary purposes, and to execute and deliver the note or notes of the Town therefor.

Article 36. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to sell and convey in the name of the Inhabitants of the Town of Hampden, the interest in any real estate which the Town may own by virtue of proceedings for the enforcement of tax liens, or by virtue of tax deeds.

Article 37. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to release and convey in the name of the Inhabitants of the Town of Hampden, to the owner, at the time of assessment of the tax, of real estate on which the lien or deed for taxes has been enforced, and redemption expired, or to his heirs, devisees, or assigns, the right, title and interest acquired by the Town in and to any such real estate on payment of the amount of taxes, interest and charges due on the respective parcels.

Article 38. To see if the Town will vote to raise two thousand dollars (\$2,000.00) to retire two sewer bonds due on October 1, 1947.

Article 39. To see if the Town will vote to raise a sum sufficient to pay the interest on sewer bonds, payable on April 1, 1947 and on October 1, 1947.

Article 40. To see if the Town will vote to raise the sum of seven hundred dollars (\$700.00) to have the elm trees sprayed from the Bangor-Hampden line to the Winterport line, and all roads and streets leading away from the main highway, including the Old County Road, to help control the elm tree worm which is damaging our elm trees.

Article 41. To see if the Town will vote to erect a street light on the Coldbrook Road on the pole side of the bridge at Edward Laskey's.

Article 42. To see if the Town will vote to erect two street lights dividing up the distance from Dorothea Dix Park to Edgar Bellenfontaine's.

Article 43. To see if the Town will vote to erect a street light on a pole on the road connecting the Main and Back Roads, beginning at Kelley's Kitchen and ending opposite the Perry residence.

Article 44. To see if the Town will vote to erect two street lights at Hampden Lower Corner and two street lights at Hampden Upper Corner.

Article 45. To see if the Town will raise and appropriate two hundred dollars (\$200.00) for public health nursing in Hampden; said money to be expended by the State Bureau of Health for local service.

Article 46. To see if the inhabitants of the Town of Hampden will accept the provisions of Sections 136 to 141, inclusive, of Chapter 84 of the Revised Statutes of the State of Maine, relating to the construction of drains and common sewers, and assessment for defraying the expenses of constructing and completing drains and sewers.

Article 47. To see if the Town will vote to establish and maintain a hydrant on the curve of lower Cottage Street beyond the residence of Guy Tribou.

Article 48. To see if the Town will vote to discontinue the so-called Lincoln Road, Gilmore Road, Charles Cole Road and the Piper Road.

Article 49. To choose one School District Trustee for the ensuing five years.

Article 50. To see if the Town will vote to raise fifteen thousand dollars (\$15,000.00) for the new School District.

Article 51. To see if the Town will vote to transfer the seven thousand dollars (\$7,000.00), and interest accumulated on same, which is Town Funds Invested, to the School District Trustees.

Article 52. To see if the Town will vote to raise and appropriate one hundred dollars (\$100.00) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 80, Section 95, of the Revised Statutes of Maine.

Article 53. To see if the Town will vote to raise and appropriate five hundred dollars (\$500.00) to be used to paint the Town Hall inside and out.

Article 54. To see if the Town will vote to raise and appropriate fifteen hundred dollars (\$1,500.00) to put flush toilets in the Town Hall and connect up with the sewer line at Leslie Stanley's, and if this amount is not sufficient vote to authorize the Selectmen and Treasurer to borrow the balance.

Article 55. To see if the Town will vote to accept from Charles Gould the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Gould lot in the Nealley's Corner Cemetery.

Article 56. To see if the Town will vote to accept from Dr. Harry Butler the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Butler lot in Locust Grove Cemetery.

Article 57. To see if the Town will vote to accept from the Estate of Frances Gilbert the sum of two hundred dollars (\$200.00), the income therefrom to be expended annually for the perpetual care of the Sawyer lot in the West Hampden Cemetery.

Article 58. To see if the Town will vote to accept from Virginia Sawyer the sum of one hundred dollars (\$100.00), the income therefrom to be expended annually for the perpetual care of the Isiah York lot in the West Hampden Cemetery.

Article 59. To see if the Town will vote to appoint a Committee of Twelve Citizens to cooperate with the Selectmen in preparing and presenting at the next Annual Meeting a budget for the year 1948 and 1949.

Article 60. To transact any other business that may properly come before said meeting.

Given under our hands this first day of March, 1947.

Selectmen of Hampden.

By: CLAYTON E. COUILLARD
 GEORGE A. HAMLIN
 WARREN B. GOODELL
 JOSEPH W. HOIT
 LOUIS C. STEARNS, 3rd
 PERCY B. FLANDERS

TOWN TRUSTEES' REPORT ON THE GEORGE STETSON FUND

To the Inhabitants of the Town of Hampden

Thru: The Town Trustees of the George Stetson Fund, Hampden Academy, 1946.

The income from the George Stetson Fund bonds is as follows:

2 Southern Pacific, Oregon	\$ 90.00	
3 Portland Terminal	120.00	
5 Series "G" Gov't Bonds	125.00	
	<hr/>	\$335.00
Bal. of interest due from Town of Hampden		165.00
		<hr/>
		\$500.00

Interest on the Sinking Fund is as follows:

April 1, 1946	\$10.76	
Oct. 1, 1946	10.87	
	<hr/>	\$21.63

The amount of the Sinking Fund for 1946, Bangor Savings Bank Deposit No. 101602, is now \$1,098.32.

All of the above securities are in the safe deposit box at the Merchants National Bank.

Respectfully submitted,

WALTER E. WHITNEY,

Treasurer

Hampden Academy

Walter E. Whitney, treasurer of the Hampden Academy and custodian of the George Stetson Fund, submits the above statement showing the amount of interest due the academy from the town to be \$165.00 which is correct. There has been no changes made in this fund during the past year.

As shown in Mr. Whitney's statement there are ten one thousand dollar bonds and a sinking fund of \$1,098.32.

STUART M. WOODARD,

R. G. LEONARD,

H. L. BRUCE,

Town Trustees of the
George Stetson Fund

91 Spayed Female Dogs
16 Female Dogs
1 Kennel License

E. H. ROWELL,
Town Clerk.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Hampden:

It is again my privilege and duty to present for your consideration a report of your schools for the past year and a summary of needs for the coming year.

ENROLLMENT

The enrollment in the elementary grades for the present school year is 496, a small increase over last year. However, this is the largest enrollment recorded for the town of Hampden with the exception of the year 1941 when the registration was 497, one more than at the present time. The following statistics regarding the enrollment may be of interest:

Enrollment by Schools			Enrollment by Grades	
		Number Conveyed	Sub-primary	
East Hampden	110	39	Grade 1	63
Upper Corner	104	25	Grade 2	52
Highlands	111	62	Grade 3	60
West Hampden	55	43	Grade 4	58
Center	52	27	Grade 5	55
Hardy Hill	33	15	Grade 6	61
Holmes	31	26	Grade 7	49
			Grade 8	46
<hr/>			<hr/>	
Total	496	237	Total	496

TEACHERS

The secret of a good school is the teacher. No matter how fine a school building we may have or how superior the equipment may be, unless we have a good teacher, we are sure to have a poor school. On the other hand, if we have a good teacher in a modern school building with good equipment, we are sure of having an excellent school.

Hampden suffered a great loss in the death of Miss Abbie Sherman, who was for many years a teacher in the Hampden schools. In spite of adverse physical surroundings and sometimes meager equipment Miss Sherman always succeeded in maintaining a good school

which left a never-to-be-forgotten impression on the lives of those who were privileged to be under her sympathetic guidance and instruction.

The people of Hampden are extremely fortunate in having a large number of excellent local teachers who have helped to maintain the schools at a comparatively high level of efficiency in spite of trying conditions the past few years. The salaries, however, are not adequate to take care of the very great increase in the cost of living and as a result substantial increases are due our teachers. The School Committee has provided in the budget for increases which will allow us to pay the minimum salary as prescribed by the MacKinnon Bill which is currently being considered by the Legislature. Whether this bill becomes a law or not we must give our teachers increased salaries if we are to keep our present efficient staff.

At the present time we have two less teachers than we had three years ago. In order to relieve the over-crowded conditions at the Upper Corner and Highlands it may be necessary to open the Arey's Corner School next year which will mean an extra teacher.

REPAIRS

We have been unable to do as much repairing on the schoolhouses as we had hoped because of several unforeseen circumstances. Part of the basement wall at the Upper Corner School had become so badly out of line that it had to be straightened to make the building safe for the children. The work of vandals in smashing practically all the windows at the West Hampden School required a very expensive repair job. The Holmes School was thoroughly redecorated inside during the past summer. In most schools the blackboards were resurfaced and all buildings had minor repairs made on seats, windows, etc.

In view of the fact that last year we had a large overdraft of \$612.15 on account of insurance policies falling due which had previously been paid out of the town general fund, and also since we had to pay \$150.00 for insurance this year, we did not have a very large amount for actual repairs.

We are asking for an appropriation of \$1,800.00 this year for Repairs and Insurance. Due to the increased cost of replacement it was deemed advisable to increase the amount of insurance on our schoolhouses. This means that during the coming year we will

have to pay approximately \$535.00 for insurance. This together with the present overdraft of \$270.85 will leave approximately \$1,000.00 out of the \$1,800.00 for actual repairs.

In as much as we are looking forward to the construction of our new building in the near future we will make only what repairs are necessary for the safe operation and preservation of our present school buildings.

NEW SCHOOL BUILDING

It is indeed gratifying that so large a majority of the citizens of Hampden have approved the plan for consolidation of our schools. The acceptance of the act to incorporate the Town of Hampden School District has made it possible for the Trustees of the School District to work definitely toward securing a site and making plans for the construction of the new school as soon as it seems feasible.

My personal opinion of what we need for a school building would, in general, be along the following lines: an elementary unit of 14 or 15 regular class rooms to accommodate the grades from the sub-primary through the sixth; a secondary unit to take care of grades 7 and 8 and the high school or academy; a combination auditorium-gymnasium, cafeteria, teachers' rooms, room for clinics, offices for principal and superintendent, music room, library, manual training room, and a room for home economics.

A semi-fireproof two-story building of brick without basement, except for heating plant and possibly bus storage, would be desirable.

TEXTBOOKS AND SUPPLIES

All schools are now well supplied with textbooks and necessary supplies. New texts have been adopted in arithmetic for some of the grades this year and we plan to complete the new series in all grades this coming fall. A new program of spelling has been provided for all grades. A moving picture projector will be purchased as soon as available. The State has given us \$200.00 for this purpose and the school children are making contributions from their school funds to help in purchasing this machine. Modern textbooks and essential supplies help to make for efficient school work.

COOPERATION

It has been a source of pleasure to note the increasing activities

of various organizations which are contributing directly to the welfare of our schools. I would especially commend the following: Hampden Farm Bureau for school lunch programs in the West Hampden and the Hampden Center Schools; the Horace Mann P.T.A. for school lunch program at East Hampden; the Hannibal Hamlin P.T.A. for the series of socials which they are sponsoring for the children of that school; the McKinley P.T.A. for their activities in promoting a Safety Program; the Hampden Health Committee for their pre-school clinics. It is such whole hearted support from the citizens of Hampden which helps to improve the educational opportunities for our children.

NO SCHOOL SIGNAL

When it seems advisable on account of weather conditions to cancel school sessions this fact will be announced on the radio between 7 and 7:30 a. m. In as much as there are some bus pupils attending every school in town it seems best, when traveling conditions are hazardous, to close schools for the day. Days lost, however, will be made up before the end of the school year. At the present time five days have been lost and will be made up by an extra week of school at the end of the year. This will make the closing date June 13th. Any additional days lost will be made up by Saturday sessions or during the spring vacation.

CONCLUSION

I would like to extend an invitation to all parents and citizens to visit our schools and become acquainted with the teachers. When parents know from first hand experience what the schools are doing and the teacher's point of view many problems concerning your children can be quickly and easily solved. Please feel free at any time to call upon your superintendent when he can be of assistance. The schools of Hampden are maintained solely for the benefit of your children. Any suggestions which might improve the schools will be gratefully received by all school officials.

I wish to express my appreciation to all who have helped to make the past year one of progress.

Respectfully submitted,

EARL C. McGRAW,

Supt. of Schools.

HAMPDEN SCHOOL DISTRICT

At a special Town Meeting on Monday, September 16, 1946, the Town voted by ballot to accept and approve the Chapter 138 of the Private and Special Laws of 1945 of the State of Maine entitled, "An Act to Incorporate the Town of Hampden School District."

The Selectmen of the Town of Hampden appointed the following School District Trustees for the terms designated:

Edwin M. Chase—1 year

Expiring the second Monday in March, 1947

Carleton E. Littlefield—2 years

Expiring the second Monday in March, 1948

Randolph A. Weatherbee—3 years

Expiring the second Monday in March, 1949

Earl W. Spaulding—4 years

Expiring the second Monday in March, 1950

Guy O. Matthews—5 years

Expiring the second Monday in March, 1951

REPORT OF PUBLIC HEALTH NURSE, 1946

January 1 to December 31, 1946

Public Health means Community Health. Therefore in order to have a good public health program in your town it is necessary that the citizens know how the public health program functions. Everyone benefits either directly or indirectly by this program.

Recognizing that whatever is done to assure physical and mental health during maternity, infancy, childhood and youth will effect the health of the adult population, we have, as in the past, placed most emphasis on the work with the pregnant mother, the infant and pre-school child.

Health supervision visits were made to infants to urge the mothers to keep their babies under medical supervision, to have them vaccinated against smallpox and immunized against diphtheria. Stress was placed on the importance of having whooping cough vaccine given to the infant as soon as the family physician feels it advisable. The prevention of communicable diseases which

takes such a heavy toll during infancy was emphasized. Whenever indicated mothers were assisted in planning daily schedules for their infants.

Health supervision visits were made to pre-school children in order to help with correction of defects and establishment of good health habits. It is very important that defects in this age group be corrected before they enter school. It is our aim to send a healthy child to school.

Conferences were held with teachers to discuss health problems arising in the schools and to cooperate with them in promoting progressive health education. Home visits were made to parents of school children in order to explain the need of dental, vision and hearing corrections and to guard against communicable diseases.

Children in your town have profited by the Crippled Children and Pediatric clinics sponsored by the State Bureau of Health. Children are referred to these clinics by their family physician through the public health nurse for help in diagnosis and treatment.

At the diphtheria toxoid clinic held in the spring 317 school children were immunized. This clinic was sponsored by your Health Committee and the State Bureau of Health.

Necessary follow up has been done on patients with venereal disease and tuberculosis. Also visits have been made to their contacts in order to keep them under treatment and to prevent spread.

The following is a report of the Hampden Health committee:

"Under the guidance of our Public Health Nurse, Miss Patterson, our committee has continued the health program in Hampden.

With the exception of three winter months we have sponsored jointly with the State Bureau of Health monthly Child Health Conferences for pre-school children. The following preventative measures have been offered, whooping cough vaccine, diphtheria toxoid and smallpox vaccine. The results were as follows: physical examinations—82, smallpox vaccinations—25, diphtheria toxoid—32 and whooping cough vaccine—8. We feel that the townspeople are responding to the urge for healthy children signified by the number of parents who have attended with their children thus building up a strong protection against communicable diseases. After six months of age all children are urged to have these inoculations.

The committee has met once each quarter to plan their program.

The Summer Round Up for children entering school in the fall was jointly sponsored with the Parent Teacher Association.

Suggestions for future projects will be welcome and also volunteers as helpers at clinics and conferences. New members for the committee will be most acceptable.

The Town Hall is used for the Child Health Conferences since the installation of the new heating plant. The committee appreciates the use of the newly renovated doctor's examining room.

One member of the committee has served as a volunteer helper at the Pediatric Clinic held in Bangor and sponsored by the State Bureau of Health.

Respectfully submitted,

ESTHER SPAULDING,
Chairman."

The Health Committee has been of invaluable assistance to the Public Health nurse in her work and has meant a great deal to the community.

Respectfully submitted,

GEORGINA J. PATTERSON,
Bureau of Health
Public Health Nurse.

HAMPDEN WATER DISTRICT

Hampden Highlands, Maine

January 1, 1947

To the Selectmen of the Town of Hampden and the residents of
the Hampden Water District:

Gentlemen:

The following is the report of the Trustees of the Hampden Water District for the year 1946.

At the annual election held on the second Monday in May, Walter E. Whitney was re-elected for a full term of five years and Thomas R. McDonough was elected to fill the vacancy caused by the resignation of G. A. Woodward.

The Trustees met following the election and named Thomas A. Murray, President, and Walter E. Whitney, Clerk and Treasurer.

The progress that has been made and the financial condition of the District will be shown in the reports of the Superintendent and Treasurer.

Respectfully submitted,

THOMAS A. MURRAY,
President.

HAMPDEN FIRE DEPARTMENT

To the Selectmen and Citizens of the Town of Hampden:
Gentlemen:

The following is my report as Chief of the Department.

During the past year the department has answered 96 calls, 12 more than the previous year.

Grass fires	48
Chimney fires	24
Out of town	2
Buildings	7
Dumps	4
Woods	2
Automobiles	2
Flooded oil burners	4
False alarms	1
Miscellaneous	2
	—
	96

The department has functioned smoothly this year and we have not experienced any unusual difficulties along the mechanical and equipment line. We purchased 200 ft. 2½" hose this past year and will have to buy more of both the 2½" and 1½" the coming year. This is due mainly to deterioration rather than direct wear and tear, although we have had a surprising amount of hose ruined by cars driving over it at the scene of some of the fires. These drivers can be held responsible and liable for this damage, if apprehended, and it would be well for everyone to take note of this fact and abide by it. It is no joke to ruin a 50 ft. length of hose which costs better than a dollar a foot, just because they want to get by.

I would like to impress on each of the citizens of the town that in case of fire, call the Hampden Telephone Operator and tell her who you are, what the fire is and where the fire is. She will then call the necessary men. **DO NOT CALL ANY MEMBER OF THE DEPARTMENT.**

I again wish to thank the telephone operators for their fine service and cooperation, also the volunteer firemen for their promptness and willingness in answering the calls.

Respectfully submitted,

CLAIR A. TRASK,
Fire Chief.

AUDITOR'S REPORT

February 27, 1947

Board of Selectmen, Hampden, Maine:

Gentlemen:

In accordance with the terms of our engagement, we have made an examination of the balance sheet of the Town of Hampden as of February 10, 1947. Our audit has embraced the verification of the assets and liabilities of the Municipality and an analytical review by test of the departmental expense and income records, transactions and supporting evidence, to the extent necessary in view of the system of internal control; however, we did not make a detailed audit of departmental expense and income transactions. We investigated the accounting system in force in the Municipality and found it being well maintained and on a basis consistent with sound methods of Municipal accounting.

SCOPE OF AUDIT

Cash in the general fund has been reconciled with certificate furnished by the Eastern Trust and Banking Co. of Bangor, Maine. Cash on hand at the close of the year in the amount of \$498.37 has been verified as having been deposited on February 11, 1947.

We have proved the assessment of 1946 taxes and compared the amount, in detail, with the list committed to the collector. The assessment appears to reflect a careful inventory by your assessors with boundary descriptions furnished to substantiate assessments.

Tax receivables at the close of the year reflect very satisfactory collections for the current year and successful efforts to enforce collection of prior years.

We have examined all tax liens for 1945 taxes and reconciled all transactions in both liens and deeds to ledger control. A reserve for possible loss in collection is considered to be adequate. There has been no change in the status of tax acquired property.

Accounts receivable originating during the year are from other Municipalities for pauper supplies furnished during the months of January and February 1947. One other item is a balance from a previous year for which a reserve for possible loss had already been established.

We have examined investment of the capital reserve fund which consists of obligations of the Federal Government.

During the year \$2,000.00 of sewer bonds matured and were paid. The cancelled bonds have been examined by us.

We have examined the records of employee funds withheld for federal income tax and teachers' benefits and found that the liability as stated appears to be proper.

A fund for cemetery perpetual care has been received and held in the general funds pending acceptance at your next annual meeting.

The liability for capital reserve exceeds the investment by \$350.00 due to interest earnings of the current and prior years, required by statute to become a part of this fund, but not segregated from the general funds at the close of the year.

We have examined all security investments in trust funds and have confirmed by bank certificate all sums on time deposit.

C O M M E N T S

We have examined in detail, all transactions in the departmental accounts for the months of February and October 1945 and found checks issued in payment of payrolls and other vouchers to be substantiated. We further test checked items of income and expense for the other ten months; traced all items of cash recorded as received and paid to the general ledger.

We have added excise receipts #230 to #947 inclusive for 1946, and #1 to #251 for 1947, and found the total to be in agreement with receipts issued by the Treasurer. Collections have been credited to your surplus account.

Departmental balances carried forward other than those required by statute, include \$200.00 for building and park improvement, this sum not accruing from tax levy; an overdraft of \$70.00 in other town poor pending determination of parties responsible for payment; and \$100.00 available for the Memorial Boulder pending further financing. The balance in the water system account for the Locust Grove Cemetery is an unexpended balance of \$62.82 from prior years' donations and \$2,000.00 received under the will of Annie W. Sparrow, with the condition, however, that expenditures for this purpose be made prior to December 31, 1947.

At the close of the year, invoices from the State for the town's share in aid to dependent children for the three months period ended December 31, 1946 and for board and care for the six months ended December 31, 1946 had not been received. Unexpended balances in these accounts have been carried forward in anticipation of these obligations.

Municipal accounting procedures and principals have been unusually well maintained and the records very well kept.

CERTIFICATE

Subject to the foregoing qualifications and based upon our examination, we hereby certify that, in our opinion, the accompanying balance sheet and statement of departmental income and expenses fairly present the financial condition of the Town of Hampden, Maine as at February 10, 1947, and the results of operation for the year ended that date.

Respectfully submitted,
PAUL A. SMITH & CO.
Public Accountants.
By W. C. Wheeler

ANNUAL REPORT

1947 - 1948

TOWN OF
HAMPDEN
MAINE

TOWN AGENT GOVERNMENT

Hampden was incorporated February 24, 1794

Population U. S. Census 1940, 2586.

IMPORTANT

All taxpayers should read the following requirement and comply with it:—

Section 35, Chapter 81, Revised Statutes of Maine, 1944: "Before making an assessment, the Assessors shall give reasonable notice in writing to the inhabitants, by posting notifications in some public place in town, or shall notify them in such other ways as the town, at its annual meeting, directs, to make and bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is hereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

TOWN OF HAMPDEN

LETTER OF TRANSMITTAL

To the Board of Selectmen and Citizens of Hampden:

It is my privilege to submit to you a report of the administration of the affairs of the town of Hampden for the year 1947.

I wish to direct your attention to the Auditor's Report, which will, I believe, give you a correct and concise picture of the financial condition of the town, and the statement of departmental operations will, I think, give you some idea of the extent of the administration of the several divisions of the town government. A detailed list of the receipts and disbursements are on file at the Town Office, and may be seen there by any citizen who so desires.

The amount of uncollected taxes, as you will see in the Auditor's Report, was \$2,548.10, which was two and five-eighths per cent of the commitment, and we believe that we have done a real job. There have been quite a few of these taxes that have been collected since the books closed.

In conclusion, I wish to express my thanks to the citizens of Hampden for their expressions of confidence, and helpful suggestions during the past year. Especially do I wish to thank Harold Pierce for his gift to the Town of five hundred dollars, which went towards patrolling the Town during the critically dry season last Fall.

I also wish to thank the Selectmen for their unfailing support, without which the successful administration of the town affairs would not be possible, and the Budget Committee, for their time and effort in the service of the Town. I deeply appreciate the cooperation in all the employees of the Town. Their honesty and faithfulness to duty in the rendering of a public service is most commendable.

Respectfully submitted,
ERNEST H. COLE,
Town Agent.

WARRANT

STATE OF MAINE

Penobscot, ss.

To ERNEST DARLING, Constable of the Town of Hampden, in
said County of Penobscot, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Hampden, qualified to vote in town affairs to assemble at the Town Hall in said Hampden, on Monday, the 8th day of March, 1948, at nine-thirty o'clock (9:30) in the morning to act on the following articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To see if the Town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor, School Committee and Superintendent of Schools.

Article 4. To see if the Town will vote to adopt the Town Agent form of town management for the fiscal year 1948 and 1949.

Article 5. To see if the Town will vote to instruct the Selectmen to hire a Town Agent for the ensuing year, whose duty it shall be to act as Agent for the Selectmen, Assessors and Overseers of the Poor, to act as Tax Collector, to act as Road Commissioner, and to exercise control over all departments of the Town; and to perform all duties that may be prescribed by the Selectmen.

Article 6. To choose three or more Selectmen, Assessors and Overseers of the Poor for the ensuing year.

Article 7. To see what sum of money per day the Town will vote to pay the Road Commissioner or Commissioners for services.

Article 8. To choose one or more Road Commissioners for the ensuing year.

Article 9. To choose a member of the School Committee for the ensuing three years.

Article 10. To choose a Building Inspector and one or more Fire Wardens.

Article 11. To choose a Treasurer of the Town and all other Town Officers except a Collector of Taxes.

Article 12. To see if the Town will vote to accept bid on collection of taxes; and if acceptable bond can be furnished.

Article 13. To choose a Collector of Taxes.

Article 14. To see what sum of money the Town will vote to raise to pay for collection of taxes.

Article 15. To determine what sum of money the Town will vote to raise by taxation for the following purposes for the ensuing year:

For the support of Common Schools.

For the repair and insurance of Schoolhouses.

For the support of the poor.

For the support of children committed to the State.

For the support of dependent children under the provisions of the Mother's Aid Law.

For roads and bridges, summer.

For roads and bridges, winter.

For street lights.

For interest on notes.

For State Road patrol.

For care of cemeteries.

For salaries of town officers.

For maintaining and operating fire apparatus.

For incidental and unusual expenses.

Article 16. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Hampden Academy the tuition of pupils qualified to attend such school in accordance with the provisions of Chapter 19, Section 92, of the Revised Statutes, and raise and appropriate money for that purpose.

Article 17. To see if the Town will vote to raise and appropriate sixteen thousand dollars (\$16,000.00) for the Hampden School District.

Article 18. To see if the Town will vote to raise and appropriate one thousand dollars (\$1,000.00) to complete the road leading up by Ralph Patterson to the Old County Road in Wheelden Heights.

Article 19. To see what sum of money the Town will vote to pay the assessors per day.

Article 20. To see if the Town will vote to incorporate the Cemeteries in the Town of Hampden.

Article 21. To see if the Town will vote to allow the sale of Fireworks on July third and fourth only.

Article 22. To see if the Town will vote to appoint a Committee of 5 to draw up rules and regulations for a Building Code in the town, and have the Selectmen appoint same.

Article 23. To see if the Town will vote to appropriate the sum of four hundred dollars (\$400.00) to cooperate with the Maine Forest Service and the Federal Government in the control of the White Pine Blister Rust in accordance with Revised Statutes, Chap. 32, Sec. 54.

Article 24. To see if the Town will vote to raise and appropriate three hundred dollars (\$300.00) to finish the grading of land for lots in Locust Grove Cemetery.

Article 25. To see if the Town will vote to raise sixty dollars (\$60.00) for the F. G. Flagg Corps for Memorial Day purposes.

Article 26. To see if the Town will vote to authorize the Assessors to rescind any amounts appropriated by the Town for State Aid Highway Construction in excess of the amount required to meet State apportionments.

Article 27. To see if the Town will raise eleven hundred and ninety-seven dollars (\$1,197.00) for State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Sections 25 and 29, Chap. 20, R. S. 1944, as amended.

Article 28. To see what sum, if any, the Town will recommend to take from the Joint Fund for the Construction of State Aid Highways for the purpose of applying bituminous surface treatment to State Aid Highways in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Article 29. To see if the Town will vote to raise one thousand dollars (\$1,000.00) for tarring roads.

Article 30. To choose one Trustee of the George Stetson Fund of Hampden Academy to serve for three years.

Article 31. To see if the Town will vote to guarantee five per cent (5%) interest on the ten thousand dollar (\$10,000.00) George Stetson Fund, and raise and appropriate money for that purpose.

Article 32. To see what sum of money the Town will raise and appropriate for Hydrant Rental.

Article 33. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow during the ensuing year, in anticipation of, and to be paid out of, the taxes of the current year, 1948-49, a sum not exceeding twenty-five thousand dollars (\$25,000.00) and to execute and deliver the negotiable note or notes of the Town therefor.

Article 34. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to hire money for temporary purposes, and to execute and deliver the note or notes of the Town therefor.

Article 35. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to sell and convey in the name of the Inhabitants of the Town of Hampden, the interest in any real estate which the Town may own by virtue of proceedings for the enforcement of tax liens, or by virtue of tax deeds.

Article 36. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to release and convey in the name of the Inhabitants of the Town of Hampden, to the owner, at the time of assessment of the tax, of real estate on which the lien or deed for taxes has been enforced, and redemption expired or to his heirs, devisees, or assigns, the right title and interest acquired by the Town in and to any such real estate on payment of the amount of taxes, interest and charges due on the respective parcels.

Article 37. To see if the Town will vote to authorize the Selectmen to ask for bids for 9,360 feet of sewer extension; 4,050 feet at East Hampden, and 5,310 feet at Hampden Highlands, if a firm bid can be secured—not to exceed \$45,000.00.

Article 38. To see if the Town will vote to raise two thousand dollars (\$2,000.00) to retire two sewer bonds due on October 1, 1948.

Article 39. To see if the Town will vote to raise a sum sufficient to pay the interest on sewer bonds, payable on April 1, 1948 and on October 1, 1948.

Article 40. To see if the Town will raise and appropriate two hundred dollars (\$200.00) for public health nursing in Hampden; said money to be expended by the State Bureau of Health for local service.

Article 41. To see if the Town will vote to maintain a street light on a pole near Tinkham's house on Lower Summer Street.

Article 42. To see if the Town will install and maintain a street light near the residence of Linwood Smith on the Main Highway.

Article 43. To see if the Town will vote to install and maintain a street light in front of the home of Benjamin Whitmore on the Kennebec Road.

Article 44. To choose one School District Trustee for the ensuing five years.

Article 45. To see if the Town will raise and appropriate the sum of forty-five hundred dollars (\$4,500.00) for a new school bus.

Article 46. To see if the Town will raise and appropriate two thousand dollars (\$2,000.00) to connect the Town Hall up with the sewer at Leslie Stanley's, a distance of 700 feet.

Article 47. To see if the Town will vote to raise and appropriate four thousand dollars (\$4,000.00) to take care of the Town's share of the damage by fire at the Town Hall.

Article 48. To see what sum of money the Town will vote to raise and appropriate for cutting bushes on cross roads.

Article 49. To see if the Town will vote to establish and maintain two hydrants on the Kennebec Road between the reservoir and Arey's Corner, if needed.

Article 50. To see if the Town will vote to raise and appropriate one hundred dollars (\$100.00) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising

the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 80, Section 95, of the Revised Statutes of Maine.

Article 51. To see if the Town will vote to authorize and direct the Selectmen in the name of the Inhabitants of Hampden to contract with the Hampden Water District for water service for the fire hydrants, for five years.

Article 52. To see if the Town will vote to accept the sum of two hundred dollars (\$200.00) from Helen Smith, the interest to be used for the perpetual care of the Edgar Tibbetts lot in Locust Grove Cemetery.

Article 53. To see if the Town will vote to accept the sum of two hundred dollars (\$200.00) from Minnie Fleming Roberts, the interest to be used for the perpetual care of the Fleming Roberts lot in Locust Grove Cemetery.

Article 54. To see if the Town of Hampden will accept from Theron A. Sparrow the sum of two hundred dollars (\$200.00), the income therefrom to be used annually for the perpetual care of the Fred W. Sparrow lot in Locust Grove Cemetery.

Article 55. To see if the Town will accept one hundred dollars (\$100.00) from Helen Craig, the income therefrom to be used annually for the perpetual care of the Craig lot in Locust Grove Cemetery.

Article 56. To see if the Town will vote to accept from the Estate of Lelia Patten Kotman the sum of two hundred and fifty dollars (\$250.00), the income therefrom to be expended annually for the perpetual care of the John E. Patten lot and stones in Locust Grove Cemetery, and to provide flowers on Memorial Day each year.

Article 57. To see if the Town will vote to appoint a Committee of Twelve Citizens to cooperate with the Selectmen in preparing and presenting at the next Annual Meeting a budget for the year 1949 and 1950.

Article 58. To transact any other business that may properly come before said meeting.

Given under our hands this twenty-eighth day of February,
1948.

Selectmen of Hampden,

A true copy.

Attest: ERNEST DARLING, Constable.

February 20, 1948

To the Municipal Officers of Hampden, Maine:

Gentlemen:

The following is a report of the doings of the Trustees of the Town of Hampden School District for the fiscal year just closed.

The trustees consist of Edwin Chase, Carlton Littlefield, Randolph A. Weatherbee, Earl Spaulding and Guy Matthews, of whom Mr. Chase is president, Mr. Spaulding secretary, and Mr. Weatherbee clerk.

During the year the trustees have met on numerous occasions with members of the School Board, architects and a representative of the State Department of Education, at which times the many problems of construction of a school building have been studied. Other new school buildings have been visited by the trustees and their various features observed.

On May 19, 1947, the trustees purchased from Alice L. Bragg, for the sum of \$10,000, her homestead property on the westerly side of Highway No. 1, believing this to be an exceptionally fine location for a new school building. Although the trustees realized the need for both an elementary and a high school building, the Legislative Act creating the school district limits the borrowing power of the district to \$300,000, and as it appears clear that both buildings could not be erected for that sum of money, the trustees have decided that it is advisable to proceed with the construction of an elementary school building at this time. The firm of Crowell and Lancaster, architects, has been engaged to make plans for this building, and preliminary drawings have been submitted and studied. Present plans of the trustees are to proceed with the erection of a modern, fire-resistant elementary school building which would accommodate 630 students, if final plans of the architects indicate that this building can be constructed for the amount of money that the district is able to raise.

Respectfully submitted,

Trustees of the Town of Hampden School District

By RANDOLPH A. WEATHERBEE, Clerk.

TOWN TRUSTEES' REPORT ON THE GEORGE STETSON FUND

To the Inhabitants of the Town of Hampden:

Thru: The Town Trustees of the George Stetson Fund, Hampden Academy, 1947.

The income from the George Stetson Fund bonds is as follows:

2 Southern Pacific, Oregon	\$ 90.00	
3 Portland Terminal	120.00	
5 Series "G" Gov't Bonds	125.00	
	<hr/>	\$335.00
Balance of interest due from Town of Hampden		165.00
		<hr/>
		\$500.00

Interest on the Sinking Fund in Bangor Savings Bank is as follows:

April 1, 1947	\$ 10.98	
Oct. 1, 1947	11.09	
	<hr/>	\$ 22.07

The amount of the Sinking Fund for 1947, in the Bangor Savings Bank Deposit No. 101602, is now \$1,120.39.

All of the above securities are in the safe deposit box at the Merchants National Bank.

Respectfully submitted,

WALTER E. WHITNEY,

Treasurer

Hampden Academy

Walter E. Whitney, treasurer of the Hampden Academy and custodian of the George Stetson Fund, submits the above statement showing the amount of interest due the academy from the town to be \$165.00, which is correct. There has been no changes made in this fund during the past year.

As shown in Mr. Whitney's statement there are 10 one thousand dollar bonds and a sinking fund of \$1,120.39.

STEWART WOODARD,

HAROLD BRUCE,

R. G. LEONARD,

Town Trustees of the
George Stetson Fund

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Hampden:

The following school report for the year ending March 1, 1948 is presented with the hope that you may better understand the conditions which exist in your schools, together with the problems which must be faced in the coming year.

ENROLLMENT

The total enrollment for the present school year is 518, an increase of 24 over last year. In my first report, three years ago, I stated that the enrollment for that year was 432. Thus you will see that in three years the school population in the grades has increased a total of 84. These additional pupils have been taken care of without increasing the number of teachers or the number of classrooms because we have hoped that the new school building would be ready to take care of this marked increase. However, we cannot accommodate any more children in the present classrooms and it will be necessary next fall either to open Arey's Corner School or eliminate the sub-primary year from our system until we get into the new building.

We may safely expect that school enrollment will continue to increase for some time. The increased birth rate of recent years would indicate that enrollment in the elementary grades will increase nearly 25 per cent during the next decade. This increase will of course in a few years tend to increase high school enrollment also.

The following statistics will point out how the pupils are distributed by schools and grades.

Enrollment by Schools		Enrollment by Grades	
East Hampden	103	Sub-primary	63
Upper Corner	116	Grade 1	51
Highlands	121	Grade 2	62
West Hampden	60	Grade 3	49
Center	54	Grade 4	62
Hardy Hill	28	Grade 5	65
Holmes	36	Grade 6	61

	—	Grade 7	53
Total	518	Grade 8	52
		Total	518

TEACHERS

It was necessary during the summer to hire five new regular teachers. We were very fortunate in being able to secure well trained and experienced teachers for these positions. Mrs. Ruby Cole replaced Mrs. Ailean Nickerson in the intermediate grades at the Highlands. At the Upper Corner three new teachers were engaged: Mrs. Wilma Cahill for the intermediate grades, Mrs. Dorothy Barrett for the primary, and Mrs. Beatrice Seekins for the grammar room. Mrs. Roxine Patterson was assigned to Hardy Hill to replace Miss Vera Emerson, who was transferred to East Hampden. Miss Kathleen Hewes was secured to teach music in all schools. Miss Hewes is on a half-time basis in Hampden, as she also teaches music in Hermon and Levant.

I feel that our schools are fortunate in having such an excellent group of teachers, all of whom are working conscientiously to prepare the boys and girls under their direction for the life ahead. Five of our teachers attended summer school last year and several of them are taking extension courses at the present time.

REPAIRS AND INSURANCE

During the past year we have done only the very necessary repairs. The buildings at East Hampden, West Hampden, and Hampden Center were wired so that electric stoves could be used for the preparation of school lunches. The roof at West Hampden had to be shingled. In all buildings we had the usual repairs to desks, windows, stoves, furnaces, etc.

We are asking for a considerable increase in this account for the coming year. In the first place, we have insurance policies to be paid amounting to approximately \$800. If we open Arey's Corner School quite extensive repairs will be necessary, including the purchase of a new stove and new desks. The total cost here will approximate \$750. New desks are necessary, as the ones which were in that building previously have had to be used to take care of the increased numbers in other buildings. At the Upper Corner a new hot air furnace must be installed at an estimated cost of

\$350. This leaves about \$1,100 for the usual repairs and unanticipated expenses, as compared with the customary appropriation of \$1,000 for this purpose.

If we did not plan to build our new school at once I should recommend that appropriations be made to install steam heat at the Upper Corner and East Hampden, also flush toilets in these two schools, as well as at the Highlands.

NEW SCHOOL BUILDINGS

As a result of public discussions at meetings of the Parent-Teachers' Associations and the Community Associates it has been decided that we should build an elementary school first and as soon as possible. Sketches of the proposed building have been submitted by the architect, have been studied and discussed by the school committee, school district trustees, and a representative of the State Department of Education. Changes have been suggested which will be incorporated in new sketches to be submitted soon. Following approval blueprints will be made and bids solicited for construction of our new building. It would seem at present that the building might be well under way by this time next year and ready for occupancy by the fall of 1949 at least, possibly sooner.

SCHOOL LUNCHES

Very fine hot lunches are being provided for the children in the schools at East Hampden, West Hampden, and the Center. Due to the activities of the Farm Bureau and the Parent-Teachers' Association we were able to secure electric ranges for each of these schools, together with other valuable equipment without any expense to the town. At that time the State was providing money for such equipment. The State still does continue to assist financially in providing food for the school lunch program.

TEXTBOOKS AND SUPPLIES

During the past three years all grades have been provided with new modern textbooks in reading, spelling, arithmetic, and English. New histories have been secured for the fourth, sixth, and eighth grades. We hope soon to be able to complete our history texts and introduce new texts in science and health. The cost of textbooks and all school supplies has increased continuously since 1941 until today paper supplies in many cases are nearly three times what they were five or six years ago.

TRANSPORTATION

The conveyance of school children is a real problem in Hampden. Out of the total enrollment of 518 we are transporting by our two buses approximately half. Still there are sections of the town for which we are unable to provide adequate transportation.

During the fall the school committee received a petition from the parents of children living on the main road between the end of the bus line and the Winterport line asking for transportation for their children. At present children have to walk to the end of the bus line over a road which is eminently hazardous, especially for small children, due to automobile traffic.

We tried to make arrangements for the Penobscot Transportation Company to extend their run to the Winterport line to accommodate these children but we were unsuccessful. As our two buses are now covering more mileage than is desirable the only way we can see to take care of this problem is to purchase another bus. In order to do this an extra appropriation of \$4,500 will be needed.

APPROPRIATIONS

Circumstances over which we have no control require considerably increased appropriations for the coming year. The reason for the increase for repairs I have already pointed out. I have also mentioned the increased cost of books and supplies. The other big factor is the cost of teachers' salaries. The last Legislature passed a law requiring towns to pay minimum salaries of \$1,500, \$1,600 and \$1,700 to all teachers who are certified, have three or four years of preparation respectively. Failure to pay these minimum salaries will result in decreased funds from the State.

These increased salaries began with the fall of 1947 and consequently for the present year ending March 1 we have had to pay the increased salaries for about two-thirds of the year. In the year ahead we must pay the increase for the entire year. If we are forced to open the school at Arey's Corner we will have to pay an additional teacher. These facts, together with the smaller balance (about \$1,500 less than last year), make increased appropriations necessary.

The difference between the balance I have reported and that given in the auditor's report is due to the fact that I have in-

cluded in my report a payroll due February 27th, which was necessary in order to make a report for a full year.

COOPERATION

The active interest displayed by the citizens of Hampden in their schools has made the year a pleasant one. Knowing that the majority of the people are working with the school committee and superintendent to improve the schools is not only very helpful but inspiring as well. I wish to express my appreciation to the citizens of Hampden as a whole for this cooperation. To the individuals and groups who have given of their time and energy to make for better conditions in the schools I am deeply grateful. To the teachers and members of the school committee, who have so wholeheartedly supported the school program, I extend my sincere thanks. To the school children, whose cheery smiles and pleasant greetings meet me on every hand, I renew my pledge to provide the best possible training for the years which lie ahead.

Respectfully submitted,

EARL C. McGRAW,

Superintendent of Schools.

Feb. 10	Balance in Bank	\$ 5,029.30

Respectfully submitted,

Trustees of the Town of Hampden School District

By EARL W. SPAULDING, Treasurer.

REPORT OF PUBLIC HEALTH NURSE

January 1 to December 31, 1947

A Public Health program is only as good as the interest shown by the citizens of the town in which the program is being carried out. In recent years much better effort has been made in your community but many people who really should benefit by it are still not reached. Health is an asset that we obtain by normal healthful living. Individual taxpayers of your community, whether directly or indirectly, bear the cost of this service and should be interested in a sound health program for this town.

During the past year your Public Health Nurse has given more time to the prenatal, infant and preschool periods of the child's life because we realize the children of today will be citizens in a few years.

As in previous years home visits for health supervision have been made to infants and preschool children in order to help mothers with the planning of a daily schedule and to help with correction of defects and establishment of good health habits.

Conferences have been held with the superintendent and teachers regarding health problems arising in school and to co-operate with them in promoting modern health education. Guidance in making the school environment safer has been given.

Whenever necessary children have been referred to the Pediatric and Crippled Children's Clinics sponsored by the State Bureau of Health. These referrals are made through the family physician.

This year 435 school children were given the hearing tests with the audiometer. Necessary follow-up work was done on those children having more than a nine percent hearing loss and need of being seen by an ear specialist was stressed.

Necessary follow-up visits have been made on patients with venereal disease and tuberculosis and their contacts in order to keep them under treatment and to prevent the spread of either disease.

From February until June your town had emergency health service. During this time your Public Health Nurse was away securing further education to improve her service to the town.

Following is a report of the Hampden Health Committee:

Under the guidance of our Public Health Nurse, Miss Patterson, our committee has continued the health program in Hampden.

With the exception of four winter months we have sponsored jointly with the State Bureau of Health monthly Child Health Conferences for infants and preschool children. In June, July and August the summer roundup for children entering school in the fall was jointly sponsored with the Parent-Teacher Association. The average attendance at each conference has been eleven.

We feel that many children of Hampden are definitely protected against epidemics of whooping cough, diphtheria and smallpox because of this immunization program. However, your Health Committee urges the parents of infants and preschool children who have not taken advantage of these conferences to avail themselves of this excellent opportunity. A physical examination at frequent intervals with immunizations is essential to the welfare of your child.

We are grateful to the town for providing the facilities at the Town Hall for our conferences. Doctors Lezberg and Weatherbee have been most helpful. They have been assisted by the Public Health Nurse and Mrs. Ralph Patterson, chairman of the East Hampden section.

Plans have been made to start a dental program in the schools during the spring term. A dental hygienist from the State Dental Division will give classroom instruction for the care of the teeth in every grade school. Necessary dental work will be arranged by the committee following this instruction. A fund of money has been started for this project. We are indebted to the Hampden Benevolent Society for their contribution.

Your Health Committee has met once every quarter to plan the health projects.

Suggestions for future projects are most welcome and volunteer helpers at clinics and conferences are needed. The present committee comprises 12 citizens from various sections of the town.

Respectfully submitted,

Esther Spaulding, Chairman

The help of those who have assisted with the Health Service has been greatly appreciated.

Respectfully submitted,

GEORGINA J. PATTERSON

Bureau of Health

Public Health Nurse.

HAMPDEN WATER DISTRICT

Hampden Highlands, Maine

To the Selectmen and the Residents of the Hampden Water District:

Gentlemen:

The following is the annual report of the Trustees of the Hampden Water District.

At the election held on the second Monday in May, E. W. Spaulding was elected for a term of five years and T. R. McDonough was elected for a one-year term.

Following the election, the Directors met and elected Thomas A. Murray president and Walter E. Whitney treasurer and clerk.

The reports of the treasurer and superintendent follow.

Respectfully submitted,

THOMAS A. MURRAY,
President.

HAMPDEN FIRE DEPARTMENT

To the Selectmen and Citizens of the Town of Hampden:

Gentlemen:

My report as Chief of the Fire Department is as follows:

During the past year this department has answered 85 alarms.

Chimney fires	28
Grass fires	16
Out of town	3
Buildings	7
Dumps	3
Woods	6
Automobiles	4
Flooded oil burners	4
Miscellaneous	14
	85

The department has purchased a total of \$500.00 worth of new hose the past year, also a reel for the booster hose has been installed which will facilitate the rapid return of this hose to the truck on being called from one fire to another as often happens in the spring.

This year, as in the past, every citizen must secure a permit to burn grass before setting any fire. These have previously been obtainable from the Town Manager, but have recently been put in my care by the State of Maine Forest Fire Commissioner. These permits may be obtained at my home and at no charge. Any person who sets any fire without a permit which causes damage to his or another person's property, on being apprehended, is liable for arson. In obtaining one of these permits it legally takes care of the arson clause only; you are still liable for any damage incurred.

Each year I wish to impress on each citizen of the town that in case of fire call the Hampden telephone operator and tell her who you are, what the fire is, and where it is. She will then call the necessary man. **DO NOT CALL ANY MEMBER OF THE DEPARTMENT,** other than the Fire Chief.

At this time I again wish to thank the telephone operators for their splendid service and cooperation at the time of each fire alarm. The general public certainly does not realize the operators' difficulties during the short period of a major fire alarm. I wish it also to be known that they have received orders not to ring a general alarm on every telephone line at the time of a major or building fire. There are three main reasons for this which I wish to make clear:

1. There are so many receivers come down that the lines go dead and therefore are of no further use in case of an emergency call for additional apparatus, a doctor or an ambulance.

2. The operator cannot, and does not, have time at that moment to tell everyone what and where the fire is. She has more important things to do.

3. It also causes such an influx of traffic and people that the road and area close to the fire often becomes blocked, which retards arrival of additional apparatus and therefore causes that much more fire damage. These alarms will be rung only on the lines that pass through the immediate vicinity of the fire, unless different orders are given at the time.

Another point that I wish to make clear is this. NO PERSON can call Bangor for help, with the exception of a few heavily taxed property owners who have signed and pledged payment at the Central Fire Station. Only the Fire Chief, Town Manager, Selectmen, or, if none of these officials are available, the telephone operator has this authority if she deems it advisable.

This should help to clear up some of the discussions that have been prevalent. I also wish to thank all the Volunteer Firemen for their promptness and willingness in answering the calls.

Respectfully submitted,

CLAIR A. TRASK,

Fire Chief.

AUDITOR'S REPORT

February 24, 1948

The Board of Selectmen, Hampden, Maine:

Gentlemen:

In accordance with your request, we have audited the accounts of the town of Hampden, Maine, for the year ending February 10, 1948. As part of our audit, we examined and tested the accounts and records of the town and reviewed the accounting methods in operation; we did not perform a detailed audit of all transactions. Our examination was made in accordance with generally accepted auditing standards and included all procedures which we considered necessary in the circumstances.

We herewith present our report, based upon our examination, together with the following exhibits:

- Exhibit A Comparative Balance Sheet as at February 10, 1948 and February 10, 1947
- Exhibit B Reconciliation of Treasurer's Cash Receipts and Disbursements in the General Fund for the year ended February 10, 1948
- Exhibit C Analysis of 1947 Tax Valuation, Assessment, Commitment and Collection
- Exhibit D Statement of Transactions in Departmental Accounts for the year ended February 10, 1948
- Exhibit E Analysis of Change in Unencumbered Surplus for the year ended February 10, 1948

BALANCE SHEET COMMENTS GENERAL FUNDS

Cash on deposit, in the general fund, has been reconciled with certificate furnished by the Eastern Trust and Banking Co. At the close of the year all cash recorded as received had been deposited.

The assessment of 1947 taxes was proved, and the individual assessments compared, in detail, to the list as committed to the collector. Partial verification of outstanding balances has been

made by correspondence. New tax liens claimed during the year were examined; other tax liens and tax deeds were found to be in existence, and in accord with ledger balances.

All titles by which the town has acquired property, through tax lien foreclosure, have been analyzed; lien costs have been added to, and become a part of, the reconciled ledger balances. There were no recorded sales of property during the year.

The substantial increase in accounts receivable was determined to be uncollected insurance on the town hall, confirmed by collections actually received immediately following year-end closing. Other accounts have been confirmed by correspondence.

Deferred charges resulted from payments made to the trustees of the school district. An investment of \$7,000.00 in U. S. savings bonds, Series G, was originally made from unencumbered cash in the general fund. This did not become a capital reserve fund until later designated as such by vote of the town. At the last annual town meeting it was voted to transfer this fund to the school district trustees; however, these bonds were first converted into cash, at a loss of \$308.00, in accordance with the terms of the bonds relating to redemption prior to maturity. The payment of \$7,000.00 to the school district, therefore, consisted of the \$6,692.00 realized and \$308.00 from general town funds; all interest earned by these bonds during the time they constituted a capital reserve has also been paid to the school district. It would appear advisable that the voters of the town determine the status of this account.

Accounts payable are due solely to your former tax collector, Joseph B. Lewis, who had made settlement with the town in full for all 1943 taxes committed to him. Collections and settlements of 1943 taxes made by the town during the current year, totaling \$146.25, as determined by detailed examination, are, therefore, not the property of the town but a refund due him.

Bonds payable have been reduced by \$2,000.00. The cancelled bonds have been viewed by us, and the bond coupon account in the Second National Bank of Boston, Massachusetts, has been reconciled with no outstanding interest liability.

The records of amounts withheld from employees have been examined and the liability as stated is believed to be correct.

Included in the general funds is \$400.00 deposited for the perpetual care of cemetery lots, and held pending voted acceptance by the town of trusteeship. The amount due trust funds is also for perpetual care and, although accepted, had not been invested at year-end closing.

Departmental liabilities carried forward, as shown in detail on Exhibit D, are either obligated for future expenditure or held pending authority for disposition by the voters of the town. The unencumbered surplus of \$3,366.77 as at February 10, 1947, has become a deficit of \$620.77 as at February 10, 1948, as analyzed in detail on Exhibit E.

TRUST FUNDS

Trust fund resources in the form of security investments have been verified by direct examination. Amounts on time deposits have been confirmed with certificate furnished by the depository bank.

Balances consisting of expendable income and principal have been reconciled with the transactions in each individual trusteeship.

DEPARTMENTAL OPERATING COMMENTS

We did not make a detailed audit of all departmental transactions; we did, however, analyze items of outstanding importance. We further test checked invoices, in support of warrants for expenditure. We completely footed cash receipt records and reconciled the results, in detail, with the treasurer's account and verified the appropriation records, together with all other records of the town clerk pertaining to annual and special town meetings.

Departmental overdrafts lapsed to surplus exceeded the unexpended balances to the extent of \$11,271.22; of this amount \$4,955.00 for the purchase of new highway equipment was authorized at special town meeting, with further provision to finance this purchase by issue of notes. This borrowing has been deferred, but the expenditure has contributed to the depletion of cash resources at year-end closing.

In view of available revenue, the overdraft in care of cemeteries is to be expected, but was only \$50.68 greater than the average overdraft of \$556.59 incurred over the past six years. A similar

review of the snow removal account reveals that the average yearly overdraft has been \$2,080.88.

Unexpended balances forward are not, in all instances, to be construed as completely obligated, or that such accounting confers the right to the successors of the present municipal officials to make expenditure. It is recommended that disposition of the unexpended balances for building and park improvements, fire dams, the memorial boulder and the insurance recovery from loss sustained by the town hall fire be acted upon by the voters at annual town meeting.

The unexpended balance in the account for aid to dependent children is obligated to the extent of the charges for the three months period ended December 31, 1947, invoice from the State of Maine not being received prior to year-end closing; authority to expend or lapse the difference properly rests with the voters. The overdraft forward for special resolve will be recovered from the State of Maine upon completion of construction.

The balance forward in the common schools account includes a payroll for the two weeks period ended February 13; it does not include a payroll for the two weeks period ended February 27, and the balance will, for that reason, be in disagreement with the report submitted by your superintendent of schools.

GENERAL COMMENTS

Excise receipts numbered 252 to 995, inclusive for 1947, and numbered 1 to 302, inclusive for 1948, have been added and the total found to be greater by \$10.20 than the amounts deposited with the treasurer. This difference, due to minor errors, is considered as due from the collector and, together with the actual cash collections, has been credited to the surplus account.

The appropriation of \$8,000.00, made for the benefit of the school district, is not the same amount upon which the town was to act under Article 50 at the 1947 annual town meeting; this article called for an appropriation of a specific amount of \$15,000.00. An appropriation for the benefit of the school district appears to be proper, if made voluntarily, but is not obligated to the school district under Chapter 138 of the Private and Special Laws of Maine as passed by the 92nd Legislature at the Special Session July 8-26, 1946, until said school district shall have issued its duly authorized bonds or other obligations.

CERTIFICATE

Based upon our examination, and subject to the foregoing, we hereby certify that, in our opinion, the accompanying balance sheet, statement of surplus and statement of departmental income and expenses properly present the financial accounts of the town as of February 10, 1948, and the results of operations for the year ended that date, in conformity with the principles of municipal fund accounting.

Respectfully submitted,

PAUL A. SMITH & CO.

Public Accountants

IMPORTANT

All taxpayers should read the following requirement and comply with it:—

Section 35, Chapter 81, Revised Statutes of Maine, 1944: "Before making an assessment, the Assessors shall give reasonable notice in writing to the inhabitants, by posting notifications in some public place in town, or shall notify them in such other ways as the town, at its annual meeting, directs, to make and bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is hereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

WARRANT

PENOBSCOT, ss.

To Ernest Cole, Constable of the Town of Hampden, in said County of Penobscot,

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Hampden, qualified to vote in town affairs to assemble at the Town Hall in said Hampden, on Monday the 14th day of March, 1949, at nine-thirty o'clock (9:30) in the morning to act on the following articles, to wit:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To see if the Town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor, School Committee and Superintendent of Schools.

Article 4. To see if the Town will vote to adopt the Town Agent form of town management for the fiscal year 1949 and 1950.

Article 5. To see if the Town will vote to instruct the Selectmen to hire a Town Agent for the ensuing year, whose duty it shall be to act as Agent for the Selectmen, Assessors and Overseers of the Poor; to act as Tax Collector; to act as Road Commissioner, and to exercise control over all departments of the Town; and to perform all duties that may be prescribed by the Selectmen.

Article 6. To choose three or more Selectmen, Assessors, and Overseers of the Poor for the ensuing year.

Article 7. To see what sum of money per day the Town will vote to pay the Road Commissioner or Commissioners for services.

Article 8. To choose one or more Road Commissioners for the ensuing year.

Article 9. To choose a member of the School Committee for the ensuing three years.

Article 10. To choose a Building Inspector and one or more Fire Wardens.

Article 11. To choose a Treasurer of the Town and all other Town Officers except a Collector of Taxes.

Article 12. To see if the Town will vote to accept bid on collection of taxes; and if acceptable bond can be furnished.

Article 13. To choose a Collector of Taxes.

Article 14. To see what sum of money the Town will vote to raise to pay for collection of taxes.

Article 15. To determine what sum of money the Town will vote to raise by taxation for the following purposes for the ensuing year:

For the support of Common Schools.

For the repair and insurance of Schoolhouses.

For the support of the poor.

For supplemental to the old age.

For the support of dependent children under the provisions of the Mother's Aid Law.

For roads and bridges, summer.

For roads and bridges, winter.

For street lights.

For interest on notes.

For State Road patrol.

For care of cemeteries.

For salaries of town officers.

For maintaining and operating fire apparatus.

For incidental and unusual expenses.

Article 16. To fix the compensation of the Superintendent of Schools, and any other officers, and raise money for these purposes.

Article 17. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Hampden Academy the tuition of pupils qualified to attend such school in accordance with the provisions of Chapter 19, Section 92, of the Revised Statutes, and raise and appropriate money for that purpose.

Article 18. To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) to pay the temporary note.

Article 19. To see if the Town will vote to raise and appropriate the sum of two thousand dollars (\$2,000) for the purpose of paying H. W. Mathews & Sons the balance on the Town Hall fire damages.

Article 20. To see if the Town will vote to raise the sum of five thousand, three hundred and twenty dollars (\$5,320) for Hydrant Rental.

Article 21. To see if the Town will vote to appropriate the sum of four hundred dollars (\$400) to cooperate with the Maine Forest Service and the Federal Government in the control of the White Pine Blister Rust in accordance with Revised Statutes, Chap. 32, Sec. 54.

Article 22. To see if the Town will vote to raise sixty dollars (\$60.00) for the F. G. Flag Corps for Memorial Day purposes.

Article 23. To see if the Town will raise fifteen hundred and ninety-six (\$1,596) for the State Aid Road Construction (in addition to the amounts regularly raised for the care of ways, highways and bridges) under the provisions of Sections 25 and 29, Chap. 20 R. S. 1944, as amended.

Article 24. To see what sum, if any, the Town would recommend to take from the Joint Fund for the Construction of State Aid Highways for the purpose of applying bituminous surface treatment of State Aid Highways in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Article 25. To see if the Town will vote to raise one thousand dollars (\$1,000) for tarring roads.

Article 26. To choose one Trustee of the George Stetson Fund of Hampden Academy to serve for three years.

Article 27. To see if the Town will vote to guarantee five per cent (5%) interest on the ten thousand dollar (\$10,000) George Stetson Fund of Hampden Academy, and raise and appropriate money for that purpose.

Article 28. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow during the ensuing year, in anticipation of, and to be paid out of, the taxes of the current year, 1949-1950, a sum not exceeding thirty-five thousand dollars (\$35,000) and to execute and deliver the negotiable note or notes of the Town therefor.

Article 29. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, to hire money for temporary purposes, and to execute and deliver the note or notes of the Town therefor.

Article 30. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to sell and convey in the name of the Inhabitants of the Town of Hampden, the interest in any real estate which the Town may own by virtue of proceedings for the enforcement of tax liens, or by virtue of tax deeds.

Article 31. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to release and convey in the name of the Inhabitants of the Town of Hampden, to the owner, at the time of assessment of the tax, of real estate on which the lien or deed for taxes has been enforced, and redemption expired, or to his heirs, devisees, or assigns, the right, title and interest acquired by the Town in and to any such real estate on payment of the amount of taxes, interest and charges due on the respective parcels.

Article 32. To see if the Town will vote to raise and appropriate two hundred dollars (\$200) for public health nursing in Hampden; said money to be expended by the State Bureau of Health for local service.

Article 33. To choose one School District Trustee for the ensuing five years.

Article 34. To see what sum of money the Town will vote to raise and appropriate for cutting bushes on cross roads.

Article 35. To see if the Town will vote to raise and appropriate one hundred dollars (\$100) to be paid to the State of Maine Publicity Bureau to be expended and used for advertising the natural resources, advantages and attractions of the State of Maine in accordance with the provisions of Chapter 80, Section 95, of the Revised Statutes of Maine.

Article 36. To see if the Town will vote to borrow, not in excess of eight thousand dollars (\$8,000), for the repairs of School-houses if needed.

Article 37. To see if the Town will vote to close the so-called Piper Road.

Article 38. To see if the Town will vote to raise the sum of four thousand dollars (\$4,000) to reduce four (4) Sewer Bonds due February 1, 1950.

Article 39. To see what sum the Town will raise and appropriate for the maintenance of third class highways as provided in Section 5 and 6, Chap. 229 of the Public Laws of 1937.

Article 40. To see if the Town will vote to convey by warranty deed the Ed McSorley place, so called, to Ellis Carlson.

Article 41. To see if the Town will vote to raise one thousand dollars (\$1,000) to pay insurance policies that expire in 1949.

Article 42. To see if the Town will vote to authorize the Assessors to rescind any amounts appropriated by the Town for State Aid Highway Construction in excess of the amount required to meet State apportionments.

Article 43. To see if the Town will vote to authorize the Selectmen to hold and pay to the Tax Collector one half of the amount on Town orders for labor performed by persons who are in arrears of taxes until such taxes are paid.

Article 44. To see if the Town will vote to install and maintain two electric lights at Wheelden Heights; one near the Old County Road and one about a quarter way between the Main Road and Old County Road on a pole near the Harry Grant property.

Article 45. To see if the Town will vote to install and maintain an electric light at the lower end of Summer Street near the Harold Stubbs residence.

Article 46. To see if the Town will vote to install and maintain two street lights on the so-called Carver Road.

Article 47. To see if the Town will vote to install and maintain two street lights on the Main Highway dividing the distance between Maynard Crooker's and the Hampden Nurseries.

Article 48. To see if the Town will vote to accept the sum of one hundred dollars (\$100) from the Estate of Harriet Savage, the income therefrom to go for the perpetual care of her family lot at East Hampden Cemetery.

Article 49. To see if the Town will vote to accept from Mr. Charles H. Small, executor of the will of Harriet S. Goodell, the sum of three hundred dollars (\$300), the income from which to be used for the perpetual care of the Lewis Barrows and Raymond Goodell lot at Lake View Cemetery; also a further sum of two hundred dollars (\$200) the income to be used for the perpetual care and upkeep of the Alfred Goodell and John Goodell lot in same cemetery.

Article 50. To see if the Town will vote to accept the sum of two hundred dollars (\$200) from Mrs. John Rawcliffe, the interest therefrom to be expended annually for the perpetual care of the Rawcliffe lot in Locust Grove Cemetery.

Article 51. To see if the Town will vote to accept the sum of one hundred dollars (\$100) from the estate of Charlotte L. Dinsmore, the interest therefrom to be expended annually for the perpetual care of the Dinsmore lot in Locust Grove Cemetery.

Article 52. To see if the Town of Hampden will vote to accept the sum of two hundred dollars (\$200) from Louise Melcher, the interest therefrom to be used for the perpetual care of the George and Louise Melcher lot in Locust Grove Cemetery.

Article 53. To see if the Town will vote to accept the sum of one hundred dollars (\$100) from the William F. Littlefield Estate, the income therefrom to be expended annually for the perpetual care of the William F. Littlefield lot in Locust Grove Cemetery.

Article 54. To see if the Town will vote to accept one hundred dollars (\$100) from Florence C. Curtis, the income therefrom to be used for the perpetual care of the Gilmore and Hazeltine lot in Locust Grove Cemetery.

Article 55. To see if the Town will vote to appoint a Committee of twelve (12) citizens to cooperate with the Selectmen in preparing and presenting at the next annual meeting a budget for the year of 1950-1951.

Article 56. To transact any other business that may properly come before said meeting.

Given under our hands this twenty-eighth day of February, 1949.

Selectmen of Hampden,

IMPORTANT

COMMUNICABLE DISEASE CONTROL

Reporting of Cases

R. S. 1944, c. 22. Notice of existence of any infectious disease. Whenever any householder knows or has reason to believe that any person within his family or household has smallpox, diphtheria, scarlet fever, cholera, typhus or typhoid fever, cerebro-spinal meningitis, measles, membranous croup, so called, whooping cough, or any other disease which is made notifiable by the rules and regulations of the department, he shall, within 24 hours, give notice thereof to the health officer of the town in which he resides, and such notice shall be given either at the office of the health officer, or by letter or telephone, the communication to be mailed or delivered to him within the time above specified, and in case there is no health officer, to the department, either at its office or by communication as aforesaid.

Control of Cases and Contacts

R. S. 1944, c. 22. Children, affected, shall not attend school, etc. No parent, guardian, or other person shall carelessly carry about children or others affected with infectious diseases, or knowingly or wilfully introduce infectious persons into other persons' houses, or permit such children under his care to attend any school, theatre, church, or any public place.

ERNEST H. COLE,
Health Officer.

TOWN TRUSTEES' REPORT ON THE GEORGE STETSON FUND

To the Inhabitants of the Town of Hampden:

Thru: The Town Trustees of the George Stetson Fund, Hampden Academy, 1947.

The income from the George Stetson Fund bonds is as follows:

2 Southern Pacific, Oregon	\$ 90.00	
3 Portland Terminal	120.00	
5 Series "G" Gov't Bonds	125.00	
	<hr/>	\$335.00
Balance of interest due from Town of Hampden		165.00
		<hr/>
		\$500.00

Interest on the Sinking Fund in Bangor Savings Bank is as follows:

April 1, 1948	\$11.20	
Oct. 1, 1948	11.31	
	<hr/>	\$22.51

The amount of the Sinking Fund for 1948, in the Bangor Savings Bank Deposit No. 101602, is now \$1,142.90.

All of the above securities are in the safe deposit box at the Merchants National Bank.

Respectfully submitted,

WALTER E. WHITNEY,

Treasurer

Hampden Academy

Walter E. Whitney, treasurer of the Hampden Academy and custodian of the George Stetson Fund, submits the above statement showing the amount of interest due to the academy from the town to be \$165.00, which is correct. There has been no changes made in this fund during the past year.

As shown in Mr. Whitney's statement there are 10 one thousand dollar bonds and a sinking fund of \$1,142.90.

STEWART WOODARD,

H. D. FOSS,

R. G. LEONARD,

Town Trustees of the
George Stetson Fund

TOWN OF HAMPDEN SCHOOL DISTRICT

To the Municipal Officers of Hampden, Maine:

Gentlemen:

The report of the doings of the Trustees of the Town of Hampden School District for the fiscal year just closed is as follows:

The trustees consist of Randolph A. Weatherbee, Earl W. Spaulding, Guy O. Matthews, Edwin M. Chase and Carlton E. Littlefield, of whom Mr. Littlefield is president, Mr. Spaulding treasurer, and Mr. Weatherbee clerk.

In 1947 the Alice L. Bragg property consisting of over fifty acres was purchased for a school site; Mr. P. T. Coolidge was employed to make a complete survey of the land; and Crowell & Lancaster were engaged as architects.

This year 1948 various meetings have been held with the architects, superintendent of schools, and Hampden School Board which have resulted in State approval of plans and specifications for a building. Notice to contractors for sealed proposals for construction of an Elementary School Building were posted and bids from six construction companies were received, opened, and publicly read in the Town Office, December 10, 1948. The lowest bid being \$377,700 and the Trustees having authority to enter into contracts only up to \$300,000, it was decided to place the perplexing situation before the voters of Hampden for a solution, and notice of a Special Town Meeting for this purpose to be held on January 3, 1949 was posted. The Special Town Meeting was cancelled.

The Trustees are now confronted with the problem of building a school of cheaper construction unless the voters can find a way to raise the extra amount needed.

Respectfully submitted,

Trustees of the Town of Hampden School District
By Randolph A. Weatherbee.

REPORT OF PUBLIC HEALTH NURSE—1948

Public health can be defined as the summation of the health of each individual in a community. The community which has a good public health program has a great economic asset because the citizens are well and are more able to take responsibility in the affairs of the community.

In our civilization, with increasingly rapid travel, the individual's health is not only his own problem but the concern of the community. He is not considered as being independent of his fellow citizens when this independency pertains to health any more than when it pertains to traffic laws.

Realizing that the prenatal, postnatal, infant and preschool periods in life are the most important to the child, more emphasis has been placed on these periods by your public health nurse.

Your nurse has continued the advisory service in the school health program. Home visits have been made to the parents of those children referred by school personnel because of certain problems.

As in the past, home visits have been made in the interest of venereal disease and tuberculosis control in order that the patients and their contacts be kept under treatment and the spread of the disease controlled.

The services of the Crippled Children's Cardiac and Pediatric Clinics sponsored by the State Department of Health and Welfare have been made available to those children referred by their family physicians.

Following is a report of your Local Health Committee:

The health program has been continued this year as in years past. Your Health Committee has met once each quarter to discuss and plan programs.

The Committee has sponsored monthly Child Health Conferences and cooperated with the Parent-Teacher Association in their summer round-up program. Parents of infants and preschool children were given the opportunity of medical supervision at these Child Health Conferences sponsored by the Health Committee and the State Department of Health and Welfare. These conferences were held from January through October. Because the attendance was small, and little interest was manifested through Health Com-

mittee publicity, it was decided that the Conferences would be discontinued until spring. During 1948 there were 78 children who received physical examinations, 33 children were vaccinated against smallpox, 19 children received diphtheria toxoid, 10 children were given whooping cough vaccine, and 4 children received immunizations for tetanus. These figures are far too small, which proves that many children are without proper medical care and immunizations.

Your Committee sponsored a dental program in the grade schools during the spring term. This program consisted of classroom instruction and dental examinations. There were 375 examinations given and many defects found. As yet we have been unable to secure the services of a dentist, but some emergency work was done. Plans have been made to give Sodium Fluoride treatments to those pupils of the second grade whose parents give their permission.

Your Health Committee is grateful to all who have given assistance as volunteers at conferences and clinics, and in promoting our projects.

Respectfully submitted,

ESTHER SPAULDING, Chairman.

My thanks to all those who have assisted in the health service during this past year.

Respectfully submitted,

GEORGINA J. PATTERSON,

Public Health Nurse.

HAMPDEN WATER DISTRICT

Hampden Highlands, Maine
January 1, 1949

To the Selectmen of the Town of Hampden and the Residents of
the Hampden Water District:

Gentlemen:

The following is a report of the doings of the Hampden Water District for the year 1948.

At the annual election held on May 10, Thomas R. McDonough was elected for a full term of five years. At the meeting of the Trustees of the District held later in the month Thomas A. Murray was elected President; Walter E. Whitney was elected Treasurer; and James B. Mountaine was elected Clerk.

During the year the 6 inch main on Cottage street was completed, and with the help of Mr. Raymond Perry, who did the digging, 6 inch main was laid on the Kennebec Road as far as the Mayo Road, and 1½ inch pipe was laid as far as the Winterport Road, with the help of the people in that area, who did the digging.

Because of the increase in the number of water takers it became necessary to increase the size of the filters and a contract for the construction of a new filter was let to A. P. Wyman.

The building of the new filter, the extensions to the water mains that have been made this year, and those that should be made in the near future, could not be paid for out of income, so it became necessary to issue bonds to take care of these expenses.

An issue of \$60,000 of 2¾% Coupon Bonds of the District, in denominations of \$1,000 each was sold to F. W. Horne & Co. and Kenneth B. Hill & Co., jointly.

Respectfully submitted,

THOMAS A. MURRAY,

President.

Report covering general operation as respectfully submitted

E. H. ROWELL,

Town Clerk.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Hampden:

I submit herewith my fifth annual report of your schools for the municipal year 1948-1949. This report includes a detailed account of the cost of the schools, a complete analysis of school enrollment during the fall term of 1948, and a brief discussion of the problems with which we are immediately concerned.

The unusually large balance showing this year is due to a change in closing the school accounts. Previously we have paid our school accounts up to March first but this year in order that our accounts may agree with the auditor's report we have paid bills up to February 4th only. Consequently we have paid for only eleven months this year as compared with twelve in the past. The two extra payrolls in February would have reduced our balance to about \$1,200 or approximately the same as last year.

ENROLLMENT

The total enrollment for the present school year is 522. This is only four more than last year's record of 518. However, when we recall that five years ago the number of pupils in the elementary schools was 432, we must realize that present school facilities are being taxed to capacity. By opening the school at Arey's Corner we have relieved the overcrowded conditions in the McKinley School but we are still confronted with lack of space at the Hannibal Hamlin School. We really need an additional room for the extra pupils but if we can hope to have our new school building soon we can perhaps get along for one more year by transporting pupils from one school to another.

With the anticipated increase in enrollment due to the great increase in the birth rate during the past few years we will very definitely have to provide more class room facilities in the immediate future.

The following table shows the number of pupils in each grade in each school and also the number of children being conveyed to school by the town. These are the figures which appeared on the teachers' registers at the close of the fall term.

ENROLLMENT—FALL 1948

School	Conveyed	Grades									Totals
		S.P.	1	2	3	4	5	6	7	8	
Upper Corner	51	16	13	10	13	6	13	19	15	9	114

Total	271	67	58	59	59	52	61	62	52	52	522

NEW SCHOOL

Elsewhere in this town report you will find a report of the trustees of the Hampden School District which will bring you up to date on the plans for the construction of our new consolidated school. At the present time there are bills before the State Legislature and Congress which would provide assistance to towns for the construction of school buildings. If such aid should be made available we would be able to construct our elementary school together with a combination gymnasium and auditorium.

REPAIRS

During the past summer we purchased thirty new desks and chairs and an oil heater for the Arey's Corner School. Extensive repairs were necessary on the windows and it was thought advisable to buy double windows for the north and west sides of this building.

The roof at the Holmes School had to be shingled. The walls and ceilings of the two rooms at West Hampden were cleaned and painted. The walls and ceiling in one room at the Upper Corner School were repaired and painted and the walls in two other rooms were painted. An extra radiator was installed in the primary room at the Highlands. Doorsteps were repaired at the Highlands, Upper Corner, and East Hampden. Fluorescent lights were installed in two of the rooms at East Hampden.

Minor repairs to desks, doors, windows, etc. were made in all buildings.

The amount of repairing to be done next year will depend on the construction of the new building. If state or federal assistance makes it possible to build a school large enough to include all the

children the amount of repairing on the old buildings will be kept as low as possible. If, on the other hand, we cannot build all of the necessary rooms and it becomes necessary to maintain some of our present buildings for several years extensive repairs will be necessary, such as installation of steam heat, toilets, insulation, etc. in some of our better buildings. Such renovations will probably run up to \$15,000. Consequently, we hope that our complete consolidated school will become a reality very soon so that such expenditures will not be necessary.

TEACHERS

We were fortunate in being able to retain all of our last year's teachers again this year. However, since it was necessary to open the school at Arey's Corner, we were obliged to hire an extra teacher. Mrs. Priscilla Shannon, who taught at Hampden Center, was transferred to Arey's Corner and Mrs. Roxine Patterson was changed from Hardy Hill to the Center. Mrs. Marion Fenlason, who taught at East Hampden several years ago, was secured to teach the Hardy Hill School.

Miss Kathleen Hewes, music teacher in the rural schools last year, was unable to continue the work and we were unable to find anyone for that position until the middle of November. At that time we were fortunate in securing the services of Mr. Ermond Lewis of Searsport who is carrying on the work in a capable manner.

In general, the work in the schools has been very satisfactory during the past year. The teachers have been conscientious in their efforts and the children cooperative and responsive. Such attitudes make for successful school work.

TRANSPORTATION

A Reo school bus has been purchased to carry the children along the main road to the McKinley and Hannibal Hamlin Schools. This has practically eliminated the necessity of using the Penobscot Transportation Company for school conveyance. This bus also runs out Number 9 as far as the station. Previously all of those children had to walk to school.

It would seem desirable to trade our oldest bus for another larger one as soon as funds are available. This bus is eight years old and repair bills on it are quite expensive.

SCHOOL SAVINGS

Through the cooperation of the Penobscot Savings Bank a program of school savings is being carried on in several of our schools this year. I am much pleased that the children are so interested in this project for unless habits of thrift are developed during school years they will probably not be formed at all. Thrift is a good habit and one which we would do well to encourage in the children.

VISUAL EDUCATION

A moving picture projector has been added to our school equipment this year. Motion picture films are being used to supplement and enrich the subject matter being studied. This is especially valuable in the field of history and geography. Of course, this can be used only in the schools which are equipped with dark shades to shut out the daylight. With so many different schools the amount that this projector can be used is limited as it is necessary for the superintendent to carry the projector from school to school and operate it. When we get our consolidated school this valuable piece of equipment will be of great value in the educational program.

I would like to point out that the greater part of the cost of the projector was paid by a special allotment from the state of \$200 plus contributions made by the children in the Hannibal Hamlin, Horace Mann, and McKinley Schools.

COMMUNITY ORGANIZATIONS

I want to commend the Parent-Teacher Associations and the Local Health Committee for what they are doing for the children of Hampden.

The preschool clinics, the dental program, and the school lunch programs are contributing to better health and consequently better school work for Hampden pupils. The playground equipment provided by PTA groups also contributes to a better physical development as well as to a greater enjoyment of school life.

CONCLUSION

The work of the schools cannot be truly successful without the sincere cooperation of all concerned. This means school committee, parents, teachers, children, and interested citizens. To all those who have offered encouragement by suggestions, constructive

criticism, words of approval, and cheerful smiles of greeting I am grateful. It is my earnest desire to work for the welfare of all the children of all the people for the hope of the world of the future lies in the children of the present.

Respectfully submitted,

EARL C. McGRAW,

Supt. of Schools.

AUDITOR'S REPORT

March 7, 1949.

Board of Selectmen,
Hampden, Maine.

Gentlemen:

In accordance with your request, we have audited the general and trust fund accounting records of the Town of Hampden, Maine, for the year ending February 10, 1949; have examined records of the town clerk affecting accounting procedure and the administration of the town. We did not perform a detailed audit. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We herewith present our report, based upon our examination, together with the following exhibits:

- Exhibit A Comparative General Fund Balance Sheet as at February 10, 1949 and February 10, 1948
- Exhibit B Comparative Trust Fund Balance Sheet as at February 10, 1949 and February 10, 1948
- Exhibit C Analysis of 1948 Taxes for the Year Ended February 10, 1949
- Exhibit D Statement of Transactions in Departmental Accounts for the Year Ended February 10, 1949
- Exhibit E Analysis of Change in Deficit in Resources for the Year Ended February 10, 1949

SCOPE OF AUDIT

Cash on deposit, in the general fund, has been reconciled with certificate furnished by the Eastern Trust and Banking Co. Prompt deposits by the treasurer left no cash on hand at year end closing. All cash recorded as received and disbursed has been reconciled to the date of our examination.

Accounts receivable were determined from examination of departmental accounts, and with a single exception, originated in the current year. It was considered advisable to maintain a reserve for the possible loss of a balance that has been outstanding for several years.

The assessment of 1948 taxes has been proved and compared with the collector's commitment. The balances of prior years have been reconciled with subsidiary records. A test check of outstanding balances, by correspondence, has been made to the extent considered necessary. Copies of excise tax receipts numbered 303 to 1,140 inclusive, for 1948, and numbered 1 to 250 inclusive, for 1949, were added and compared with receipts issued by the treasurer. The excise tax revenue, being unappropriated, was credited to the deficit in resources.

Tax liens and deeds were examined; balances for all years were found to be in agreement with controlling accounts; no transactions in tax deeds were recorded.

Transactions in tax acquired property accounts, involving new property acquired and parcels sold, were analyzed in detail.

We were not present at the taking of the physical inventory of highway equipment, the listing presented herein, being furnished by this department. An equipment surplus has been established in equal amount. Other departmental heads have not furnished an inventory.

Accounts payable of substantial amounts were determined to originate from extensive sewer construction and repairs to the town hall; other obligations for federal income tax and Maine Employees' Retirement were found supported by payroll deductions.

Notes, totaling \$30,000.00, issued in anticipation of a sewer bond issue and a tax anticipation note of \$5,000.00 were unpaid at year end closing; these balances were in agreement with certificate furnished by the Eastern Trust and Banking Co.

The obligation to trust funds was traced to principal and interest earnings not invested at the close of the year. Trust fund investments were verified by direct examination of securities and from certificate furnished by the Bangor Savings Bank, for the amount on time deposit.

Trust fund balances, consisting of expendable income and principal, have been reconciled with the transactions in each individual trusteeship.

COMMENTS

We have not made a detailed audit of all departmental transactions; we did, however, test check and analyze invoices and payrolls in support of warrants issued for expenditures with emphasis on accounts overdrawn. We completed footed records of receipts and disbursements in the cash account and compared the results with the treasurer. We verified the appropriation levies together with all other records of the town clerk pertaining to administration and accounting procedure.

Departmental operations for the year are characterized by substantial expenditures found principally pertaining to capital accounts; in certain other instances overdrafts were either unavoidable by circumstances or believed to be detrimental to the public interest if not incurred. Purchase of the town office building was found to be authorized.

The sewer extension transactions reflecting a recorded overdraft of \$5,782.88 should be considered in its true aspect. The proceeds of the authorized bond issue totaling \$37,000.00, had not been received; temporarily and partially in lieu therefore, \$30,000.00 had been received from notes issued. The charges to this account, combining the net expenditure in cash and unpaid open accounts, totaled \$35,782.88 which is the charge to deficit in resources. Regardless of the method employed in accounting; as actually reflected the addition to the debt is the result of two component parts, namely; the \$30,000.00 in notes and the overdraft lapsed through departmental transactions; it is not an overdraft of the authorized expenditure. When the proceeds of the bond issue are received the notes will be amortized and \$7,000.00 added to the general fund cash balance. This transaction will increase the obligations of the town in gross amount, but not the deficit in resources. Further expenditure in the coming year, in the absence of appropriation, will obviously add to the town's indebtedness.

It has been observed that the cost of cemetery maintenance has become substantial. Endowments, for the general care of ceme-

teries are conspicuously absent. Either increased revenue must be available or the general care given must be curtailed if the town is to avoid yearly overdrafts for which there is no apparent authorization by the voters.

It can be considered that certain overdrafts occurred because of statutory requirements for which the selectmen cannot be held responsible and likewise cannot be predicted exactly in the preparation of a budget; items of this nature are as follows: salary of the superintendent of schools, which may be fixed subsequent to the annual meeting, but is nevertheless, binding upon the town; cost to the town's share of highway patrol maintenance fixed by the state; local materials for highway construction otherwise financed by state grants; cost of charities to meet minimum requirements regardless of the amount appropriated. It is suggested that a thorough and careful consideration be given to all items in the preparation of the annual budget and in voting appropriations in order that known requirements be met, and other services be a matter of choice. A special town meeting should be considered if substantial overdrafts are in view.

Continuing appropriations include an overdraft in state aid construction, which is a credit available to the town and which can be charged against future joint fund operations; the transactions as cash, that appear upon the town ledger and reflected upon Exhibit D do not reflect costs paid directly by the state. All highway accounts involving state grants have been compared with reports furnished by the State Highway Commission.

CERTIFICATE

Based upon our examination, and subject to the foregoing, we hereby certify that, in our opinion, the accompanying comparative balance sheet, statement of transactions in departmental accounts, and analysis of deficit in resources properly present the financial condition of the town as of February 10, 1949, and the results of its operations for the year then ended, in conformity with generally accepted principles of municipal accounting.

Respectfully submitted,
 PAUL A. SMITH & CO.

WARRANT

PENOBSCOT, ss.

To Ernest Cole, Constable of the Town of Hampden, in
said County of Penobscot,

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Hampden, qualified to vote in town affairs to assemble at the Town Hall in said Hampden on Monday the 13th day of March, 1950, at one o'clock in the afternoon to act on the following articles, and also to elect by secret ballot, in the method used in gubernatorial elections, a first selectman, a second selectman, a third selectman, a fourth selectman, a fifth selectman, a sixth selectman, a seventh selectman, a first overseer of the poor, a second overseer of the poor and a third overseer of the poor, a first assessor, a second assessor and a third assessor, a trustee of the Town of Hampden School District, a member of the School Committee, a Town Clerk and a Town Treasurer, and it is hereby specified that the polls shall be open from one P.M. to seven P.M. for election of the above officers, and that consideration of Articles 2 to 43, inclusive, will commence at eight P.M.:

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To see if the Town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor, School Committee and Superintendent of Schools.

Article 3. To see if the Town will vote to adopt the Town Agent form of town management for the fiscal year 1950 and 1951.

Article 4. To see if the Town will vote to instruct the Selectmen to hire a Town Agent for the ensuing year, whose duty it shall be to act as Agent for the

Selectmen, Assessors, and Overseers of the Poor; to act as Tax Collector; to act as Road Commissioner, of the Town; and to perform all duties that may be prescribed by the Selectmen. *yes*

Article 5. To see what sum of money per day the Town will vote to pay the Road Commissioner or Commissioners for services. *post.*

Article 6. To choose one or more Road Commissioners for the ensuing year. *post.*

Article 7. To choose a Building Inspector. *by the selectmen*

Article 8. To see if the Town will vote to accept bid on collection of taxes; and if acceptable bond can be furnished. *post.*

Article 9. To choose a Collector of Taxes. *post.*

Article 10. To see what sum of money the Town will vote to raise to pay for collection of taxes. *post.*

Article 11. To determine what sum of money the Town will vote to raise by taxation for the following purposes for the ensuing year:

For the support of Common Schools.

For the repair and insurance of Schoolhouses.

For the support of the poor.

For supplemental old age.

For the support of dependent children under the provisions of the Mother's Aid Law.

For roads and bridges, summer. *7500*

For roads and bridges, winter. *6500*

For Street lights.

For interest on notes. *post.*

For State Road patrol. *post.*

For care of cemeteries.

For salaries of town officers.

For maintaining and operating fire apparatus.

For incidental and unusual expenses.

Article 12. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Hampden Academy the tuition of pupils qualified to attend such school in accordance with the provisions of Chapter 19, Section 92, of the Revised Statutes, and raise and appropriate money for that purpose. *yes*

Article 13. To see if the Town will vote to raise and appropriate five thousand dollars (\$5,000.00) toward the purchase of a new fire truck, with a booster tank of not less than 600 gallons capacity, the present piece of equipment being inadequate for rural fire protection.

Article 14. To see what sum the Town will raise and appropriate for State Aid Highway Construction, in addition to the amount regularly raised for the care of ways, highways and bridges, under provisions of Section 25 to 29, Chapter 20 R. S. 1944, as amended.

Article 15. To see if the town will vote to appropriate the sum of four hundred dollars (\$400.00) to co-operate with the Maine Forest Service and the Federal Government in the control of the White Pine Blister Rust in accordance with Revised Statutes, Chapter 32, Section 54. *post.*

Article 16. To see if the Town will vote and appropriate one hundred dollars (\$100.00) for the Maine Publicity Bureau for advertising our resources, advantages, and attractions of the State of Maine in accordance with provisions of Chapter 80, Section 95 of the Revised Statutes of Maine. *no*

Article 17. To see if the Town will vote to rebuild the side walk over Sucker Brook, so called, and raise and appropriate three hundred dollars (\$300.00) for same. *yes*

Article 18. To see if the Town will vote to maintain a hydrant on Patterson Street about halfway between the Old County Road and the Main Highway. *yes*

Article 19. To see if the Town will vote to apply tar on the new work where the Patterson Road, so called, was rebuilt in 1949 and raise a suitable amount of money for this purpose.

yes

Article 20. To see if the town will raise and appropriate two hundred dollars (\$200.00) for public health nursing in Hampden. Said sum to be expended by the Maine Department of Health and Welfare, Bureau of Health, for local service.

yes

Article 21. To see if the Town will vote to raise and appropriate the sum of three thousand dollars (\$3,000.00) to reduce three sewer bonds due February 1, 1951.

yes

Article 22. To see if the Town will vote to raise and appropriate eight hundred and twenty-five dollars (\$825.00) interest of sewer bonds.

yes

Article 23. To see what sum the Town will raise and appropriate for the maintenance of third class highways as provided in Sections 5 and 6, Chapter 229 of the Public Laws of 1937.

no

Article 24. To see if the Town will vote to raise one thousand dollars (\$1,000.00) to pay insurance policies that expire in 1950.

yes

Article 25. To see if the Town will vote to authorize the Assessors to rescind any amounts appropriated by the Town for State Aid Highway Construction in excess of the amount required to meet state appointments.

yes

Article 26. To see if the Town will vote to authorize the Selectmen to hold and pay to the Tax Collector one half of the amount on Town orders for labor performed by persons who are in arrears of taxes until such taxes are paid.

yes

Article 27. To see if the Town will vote to earmark three thousand dollars (\$3,000.00) from excise tax for the use of tarring roads in 1950.

yes

Article 28. To see if the town will vote to accept from Mrs. Gertrude Hewes a strip of land on the easterly side of my property from the Main Highway to the Stern's Lumber Company property on the river. This strip of land to be maintained by the Town as a town road for public use.

yes

Article 29. To see if the town will install and maintain a street light at the bus stop in front of the property owned by Mrs. Edith Grant on the Main Highway at East Hampden.

yes

Article 30. To see if the Town will install and maintain a street light at the Methodist Church at Hampden Highlands.

yes

Article 31. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow and to execute and deliver the negotiable note or notes of the Town therefor a sum not to exceed six thousand thirty-eight dollars and 40 cents (\$6,038.40) to be used in paying the Town's share of the construction of a new state aid bridge at the present location of the Twin Bridges, so called, in the event the state commences construction on this bridge this year.

Article 32. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to sell and convey in the name of the Inhabitants of the Town of Hampden, for the consideration of (\$1.00) one dollar, the interest which the Town may own in the school houses at East Hampden, West Hampden, Hampden Center, Hardy Hill, Arey's Corner and the Holmes School, and the lots of land upon which they stand.

to the school district

Article 33. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow during the ensuing year, 1950-1951, a sum not exceeding fifty thousand dollars (\$50,000) and to execute and deliver the negotiable note or notes of the Town therefor.

yes

Article 34. To see what sum the Town will vote to raise to cover the cost of serving hot lunches to the children at the McKinley and Hannibal Hamlin Schools.

and new school.

1500

Article 35. To see what sum the town will vote to raise for construction of a sidewalk leading along the Main Highway from a point opposite Erwin Swett's residence at the Lower Corner to a point opposite the Community Market at the Upper Corner. *post.*

Article 36. To see if the Town will vote to install and maintain three street lights on Cottage Street, dividing the distance between the end of Dr. Weatherbee's Property to the top of the hill, near the residence of Guy Tribou. *yes*

Article 37. To see if the Town will vote to raise and appropriate a sum of money to start general fund to be used for the old part of Locust Grove Cemetery; at least one hundred dollars (\$100.00) is recommended. *yes*

Article 38. To see if the Town will vote to accept seventy-five dollars (\$75.00) from Arad Arey, the interest to use for Perpetual Care of his lot at Lakeview Cemetery. *yes*

Article 39. To see if the Town will vote to accept the sum of one hundred dollars (\$100.00), the interest to be expended annually for the Perpetual Care of the Miller & Braithewaite lot in Locust Grove Cemetery. *yes*

Article 40. To see if the Town will vote to raise the sum of five thousand, three hundred and ninety dollars for Hydrant Rental. *yes*

Art. 41. To choose a member of the Planning Board as Leslie Stanley's term expires in 1950. *John Lente*

Article 42. To see if the Town will vote to appoint a Committee of twelve (12) citizens to cooperate with the Selectmen in preparing and presenting at the next annual meeting a budget for the year of 1951-1952. *same*

Article 43. To transact any other business that may properly come before said meeting.

Given under our hands this first day of March, 1950.

Selectmen of Hampden,

TOWN TRUSTEES' REPORT ON THE GEORGE STETSON FUND

To the Inhabitants of the Town of Hampden:
Thru: The Town Trustees' of the George Stetson Fund,
Hampden Academy.

The income from the George Stetson Fund bonds
is as follows:

2 Southern Pacific, Oregon	\$ 90.00	
3 Portland Terminal	120.00	
5 Series "G" Government	125.00	
	<hr/>	\$335.00
Balance of interest due from Town of Hampden		165.00
		<hr/>
		\$500.00

Interest of the Sinking Fund in Bangor Savings
Bank is as follows:

April 1, 1949	\$ 11.43	
Oct. 1, 1949	11.53	
	<hr/>	\$ 22.96

The amount of the Sinking Fund for 1949, in the
Bangor Savings Bank Deposit No. 101602, is now
\$1,165.86.

All of the above securities are in the safe deposit
box at the Merchants National Bank.

Respectfully submitted,

WALTER E. WHITNEY
Treasurer
Hampden Academy

Walter E. Whitney, treasurer of the Hampden Academy and custodian of the George Stetson Fund, submits the above statement showing the amount of interest due the academy from the Town to be \$165.00, which is correct. There has been no changes made in this fund during the past year.

As shown in Mr. Whitney's statement there are 10 one thousand dollar bonds and a sinking fund of \$1,165.86.

Town Trustees of the
George Stetson Fund

DIVISION OF PUBLIC HEALTH NURSING DEPARTMENT OF HEALTH AND WELFARE

Any program directed toward better health of the people needs guidance and stimulation from a central group. Your local Health Council in conjunction with your Public Health Nurse has been the central group in your town. However the public has a responsibility to meet by cooperating with this group.

Every child should have a healthy start in life. It was with this in mind that visits to prenatal, postnatal, infants, and preschool children were made during the past year.

The School Health Program was continued, as in the past years, with your nurse serving in an advisory capacity. This service actually is more concentrated, because the children having specific health problems are given the needed nursing supervision. Audiometer tests were given to 451 students this year.

The Pediatric, Crippled Children's, and Cardiac Clinics were made available for those children referred by their family physicians. These clinics are sponsored by the Maternal and Child Health Division of the State Department of Health and Welfare. Volunteer assistance was given at these clinics by members of your local Health Council.

Statistics show that tuberculosis ranks high in the list of diseases causing mortality in adults. Since tuberculosis is being considered more a disease of adulthood than of childhood, mass skin testing of school children is not advised. The Tuberculosis Control Program has been emphasized through visits to positive skin test reactors and visits to contacts of known cases.

Following is a report of your Local Health Council:

The Health Council, under the guidance of our Public Health Nurse, has functioned as in past years, meeting quarterly to plan the various projects which will be most helpful for the health of the citizens of Hampden.

The Child Health Conferences which were discontinued during the winter months, were resumed from May through November, with increased attendance totally 138. The results are as follows:

Complete physical examinations	85
Diphtheria toxoid	50
Whooping Cough vaccine	31
Tetanus toxoid	32
Smallpox vaccine	34

The expenses of the Child Health Conferences are met by this town and the Maternal and Child Health Division of the State Department of Health and Welfare. However, transportation and all other help is voluntary for which your Council is very grateful.

The Council cooperated with the local Parent Teacher Associations in their Summer Round Up Program.

The Dental Program consisting of Sodium Fluoride treatments was offered by your Health Council with Mrs. Greenlaw, Dental Hygienist for the State Dental Division doing the work. All second grade pupils whose parents gave permission were given these treatments. It is interesting to note that during this past year several local organizations have contributed for this program and increased interest is manifested. We hope to continue this program each year if financial arrangements can be met by the Health Council.

With the assistance of local citizens and organizations an Emergency Loan Closet has been started for the benefit of those citizens needing sick room equipment.

One of the projects for next year will be a school immunization clinic, whereby all children will be offered diphtheria toxoid and smallpox vaccine.

Respectfully submitted,

ESTHER SPAULDING, Chairman

The work of your local Health Council reveals that a well rounded Health Program can be promoted only through the combined efforts of all the health minded citizens of your town.

My thanks to all those who have given assistance in the Health Program this past year.

Respectfully submitted,
 GEORGINA J. PATTERSON
 Division of Public Health Nursing
 Public Health Nurse

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Hampden:

Another year has passed since I had the opportunity of reporting to you concerning the work of the schools and the many problems of education with which we are concerned. It has been a year of marked progress in many respects.

ENROLLMENT

The total enrollment for the present school year is 536, an increase of 14 over last year. You will note from an examination of the enrollment by grades that this increase is due principally to the large entering class of 79, which is 12 more than we had in this grade last year. According to birth records during the past five years, we may expect the entering class to be very large every year for some time. This will eventually mean a considerably larger total enrollment in Hampden schools.

The following table has been prepared to show you the enrollment by grades in the various schools, and also the number who are being conveyed to school by the town. These figures give the total number of different pupils who have attended our schools since September 1949. Since a few of these children have moved from town, our present net enrollment is a little less than the total number reported.

TOTAL ENROLLMENT—SCHOOL YEAR 1949-'50

School	No.	Grades										Tot.
		Conveyed	S.P.	1	2	3	4	5	6	7	8	
Upper Corner	67	18	15	13	11	12	8	12	16	16		121
Highlands	59	14	9	8	5	9	15	14	25	12		111
East Hampden	25	13	6	11	12	12	15	12	9	8		98
West Hampden	45	8	9	9	5	3	4	7	0	8		53
Hampden Center	39	11	4	5	3	4	5	7	8	6		53
Holmes	24	5	6	6	6	6	0	6				35
Arey's Corner	25	5	6	5	8	7						31
Hardy Hill	14	5	11	6	6	6						34
	298	79	66	63	56	59	47	58	58	50		536

NEW SCHOOL

During the past year, construction on our new consolidated school has progressed to the point where ten classrooms are now nearly ready for occupancy. However, since no finished grading has been done around the building, it has been thought best not to use the building until the opening of the fall term.

All rooms are equipped with wardrobes, book shelves, closets, work counter, sink, drinking fountain, and electric clock. New desks and chairs have been purchased for each room. The floors in rooms and corridors are of asphalt tile.

Beginning in September, all pupils in grades 3 through 8 will be in the new building.

REPAIRS

Extensive repairs have been made at the McKinley and Hannibal Hamlin Schools. Flush toilets and lavatories have been installed in both buildings. Both have been repaired and painted on the outside. At the Hannibal Hamlin School, a new air-conditioned oil burning heating plant has been installed. The basement wall has been straightened, reinforced, and tile for drainage has been laid around the wall. Insulation has been placed over the ceilings of the classrooms and corridor.

I would like to point out that all of these repairs cost \$2,000.00 less than the amount the School Committee was authorized to spend for this purpose.

For repairs and insurance next year, we will need \$1,000.00. Repairs contemplated include: (1) Moving desks and black boards from buildings we are closing to the McKinley and Hannibal Hamlin Schools; (2) Moving fluorescent lights from East Hampden to Upper Corner, and the purchase of two additional lights; (3) Making arrangements for small rooms at McKinley and Hannibal Hamlin Schools to be used for preparing hot lunches for the children. Renewal of insurance policies will cost \$163.50.

TEACHERS

We were greatly shocked by the death of one of our best teachers during the past summer. Mrs. Daisy Ellingwood, who taught for a number of years in the Hampden schools passed away in the early part of the summer. She was a sympathetic, understanding, and capable teacher, loved by all who were associated with her. She was modern and progressive as was shown not only by her work in the classroom, but by the fact that out of the past four summers she had spent two in study at summer sessions.

Two of our other veteran teachers retired at the end of the last school year. Mrs. Marion Goodell and Mrs. Fannie Marston, after many years of capable service in the schools of Hampden, have given up active school work. Their outstanding work as teachers will long be reflected in the lives of the boys and girls who were privileged to attend their schools.

We have been fortunate, however, in securing well trained experienced teachers to fill the vacancies. Mr. Elbridge Hutchins, who will be principal of our new school, and who now is principal of the Hannibal Hamlin School, is a graduate of the Eastern State Normal School, and has had summer school and extension courses at the University of Maine. Mrs. Harriet Hutchins, and Mrs. Maxine Holmes are both graduates of the Eastern State Normal School. Mrs. Susan Leeman is a graduate of Farmington State Teachers' College. Mrs. Flora Harriman, who returned to Hampden after two

years in Bangor, has done extensive work at the University of Maine, and was a member of the summer session faculty last year.

Miss Kathleen Hewes, after an absence of a year, has returned as supervisor of music in Hampden, Hermon, and Levant. Mrs. Charlotte Shankel serves both as school secretary and substitute teacher.

TRANSPORTATION

A new Reo bus has been purchased to be used when our new school opens in September. This, together with the other three, should be sufficient to convey all the children in the elementary grades.

It has been suggested that transportation should be provided for high school students also. Although the state does not require that high school pupils be conveyed by the town, yet a town can do so if it so votes. I would like to point out, however, that with the four busses we have, this would be impossible, as all will be filled to capacity with elementary school children. If Hampden wishes to convey its high school students, additional busses will have to be provided. Besides the initial cost of busses, the operating cost (driver, gas, oil, repairs, insurance, etc.) amounts to about \$2,100.00 per year per bus.

HALF DAY SESSIONS

Due to overcrowded conditions during the past few years, it has been necessary to have half day sessions for sub-primary and first grade children at the Hannibal Hamlin and Horace Mann Schools. With the opening of schools in September, we plan on a full day of school for all children. This will mean for the sub-primary and first grade, supervised play and rest periods at suitable times during the day.

In regard to half day sessions, the State Department of Education states, "Our well considered policy is that all children should be in school all day."

HOT SCHOOL LUNCHES

When plans were first made for the new school, hot lunches were very definitely a part of the school program. Since the part of the building which was to be used for this purpose cannot be completed at this time there is no opportunity to provide these lunches in the new school.

There is space in the Hannibal Hamlin and McKinley Schools for preparation of hot lunches. We have included in our budget for repairs a sum to be used to make these rooms suitable for kitchen use. I believe the Parent-Teacher Associations will do all they can to promote a program of hot lunches for the children in the first three grades who will be in these buildings.

I sincerely hope that the citizens of Hampden will cooperate with the Parent-Teacher groups to make the hot lunch program possible. It is very necessary for the health of these small children that hot lunches be provided.

COST OF EDUCATION

We hear considerable talk these days about the tremendous cost of education, not only in Hampden, but in the country as a whole. I would like to give a few figures for comparison, thought, and discussion.

The average net cost per pupil in high schools of Maine for the school year 1948-1949 was \$179.17. The average cost at Hampden Academy was \$125.09. The maintenance cost per pupil in average daily attendance in all elementary schools in Maine for the school year which ended June 30, 1948, was \$101.31. For the same period of time the cost per pupil in Hampden elementary schools was approximately \$91.00. These figures indicate that the cost of education in Hampden is considerably less than the average in the state.

Let us consider for an instant the cost of education in the nation as a whole. Expenditures for education in 1948 rank slightly above the national expenditures

for tobacco, and are less than the amount spent on alcoholic beverages for the same period, according to a comparison developed by the American Business Men's Research Foundation. The following figures were taken from that report:

Alcoholic beverages	\$8,800,000.00
Education (Both public and private through college)	5,200,000.00
Tobacco	4,160,000.00

With these figures in mind, each of us may form his own opinion as to whether education is costing too much in comparison with other things.

REPORTS

I would like to call your attention to the reports of the supervisor of music and the principal of Hampden Academy which follow.

CONCLUSION

The success of any program depends to a great extent on the cooperation given to it by organizations as well as by individuals. I want to express my appreciation to the Parent-Teacher Associations, the Local Health Committee, the Benevolent Society, and the Hampden School District Trustees for the many hours of unselfish service which they have given to make education more complete for the children of Hampden.

To the school committee, teachers, parents, and school children with whom I am in daily contact, I am particularly grateful. Without their cooperation, encouragement, and support, the school program could never function as smoothly and efficiently as it has during the past year.

It is my earnest desire that I may continue to merit the support of all who are interested in the welfare of children.

Respectfully submitted,
EARL C. McGRAW
Supt. of Schools

REPORT OF SUPERVISOR OF MUSIC

The necessity for a report of music is a matter of civic pride and indicates a progressive community.

Music in the public schools is a serious factor in the mental, physical and emotional development of the child, and is also very important in character molding. The four essentials of this subject are conceptions of good music, voice training, sight singing and musical interpretation and in this manner they are developed side by side throughout the years of elementary school.

It is a source of satisfaction to realize the progress made during the year, and this year recordings have been made in each of the schools. In the spring another will be made to show just what progress has been made, particularly in the singing.

I find it a distinct pleasure to be able to work with the girls and boys, and they have been most responsive to their lessons in music.

The teachers have been helpful, and I wish to thank them for their cooperation at all times.

Respectfully submitted,

KATHLEEN A. HEWES,
Teacher of Music

REPORT OF PRINCIPAL OF HAMPDEN ACADEMY

To the School Committee and Citizens of Hampden:

Hampden Academy opened on September 12, 1949, with an initial enrollment of 168 pupils registered by courses as follows: General 35, Scientific 37, Classical 12, Commercial 66, and Agriculture 18, and by classes: Freshmen 55, Sophomores 44, Juniors 33, Seniors 35, and 1 Post Graduate. During the year thus far, we have gained 6 pupils and lost, for various reasons, 18, making a total for the year of 174. Of this total 17 students are tuition pupils, and 157 are from Hampden. The present enrollment is 156.

We are endeavoring to maintain the same high standards of accomplishment that Hampden Academy has enjoyed in the past. We have two district types of training for our pupils. For those who plan to end their formal education with graduation from Hampden Academy, we offer Commercial and Agricultural courses, and hope that some day in the near future we will be able to complete the cycle by offering Home Economics for the girls. The classical and other preparatory courses are offered to those students planning to enter colleges, nursing and trade schools. Both types of students are given the best training possible, in spite of the crowded conditions that exist.

The physical equipment of the school is in varying degrees of condition. The desks in many rooms are in a deplorable state. The working equipment of the laboratory and the classrooms is in fair condition, but lacking suitable storage space, it is subjected to unnecessary damage. What equipment we do have is kept in good

condition.

There is a tremendous need for the organization of the Alumni, and it is my sincere desire that the names and addresses of graduates of Hampden Academy be tabulated in the school office, so they may be informed of our activities and be allowed to participate in the future plans of the school.

Respectfully submitted,
HAROLD LOUDER,
Principal

REPORT OF TRUSTEES OF HAMPDEN SCHOOL DISTRICT

February 20, 1950

To the Municipal officers of Hampden, Maine:
Gentlemen:

The following is a report of the doings of the Trustees of the Town of Hampden School District for the fiscal year just closed.

The Trustees consist of Dr. George B. Weatherbee, Carlton Littlefield, Earl Spaulding, Guy Matthews and Randolph A. Weatherbee, of whom Mr. Littlefield is President, Mr. Spaulding, Treasurer, and Mr. Weatherbee, Clerk.

It will be recalled that the ACT creating the School District authorizes the Trustees to borrow up to \$300,000.00, and that when the bids for the construction of the building was opened on December 10, 1948, the lowest bid of the six received was that of T. W. Cunningham, Inc., for \$377,700.00. The Trustees were thus faced with the necessity of deciding whether to:

1. Abandon the plans that had been prepared for the construction of a modern, fire resistant elementary school building which would accommodate all the elementary school students of the town and erect instead a smaller building with a smaller capacity; or

2. To erect the building according to previous plans but to leave the first floor at present uncompleted.

The majority of the Trustees felt that the interests of the people of the town would be better served by building the large building as previously planned but finishing at this time only the top floor, and on February 25, 1949, bids were opened for the construction of the building with the unfinished first floor, and again T. W. Cunningham, Inc. was the low bidder, with a bid of \$284,400.00, or \$267,400.00 with all the alternates accepted. (This figure would not, of course, include the Architect's fees.)

On March 3, 1949, it was voted to contract with T. W. Cunningham, Inc. for the construction of the building with four of the five alternates accepted, and to issue Bonds to the amount of \$300,000.00, at 2.75, to be sold to F. W. Horne & Company, and a few days later construction of the building was commenced.

Construction has proceeded as planned, and the only unexpected expense of consequence was the necessity of blasting a large amount of ledge while digging the trench for the water and sewer pipes from the location to the street.

The building will be completed in a few days, although grading will have to wait until spring. New seats have been purchased and are in the building ready for use.

The completed second floor contains ten large modern classrooms, two lavatories, and a teacher's room. The first floor will be sealed off from the two stairways and can if it is found desirable be completed one or more rooms at a time as money is available. The building is so constructed that a wing for a gymnasium or a high school could be added in the future.

Respectfully submitted,
Trustees of the Town of Hampden
School District

RANDOLPH A. WEATHERBEE
Clerk

WALTER E. WHITNEY
Treasurer
Town of Hampden, Maine

FIRE DEPARTMENT

To the Selectmen and Citizens of the Town of Hampden.
Gentlemen:

My report as Chief of the Fire Department is as follows:

During the past fiscal year this department has answered 61 alarms.

Chimney Fires	17
Grass Fires	20
Out of Town	1
Buildings	3
Dumps	6
Woods	1
Automobiles	3
Oil Burners	4
Miscellaneous	5
False Alarms	1
	—
Total	61

It becomes evident that there has been a reduction in the over-all amount of alarms turned in over the past year. I sincerely hope that the townspeople are becoming a little more fire-conscious in regard to cleaning their chimneys and burning their grass. Ninety-five percent of all fires are caused by carelessness or poor judgment and therefore those same qualities become outstanding, in the majority of cases, every time a fire-alarm is turned in. Our Fire Truck and corresponding equipment carried on it represents a number of thousand dollars worth of the Taxpayers money, therefore, in the time of need they should never hesitate to call it out, but no matter how much it is worth, isn't it much better to let it rot out from lack of alarms than to wear out from answering them?

Once again our staff of telephone operators have turned in another year of faithful service in getting the calls through for the Fire Department. My personal thanks are extended to them as well as those of the men who have worked with me on the department.

Respectfully submitted,
CLAIR A. TRASK
Fire Chief

Hampden Highlands, Me.

Jan. 1, 1950

To the Selectmen of the Town of Hampden and the Residents of the Hampden Water District:

Gentlemen:

The following is the annual report of the Trustees of the Hampden Water District.

At the election held on the second Monday in May, 1949, Thomas A. Murray was elected as Trustee for a term of five years.

Following the election the Trustees met and chose their officers. President, Thomas A. Murray; Treasurer, Walter E. Whitney; Clerk, James B. Mountaine.

The progress of the District and its financial condition will be found in the reports of the Superintendent and Treasurer.

Respectfully submitted,
THOMAS A. MURRAY,
President

SLOW SAND FILTERS

The construction of the new Slow Sand Filter was completed and put in operation on July 3, 1949. Other than a few minor changes this new unit is a duplicate of the original groined arch type filter built in 1937. Each filter, built of cement is 40 ft. square or approximately one twenty-seventh of an acre in area and operates, when water is being pumped, at a rate equal to 5,000,000 gallons per acre, per filter daily. The filters are connected to operate either single or as a double unit depending on the demand filtration load.

The sand in the original filter has been replaced with 148 yards having an effective size varying from .28 to .40 with a uniformity coefficient varying from 2.0 to 3.0, as per specifications accepted in the water works field for satisfactory operation of slow sand filters.

NEW PUMPING EQUIPMENT

Due to the increase in water consumption it became necessary to install auxiliary pumping equipment with sufficient output to meet the present as well as future demand. During November 1949 a new high head Warren centrifugal pump was installed. This pump is a 2½" single stage, double suction, enclosed impeller, with a horizontally split case. Capacity 300 GPM against 330 ft. total net head and driven by a 50 HP., 550 V., 3 ph., 60 cy., drip-proof electric motor in order to be non overloading under all conditions.

The original low head pump was converted to deliver 250 GPM against 30 ft. head and driven by a new 5 HP., 550 V., 3 ph., 60 cy., electric motor. Suitable magnetic starters having overload and under voltage protection and equipped with push button stations were installed with each unit.

To the Inhabitants of the Hampden Water District:

E. H. ROWELL
Town Clerk

Town of Hampden, Maine
MUNICIPAL AUDIT

For the Year Ended February 10, 1950

March 1, 1950

Board of Selectmen
Hampden, Maine
Gentlemen:

In accordance with your request, we have audited the general and trust fund accounting records of the Town of Hampden, Maine for the year ending February 10, 1950; we have directly examined records of the town clerk affecting accounting procedure and the administration of the town. We did not, however, perform a detailed audit of all transactions. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

BALANCE SHEET COMMENTS

General Fund

Cash on deposit, in the general fund, has been reconciled with certificate furnished by the Eastern Trust and Banking Company. Cash on hand, totaling \$1,817.21 was determined by bank certificate to have been promptly deposited. All cash recorded as received and disbursed has been reconciled to the date of our examination.

Accounts receivable have been determined from examination of departmental and other transactions; pauper supplies furnished unsettled cases and residents of other towns constitutes a substantial part of the outstanding balance. A reserve for possible loss is maintained for transactions pertaining to the years 1942 and 1948.

The assessment of 1949 taxes has been proved and individual assessments compared, in detail, to the list as committed to the collector; recorded collections have

been compared in detail to the records of commitment. Transactions in all years have been reconciled with detailed control. Copies of excise tax receipts recorded as issued during the year and ending with number 342 for 1950 have been added and the total found to be greater by \$.40 than the receipts issued by the treasurer, the difference being considered as a receivable from the collector. The revenue, being unappropriated, has been used to decrease the deficit in resources.

Tax lien mortgages securing 1948 real estate assessments have been examined; costs have been added to and forms a part of the reconciled ledger balance. Because the collector is on salary and not paid additional fees for lien claims, costs chargeable to the tax payers have not been added to the balances of the prior years. Collections continue to be made on outstanding tax deeds.

Examination has been made of all transactions in property acquired by the town by reason of tax lien mortgage foreclosures; a substantial gain resulting from sales has been credited to deficit in resources. The value of highway equipment has this year been deleted from the balance sheet in the absence of a vote at annual town meeting to maintain this type of accounting. The inventory as previously prepared had not been adjusted for changes during the year. Maintaining an accounting of capital items, is entirely proper, however, unless all departments and all properties are appraised at year end closing, there is little value in maintaining partial and out of date records. It is not a requirement of the uniform system of municipal accounting to include capital items and there is no attempt made to measure depreciation thereon, however obvious both obsolescence and depreciation may be. In lieu of depreciation, the creation of capital reserves within the meaning of Chapter 80, Sections 130 through 134 inclusive, of the 1944 Laws of Maine, as amended, is worthy of consideration and is now becoming an accepted practice in municipalities especially those with a surplus of resources for the time being.

Accounts payable have been determined from analysis of departmental and other transactions. The obligation to the town of Dixmont is for pauper supplies furnished by that municipality and, based upon examination of evidence made available, appears to be a proper obligation, however, by reason of technicalities or other reasons not known to us there may be a remote possibility of a defense against this claim; the balance as outstanding has been verified by direct examination of the records of the town of Dixmont.

The bonded debt is the balance of an original issue of \$37,000 issued for sewer extension, \$4,000 being retired during the year in accordance with requirements, interest requirements were determined to have been paid.

During the year \$30,000 of outstanding notes were retired from the proceeds of the bond issue and the balance of \$5,000 was paid by special appropriation; the cancelled notes have been viewed by us.

The records of the amounts withheld from employees have been examined and the liability which has accrued from January 1, 1950 is believed to be correct.

A trust fund received from Arad Arey in the sum of \$75.00 has been held in the general funds pending vote of acceptance at the next annual meeting.

The amount due to trust funds is the principal of the Isiah York fund not invested at year end closing and, in addition, two years of accumulated earnings from bond investment and withdrawal from time deposit investments to be added to the accumulated expendable income because of care given to the lots without expense to the town.

Continuing Balances are for purposes of education, the unexpended balance in the water system account for the cemetery and an overdraft for state aid highway construction, considered recoverable from the joint town and state fund upon submitting a supplemental completion certificate to the State Highway Department. The overdraft for school repairs and insurance, although

substantial, may have been anticipated despite insufficient appropriation, however, because of an authorization for borrowing to defray expenses the overdraft is considered as if authorized. The appropriation for the coming year, however, should be sufficient to reimburse the town treasury for this overexpenditure.

Trust Funds

Trust fund resources, in the form of security investments, have been verified by direct examination; amounts on time deposit have been verified by certificate furnished by the Bangor Savings Bank. Trust fund balances, consisting of expendable income and principal, have been reconciled with transactions in each individual trusteeship. The number of individual trusts, each of which requires its own individual accounting has become a large portion of the work necessary in the annual audit and it is suggested that a new method of accounting which need be neither highly involved nor cumbersome, be maintained at the town office.

Operating Comments

We have not made a detailed audit of all transactions, we have, however, carefully analyzed all important transactions. We have made a test check of invoices with warrants issued for expenditures. The departmental operations reflects overdrafts in excess of unexpended balances to the extent of \$4,603.08, however, this includes purchase of the Whalen farm for a future gravel supply for which revenue by tax levy was not provided and payment was made during the year without extension of borrowing beyond the current year. Contributing further to the overdrafts was the necessary relief to town poor considerably in excess of anticipation and unexpected expenditures on the newly constructed sewer extension. The cost of interest on the sewer notes issued pending the receipts from the bond issue cost \$925.00 for which no appropriation was made. The lapsed unexpended balance in the school district appropriation was reconciled with records of the school dis-

trict and was created because of interest charged investors as a part of the purchase price of the bonds, therefore a part of the interest requirements for the first interest period had thereby been prepaid and not all of the appropriation was required to meet these requirements; the full interest requirements on the outstanding school district bonds were found to have been paid.

A careful analysis of all departmental operations clearly reveals prudent management and the depletion of cash resources is attributed to being able to complete the year without borrowing for school repairs and the Whalen farm purchase, however, the cash balance at year end closing represents a little more than the average disbursements for one week.

The deficit in resources in the general fund, which does not include operations or obligations of the newly created school district have decreased during the year from \$41,407.08 as of February 10, 1949 to a deficit of \$20,747.40 as analyzed on Exhibit E. Voted appropriations for the retirement of sewer bonds, notes payable and the town hall fire overdraft totaled \$11,000.00. Transactions affecting prior years balances resulted in a net gain of \$99.45. The operating transactions for the current year exclusive of the special appropriations, resulted in a net operating gain of \$9,560.23 without credit for the capital gain from the gravel bank purchase.

Certificate

Based upon our examination, and subject to the foregoing, we hereby certify that, in our opinion, the accompanying comparative balance sheet, statement of transactions in departmental accounts, and analysis of change in deficit in resources properly present the financial condition of the town as of February 10, 1950 and the results of its operations for the year then ended, in conformity with generally accepted principles of municipal accounting.

Respectfully submitted,
W. C. WHEELER
Public Accountant

Report of Town Planning Committee

The Planning Board has been hard at work on the preliminary survey and research for a zoning ordinance. We have completed a map of the town of Hampden showing the roads, streams, river, and boundaries. We have studied several existing zoning ordinances recently incorporated by nearby towns and cities. We have been fortunate in securing advice from Mr. McLaughlin, the city planner of Bangor.

It is the interest of the board to draw up a tentative plan and ordinance, and submit it to open discussion at a public hearing this spring. The purpose of the zoning plan is to protect those homes and businesses now established from the erection of undesirable establishments nearby. And to similarly protect areas offering opportunities for residential and business expansion.

Some areas must be avoidable to industry, commercial buildings, places of business, etc. It is the plan to indicate these areas on our map and leave the balance of the areas free to residential or farming. Those businesses now located in areas to be proclaimed residential and farming may of course continue.

In order to develop such a plan considerable thinking must be done for the future. We hesitate to rush headlong into a definite plan without giving each citizen an opportunity to express his view.

PLANNING BOARD,

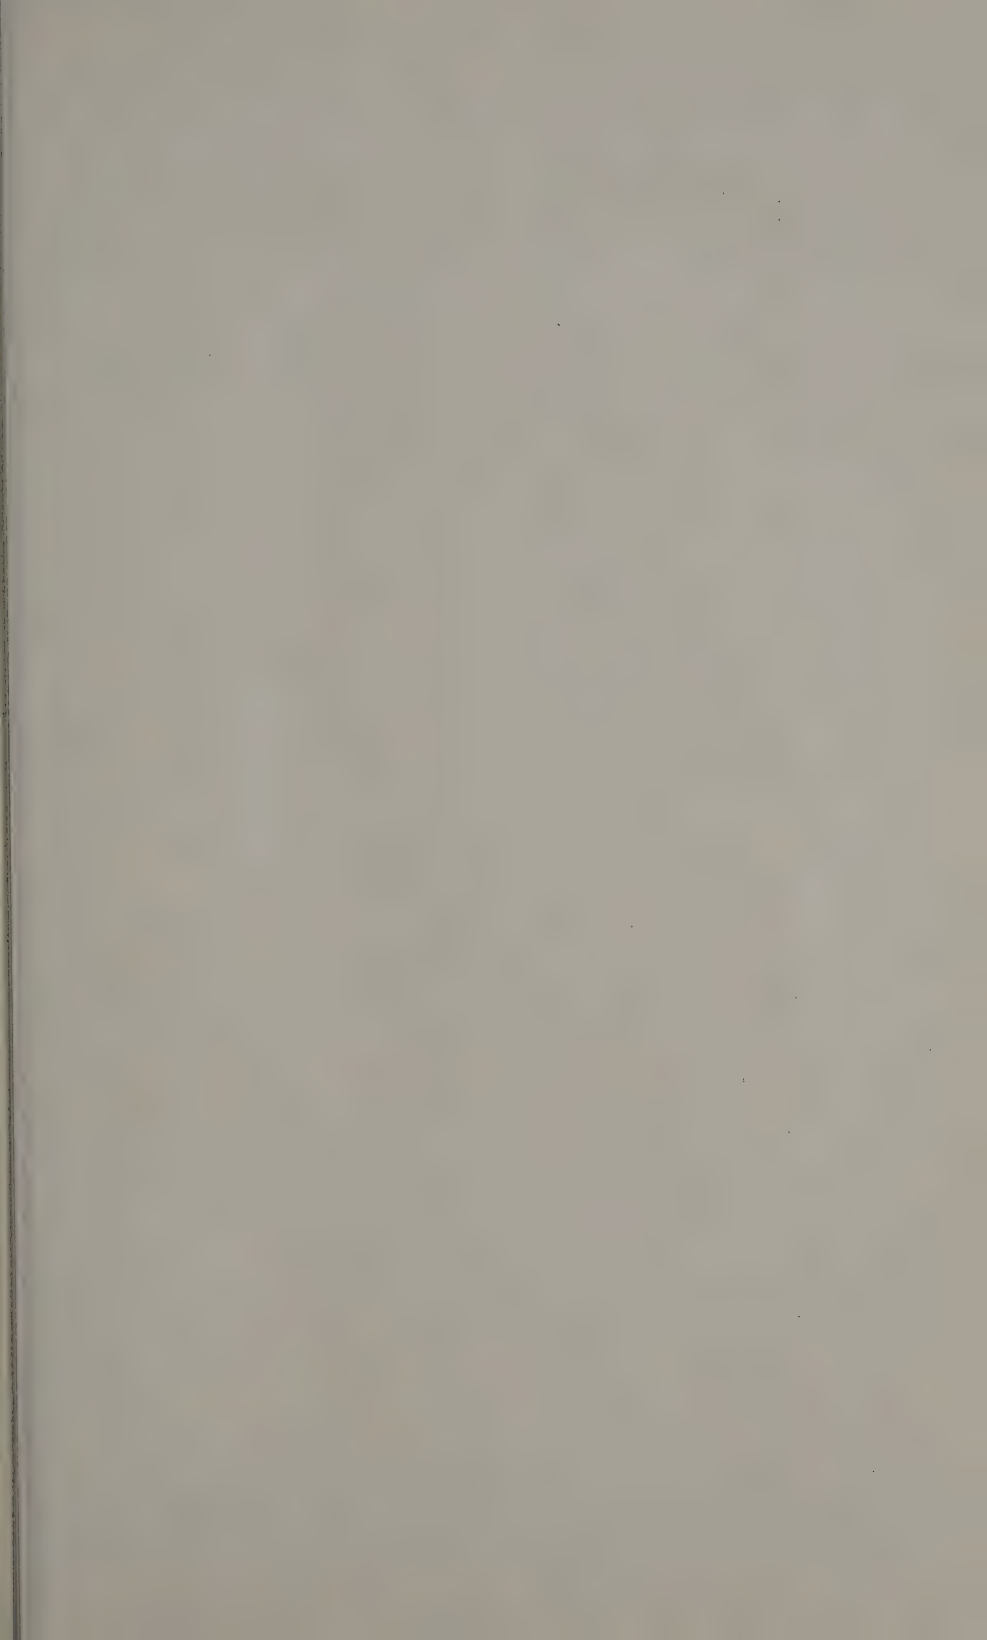

L. H. Stanley

E. P. Webster

Ralph Barron, Jr.

Mrs. Esther Spaulding

Allen Rooks

IMPORTANT

All taxpayers should read the following requirement and comply with it:—

Section 35, Chapter 81, Revised Statutes of Maine, 1944: "Before making an assessment, the Assessors shall give reasonable notice in writing to the inhabitants, by posting notifications in some public place in town, or shall notify them in such other ways as the town, at its annual meeting, directs, to make and bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is hereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed."

WARRANT

PENOBSCOT, ss.

To Ernest Cole, Constable of the Town of Hampden, in
said County of Penobscot,

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Hampden, qualified to vote in town affairs to assemble at the Town Hall in said Hampden on Monday the 12th day of March, 1951, at one o'clock in the afternoon to act on the following articles, and also to elect by secret ballot, in the method used in gubernatorial elections, a first selectman, a second selectman, a third selectman, a fourth selectman, a fifth selectman, a sixth selectman, a seventh selectman, a first overseer of the poor, a second overseer of the poor, a third overseer of the poor, a first assessor, a second assessor, and a third assessor, a trustee of the Town of Hampden School District, a member of the School Committee, a Town Clerk and a Town Treasurer, and it is hereby specified that the polls shall be open from one o'clock in the afternoon to seven o'clock in the evening for the election of the above officers, and that consideration of Articles 2 to 55, inclusive, will commence at eight o'clock in the evening.

Article 1. To choose a Moderator to preside at said meeting.

Article 2. To see if the Town will vote to accept the report of the Selectmen, Assessors, Overseers of the Poor, School Committee, and Superintendent of Schools.

Article 3. To see if the Town will vote to adopt the Town Agent form of town management for the fiscal year 1951 and 1952.

Article 4. To see if the Town will vote to instruct the Selectmen to hire a Town Agent for the ensuing year, whose duty it shall be to act as Agent for the

Selectmen, Assessors, and Overseers of the Poor; to act as Tax Collector; to act as Road Commissioner; to act as Building Inspector of the Town; and to perform all duties that may be prescribed by the Selectmen.

Article 5. To determine what sum of money the Town will vote to raise by taxation for the following purposes for the ensuing year:

For the support of Common Schools.

For the repair and insurance of School Houses.

For the support of the poor.

For supplemental old age.

For the support of dependent children under the provisions of the Aid to Dependent Children Law.

For roads and bridges, summer.

For roads and bridges, winter.

For street lights.

For care of cemeteries.

For salaries of town officers.

For maintaining and operating fire department.

For cutting bushes on cross roads.

For incidental and unusual expenses.

Article 6. To see if the Town will vote to authorize the Superintending School Committee to make a contract with and pay the Trustees of Hampden Academy the tuition of pupils qualified to attend such school in accordance with the provisions of Chapter 19, Section 92, of the Revised Statutes, and raise and appropriate money for that purpose.

Article 7. To see if the Town will vote to raise and appropriate the sum of three thousand dollars (\$3,000) to retire three sewer bonds due February 1, 1952.

Article 8. To see if the Town will vote to raise and appropriate the sum of seven hundred and fifty dollars (\$750) interest on sewer bonds.

Article 9. To see if the Town will vote to raise and appropriate the sum of one thousand seven hun-

dred and twenty-eight dollars (\$1,728) for State Highway Construction, in addition to the amount regularly raised for the care of ways, highways, and bridges, under the provisions of Section 25 to 29. Chapter 20 R.S. 1944 as amended.

Article 10. To see what sum, if any, the Town would recommend to take from the Joint Fund for the construction of State Aid Highways for the purpose of applying bituminous surface treatment of State Aid Highways in excess of the requirements of Section 2, Chapter 132, Public Laws of 1935.

Article 11. To see if the Town will vote to earmark the sum of three thousand dollars (\$3,000) from the excise tax for the use of tarring roads in 1951.

Article 12. To see if the Town will vote to raise and appropriate the sum of four hundred dollars (\$400) to cooperate with the Maine Forest Service and the Federal Government in the control of the White Pine Blister Rust in accordance with the revised Statutes, Chapter 32, Section 54.

Article 13. To see if the Town will vote to raise and appropriate the sum of one hundred dollars (\$100) for the Maine Publicity Bureau for advertising our resources, advantages, and attractions of the State of Maine in accordance with the provisions of Chapter 80, Section 95 of the Revised Statutes of Maine.

Article 14. To see if the Town will vote to raise and appropriate the sum of two hundred dollars (\$200) for public health nursing in Hampden. Said sum to be expended by the Maine Department of Health and Welfare, Bureau of Health for local service.

Article 15. To see if the Town will vote to raise and appropriate the sum of sixty dollars (\$60) for the F. G. Flagg Corps for Memorial Day Services.

Article 16. To choose one Trustee of the George Stetson Fund of Hampden Academy to serve for three years.

Article 17. To see if the Town will vote to guarantee five per cent (5%) interest on the ten thousand dollar (\$10,000) George Stetson Fund of Hampden Academy, and raise and appropriate money for that purpose.

Article 18. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, to borrow during the ensuing year in anticipation of, and to be paid out of, the taxes of the current year, 1951-1952, a sum not exceeding fifty thousand dollars (\$50,000) and to execute and deliver the negotiable note or notes therefor.

Article 19. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen, to hire money for temporary purposes, and to execute and deliver the note or notes therefor.

Article 20. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to sell and convey in the name of the Inhabitants of the Town of Hampden, the interest in any real estate which the town may own by virtue of proceedings for the enforcement of tax liens, or by the virtue of tax deeds.

Article 21. To see if the Town will vote to authorize the Treasurer and the Board of Selectmen to release and convey in the name of the Inhabitants of the Town of Hampden, to the owner at the time of the assessment of the tax, of real estate on which the lien or deed for taxes has been enforced, and redemption expired, or to his heirs, devisees, or assigns, the right, title and interest acquired by the Town in and to any such real estate on payment of the amount of taxes, interest and charges due on the respective parcels.

Article 22. To see if the Town will vote to authorize the Selectmen to hold and pay to the Tax Collector one half of the amount on Town Orders for labor performed by persons who are in arrears of taxes until such taxes are paid.

Article 23. To see if the Town will vote to raise and appropriate the sum of five hundred and twenty-five dollars (\$525) to pay insurance policies that expire during the fiscal year of 1951-1952.

Article 24. To see if the Town will vote to raise and appropriate the sum of fifteen hundred dollars (\$1500) to repair the old sidewalk from Carlton's Filling Station, situated at Hampden Highlands, so-called, to Kenneth Batey's Store, situated at Hampden Upper Corner, so-called.

Article 25. To see if the Town will vote to raise and appropriate the sum of six hundred dollars (\$600) to be used for the purchase of and installation of electrical traffic signal lights to be installed at the upper and lower corner, so-called, at the intersection of Route 9, so-called, and the Kennebec Road, so-called, with the U.S. Highway No. 1.

Article 26. To see whether the Town will vote to make and adopt the following ordinance:

"Be it ordained by the Inhabitants of the Town of Hampden, Maine:

SEC. 1. The Selectmen are authorized to install and maintain at the upper and lower corners, so-called, in said Hampden, being the Intersection of U.S. Highway No. 1 with Route 9, so-called, and the Kennebec Road, so-called, respectively, electrical traffic signal lights, the character and type of said lights and their exact location at said corners to be determined by said Selectmen.

SEC. 2. Wherever in said Hampden traffic is regulated by said electrical traffic signal lights:

(1) Red Signals shall mean "stop." Traffic facing the signal shall stop before entering the intersection and remain standing until "green" or "go" is shown alone.

(2) Green Signals shall mean "go." Traffic facing the signal may proceed except that vehicle drivers shall yield the right of way to pedestrians and vehicles law-

fully within a cross-walk or the intersection at the time when such signal is exhibited.

(3) Amber Signals indicate preparation for a change of traffic movement and opportunity for movement by pedestrians.

SEC. 3. The Selectmen shall establish cross-walks wherever in their opinion there is particular danger to pedestrians and designate and maintain same by appropriate devices, marks, or white lines upon the surface of the highway.

SEC. 4. No person shall violate the instructions of any mechanical or electrical traffic signal, traffic sign, marks upon the street, barriers or signs authorized or approved by the Selectmen, nor wilfully deface, injure, move or interfere with same.

SEC. 5. Whoever violates any of the provisions of this ordinance shall be punished by a fine not exceeding \$20.00 for each offense, to be recovered by complaint to the use of the said Town of Hampden.

Article 27. To see if the Town will vote to raise and appropriate the sum of five thousand three hundred and ninety dollars (\$5,390) for Hydrant Rental.

Article 28. To see if the Town will vote to raise and appropriate the sum of five thousand one hundred dollars (\$5,100) to pay the Town's share of the Twin Bridge which is to be built on the State Aid Road known as the Carmel-Winterport Road.

Article 29. To see if the Town will vote to raise and appropriate the sum of three thousand and seventy dollars and seventy-five cents (\$3,070.75) to take care of the overdraft in the Common School's Repairs and Insurance Account for 1949.

Article 30. To see if the Town will vote to raise and appropriate the sum of sixteen hundred dollars (\$1,600.00) to build a vault at the Town Office to be used for the storage of the town records.

Article 31. To see if the Town will vote to have the Cemetery Trustees take over the maintenance of the West Hampden Cemetery.

Article 32. To see if the Town will vote to accept the sum of two hundred dollars (\$200.00) from Delma Ide McLaughlin to be known as the Perpetual Diane Marshall Book Fund; the interest to accumulate until such time as the first Diane Marshall Book Fund is exhausted. At that time the accumulated interest is to be given to the Principal of the existing Hampden Consolidated School to be spent for new books. Thereafter each year only the interest to be spent for the purchase of new books for the School Library.

Article 33. To see whether the Town will vote to make and adopt the following ordinance:

"Be it ordained by the Inhabitants of the Town of Hampden, Maine:

Sec. 1. No person shall transport through any of the public streets or highways of the Town of Hampden any garbage, refuse or waste paper, or other animal, vegetable or mineral waste except in a securely covered receptacle.

Sec. 2. Whoever violates any of the provisions of this ordinance shall be punished by a fine of not exceeding \$20.00 for each offence.

Article 34. To see if the Town will vote for a revaluation of the Town.

Article 35. To see what sum of money the Town will raise and appropriate for the revaluation.

Article 36. To see if the Town will vote to instruct the Selectmen to keep a record of their meetings that will be open to the public.

Article 37. To see if the Town will vote to install and maintain a street light on the curve near the residence of Charles Bryant, and one on the curve near the residence of Leigh Campbell, and one on the curve at

the foot of the hill near the residence of Hugh Nelson, and one on the curve near the residence of Perry Stubbs.

Article 38. To see if the Town will vote to install and maintain a street light at the junction of the Patterson Road and Route No. 9 at Hampden Center, Me.

Article 39. To see if the Town will vote to install and maintain a street light near the McGilvery Property on the Kennebec Road.

Article 40. To see if the Town will vote to install and maintain a street light in front of Paul Nickerson's residence and one at the corner of Ferry and Summer Streets.

Article 41. To see if the Town will vote to discontinue the street light at the intersection of the Shaw Hill Road and Route No. 9 and install and maintain a street light on the road leading from the Main Highway to the New School.

Article 42. To see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1,000.00) to be used for the Athletic Field at the New School.

Article 43. To see if the Town will vote to authorize the Assessors to raise the valuation of the Town 20% across the board.

Article 44. To see if the Town will vote to authorize the Selectmen to ask for bids for four thousand nine hundred and eighty (4,980) feet of sewer extension for the Wheelden Heights Section if a firm bid can be secured, not to exceed fifteen thousand (\$15,000) dollars.

Article 45. To see if the Town will vote to authorize the Selectmen to trade the town-owned tractor and overhead shovel if a satisfactory exchange can be made.

Article 46. To see if the Town will raise and appropriate a sum of money to install two (2) culverts; one at the entrance of the road leading to Lester Stubbs'

residence, and one half way down the hill.

Article 47. To see if the Town will vote to tar the Carver Road, so-called, and to see what sum of money the Town will raise and appropriate for that purpose.

Article 48. To see if the Town will vote to put back into Cemetery Maintenance the one hundred (\$100) dollars that was set aside last year for the purpose of starting a general fund to be used in the Old Part of Locust Grove Cemetery.

Article 49. To see if the Town will accept from the Estate of Edward White two hundred (\$200) dollars, the interest to be used for the perpetual care of his lot in Locust Grove Cemetery.

Article 50 To see if the Town will vote to accept the sum of two hundred (\$200) dollars from Bertha A. Thomas, the interest to be used for the Perpetual Care of the Walter Thomas Lot in Locust Grove Cemetery.

Article 51. To see if the Town will vote to accept the sum of two hundred (\$200) dollars from Lottie M. Arey and Addie M. Arey, the interest to be used for the Perpetual Care of the Roscoe Arey lot in Locust Grove Cemetery.

Article 52. To see if the Town will vote to accept the sum of two hundred (\$200) dollars from Lottie M. Arey, the interest to be used for the Perpetual Care of the Nathaniel Arey Lot in Locust Grove Cemetery.

Article 53. To see if the Town will vote to install and maintain a street light at the bus stop near the entrance of the road leading to the Ralph Dyer Property.

Article 54. To see if the Town will vote to appoint twelve (12) or more citizens to cooperate with the Selectmen in preparing and presenting at the next annual meeting a budget for the year 1952-1953.

Article 55. To transact any other business that may properly come before said meeting.

Given under our hands this third day of March 1951.

IMPORTANT COMMUNICABLE DISEASE CONTROL

Reporting of Cases

R. S. 1944, c. 22. Notice of existence of any infectious disease. Whenever any householder knows or has reason to believe that any person within his family or household has smallpox, diphtheria, scarlet fever, cholera, typhus or typhoid fever, cerebro-spinal meningitis, measles, membranous croup, so called, whooping cough, or any other disease which is made notifiable by the rules and regulations of the department, he shall, within 24 hours, give notice thereof to the health officer of the town in which he resides, and such notice shall be given either at the office of the health officer, or by letter or telephone, the communication to be mailed or delivered to him within the time above specified, and in case there is no health officer, to the department, either at its office or by communication as aforesaid.

Control of Cases and Contacts

R. S. 1944, c. 22. Children, affected, shall not attend school, etc. No parent, guardian, or other person shall carelessly carry about children or others affected with infectious diseases, or knowingly or wilfully introduce infectious persons into other persons' houses, or permit such children under his care to attend any school, theatre, church, or any public place.

ERNEST H. COLE,
Health Officer.

LETTER OF TRANSMITTAL

To the Board of Selectmen and Citizens of Hampden:

It is with pleasure that I present the following report of the municipal affairs of Hampden for the year ending February 10, 1951.

The appropriations this year were the highest that the Town has ever had and it is very gratifying to be able to state that our bills are all paid and that we have a balance in the treasury.

I wish to thank my superior officers for their support and assistance and I also wish to express my appreciation for the generally cooperative attitude of most of the townspeople. Although I fully realize the impossibility of settling every problem to the complete satisfaction of all concerned, I have tried to welcome constructive criticism and suggestions of every nature.

Respectfully submitted,

ERNEST H. COLE,
Town Agent

REPORT OF PRINCIPAL OF HAMPDEN ACADEMY

To the School Committee and Citizens of Hampden:

Hampden Academy opened on September 6, 1950, with an initial enrollment of 162 pupils registered by courses as follows: General 30, Preparatory Scientific 36, Preparatory Classical 16, Commercial 68, and Agriculture 15; and by classes, Freshmen 53, Sophomores 45, Juniors 39, Seniors 28, and one Special Student. During the year thus far, we have gained 3 and lost, for various reasons, 22 (four to the Armed Services) making a total for the year of 165 registrations. Of this total, 18 students are tuition pupils and 147 are from Hampden. The present enrollment is 143.

We are still endeavoring to offer courses to satisfy the needs of our pupils. With the Agriculture and the Commercial courses, we are able to train those students who wish to complete their formal education at the secondary level to be better members of the community as well as to prepare them for Business or Agriculture courses in College. The College Preparatory courses are essentially designed to prepare for entrance to College. We are continuing to maintain a satisfactory level in all these fields.

We have made several improvements in the physical structure of our building. New desks have been placed in two of the rooms and several rooms have been painted. A new Oil Burner and Hot Water Systems have been installed in the furnace. The old coal pocket is being converted into a Boy's Locker room, complete with storage space for the athletic equipment. Most of this work has been done by the boys of the school under the direction of the Physical Director. Mr. Harry Hallsey. Through the generous and hard working aid of the Hampden Boosters Club, we have purchased complete football equipment thereby enabling us to continue in that sport. The Boosters Club are now working on the building of a field at the rear of the Consolidated School.

We have started a Guidance program this year, which we feel will be helpful to the students in their choice of work both in school and after graduation.

We are still interested in the Alumni of Hampden Academy and to that end, we are continuing the work of compiling a list which we hope will be accurate and helpful in coordinating our work with this group.

Respectfully submitted,

HAROLD W. LOUDER,
Principal

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Feb. 16, 1951

To the School Committee and Citizens of Hampden:

The education of children is the most important function of a community. Children are its most valuable asset and citizens cannot afford to provide for them anything but the best education within their means. The people of a community, by their moral and financial support, set the pattern for the education of their youth. School officials must operate the schools according to that pattern. It is with these basic facts in mind, that this report of the Hampden schools for the year just past is presented.

ENROLLMENT

The total enrollment for the present school year is 528. This is 8 less than the peak enrollment of last year. Approximately 85 per cent of these children are transported to school by school buses. The following table gives the distribution by grades and schools:

School	SP	1	2	3	4	5	6	7	8	Tot.
McKinley	34	37	25							96
Hannibal Hamlin	36	35	31							102
Consolidated				73	52	53	43	55	54	330
Totals	70	72	56	73	52	53	43	55	54	528

TEACHERS

We have three new teachers in the grades this year. All have had normal school training and successful experience. Mrs. Sadie Mann of Orrington, the only new teacher in the Consolidated school, teaches a fourth and fifth grade room. Mrs. Mona Miller of Hampden replaces Mrs. Priscilla Shannon as teacher of grade one at the Hannibal Hamlin school. Mrs. Phyllis Newcomb of Carmel teaches the sub-primary in the Hannibal Hamlin school replacing Mrs. Marion Fenlason who was obliged to resign early last fall because of ill health.

In cooperation with the trustees of Hampden Academy, a coach and director of physical education has been employed this year. Mr. Harry Hallsey of Saco, who coached football at the Academy in 1949, was secured for this position. He teaches physical education to the children in the grades during the mornings and teaches at the Academy afternoons.

It is very gratifying to note the professional spirit displayed by the teachers this year. Since the beginning of the year 1950, thirteen of our sixteen elementary teachers, through professional study in summer sessions and extension work, have earned six credits each. Our physical director, music supervisor, and two of the Academy teachers also have earned extra credits through summer school attendance.

You will note in the financial part of this report an account stating \$850. was paid teachers for expenses of summer school and extension courses. This is not an expense to the town as the state reimburses the town for the full amount.

The present state law provides that teachers must be paid annual salaries of 1500, 1600, 1700, and 1800 dollars depending on the amount of training, two, three, four or five years beyond high school. The Hampden School Committee, believing that continued study and training in modern educational procedure will be reflected in better instruction for the children, has adopted

a salary schedule which provides for annual increases in salary of \$100. for every six credits earned with a maximum salary of \$2000. possible.

With the increase in the cost of living during the past six months, it would seem only fair to the teachers if the above schedule should be increased substantially. Without additional state aid this will mean an increase in town appropriation.

SCHOOL LUNCHES

Since the latter part of October we have been serving hot lunches to the children in the Hannibal Hamlin and McKinley schools. The daily menus furnish complete meals providing $1/3$ to $1/2$ of one day's nutritive requirement. The present cost to parents is 20 cents per day. Without the cooperation of mothers in helping to prepare and serve these meals, it would be necessary to charge considerably more.

We were unable to provide hot lunches in the new school as the lunch room is not completed, and the room we had hoped to use temporarily for this purpose was not approved by the state director of the school lunch program. However, arrangements have been made so that a half pint of milk, at a cost of five cents per day, is available for those who want it. I hope the time is not too far distant when we can complete the cafeteria and serve a full meal to all the children.

I hope that we may continue to operate this program, as it is of great benefit to the children. Several parents have reported that their children have increased in weight since the program started. Others have reported improved eating habits. Teachers feel that definite improvement in the school work and the health of the children is a direct result of the school lunches.

Mrs. Charlotte Flynn is the efficient supervisor of the program.

SCHOOL SAVINGS

Under the auspices of the Penobscot Savings Bank, a savings program is being carried on in all classrooms. A certain day of the week is designated as bank day, and children bring their money and deposit it on that day. Each child has his own bank book and most of them proudly watch their savings grow.

Thrift is a habit, and unless it is established early in life it is a difficult habit to form. If we can stimulate the desire to save and be thrifty among the children we are doing them a great service.

DIANE MARSHALL BOOK SHELF

One of the most worthwhile, useful, and inspirational parts of our new school is the library known as the Diane Marshall Book Shelf. This library was made possible through the energetic, unselfish, and generous work of Diane's mother, Mrs. Robert McLaughlin. Diane attended the Hampden schools, and at the time of her death was a pupil in grade six of the Hannibal Hamlin school. Mrs. McLaughlin, knowing Diane's love for her schoolmates and her books, decided to give Diane's books to the school to be used as a nucleus for a school library. Through her untiring efforts many interested citizens and groups have donated money and books for the expansion of the project. With the opening of school in September there were over 500 volumes in the collection. Since that time nearly 300 more have been added. It is hoped that interest in the library and contributions for its maintenance and expansion will continue, for there is no more vital and necessary part of a school than its library.

ADVANTAGES OF CONSOLIDATION

No doubt most people in town are convinced that consolidating the schools of Hampden has resulted in better opportunities for all the children in town. However, for those who are still skeptical, and for the satisfaction of supporters of the new setup I would like to point out a few facts.

My main argument for consolidation has always been that it would provide the same opportunities for all children in town. Results, such as the following, prove this contention to be true:

1. The music department presented an operetta in which children from all parts of town participated.

2. All boys in grade eight have a chance to play on basketball teams.

3. All members of grade eight have had the opportunity of participating in dramatic activities.

4. All children have an opportunity to benefit from the physical education program. All in the consolidated school have a chance to participate in basketball and other indoor sports at the town hall.

5. Children are grouped in rooms with other children of the same age and grade.

6. All have good heat, light, sanitary facilities.

7. All of the children through grade two have hot lunches.

It would be physically and financially impossible for all children in town to have the above advantages under the rural school organization which prevailed prior to this year.

APPRECIATION

I wish to express thanks and appreciation to the following individuals and groups for their definite contributions to the school program:

Ernest Rowell—large flag for new school

Frances Bragg—piano for new school

Veterans of Foreign Wars and Auxiliary — ten beautiful classroom flags

Mrs. Robert McLaughlin and others who made the Diane Marshall Bookshelf a reality.

Parent-Teacher Associations—for their contributions to the various schools

Health Council—for the splendid health program for the children

School District Trustees—for their interest and effort in making our new school possible

Parents and friends, who by their donations of time and food supplies have made our school lunch program a success

If I have omitted any groups or individuals who have made direct contributions to our schools it is because there are so many active, willing workers, that it would be difficult to list them all.

CONCLUSION

Andrew Carnegie was once asked, "What is the most important factor in industry—capital, labor, or brains?" "Well," he replied, "Which is the most important leg of a three-legged stool?"

What is the most important factor in education—children, teachers, or parents? Again, what is the most important leg of a three-legged stool? All three are essential and when cooperation from any one of the three is lacking the school suffers.

The cooperation of parents and interested citizens, in supporting our efforts to provide a worthwhile program for the schools, is greatly appreciated. The advice and support of the school committee has been helpful and inspirational at all times. The cooperation of teachers and school children has made my work a pleasure. It is my sincere desire that I may provide the type of leadership which will stimulate my fellow workers to strive earnestly that the school children may have the maximum benefits from the advantages which the community provides.

Respectfully submitted,

EARL C. MCGRAW,
Supt. of Schools.

TOWN OF HAMPDEN SCHOOL DISTRICT

By E. W. SPAULDING,

Treasurer

I hereby certify that I have audited the books and records of Earl W. Spaulding, Treasurer of the Town of Hampden, School District, for the year ended February 10, 1951, and in my opinion the attached statements correctly present a summary of the financial transactions for the period and the balance of available cash remaining as of February 10, 1951.

Hampden Highlands, Me.

January 1, 1951

To the Selectmen of the Town of Hampden and the Residents of the Hampden Water District:

Gentlemen:

The report of the Trustees of the Hampden Water District is as follows:—

At the annual election held on the second Monday in May, John H. Perry was elected for a term of five years.

The Trustees of the District met on the third Monday in May and, after transacting the regular business of the District, elected the following officers: President, Thomas A. Murray; Treasurer, Walter E. Whitney; Clerk, James B. Mountaine.

The progress of the District, and its financial condition, will be shown in the reports of the Superintendent and Treasurer.

Respectfully submitted,

THOMAS A. MURRAY,
President

Report covering general operation as respectfully
submitted to the Trustees of the Hampden
Water District by P. M. Nickerson

PAINTING STANDPIPE

We received four bids from industrial painting firms covering cost of painting the Standpipe as per our specifications.

Bids were open May 15th and contract awarded to the Sunbury Company, Bangor, Maine at the lowest bid price of \$1,365.00.

The interior of the tank was thoroughly scraped and steel wire brushed to remove all rust and loose paint and given one coat of Triple Lead Kote A and one coat of Triple Lead Kote C.

The exterior roof, trolley track, ladder and rungs were wire brushed, cleaned and given one Triple Lead Kote A, and two coats of aluminum paint. The exterior shell was wire brushed, cleaned and spot primed with Triple Lead Kote A and given one coat of aluminum paint. Dark Green No. 2 was used to paint the base strip.

The Standpipe was out of service fourteen days. During this time we pumped direct into the distribution mains, operating our pumps continuously. Through the splendid cooperation of our users, by not wasting water, we were able to maintain normal pressure throughout the system and stood ready to meet fire emergency.

Hampden Water District

February 20, 1951

To the Municipal Officers of Hampden, Maine:

Gentlemen,

The following is a report of the doings of the Trustees of the Town of Hampden School District for the fiscal year just closed.

The Trustees consist of Dr. George B. Weatherbee, Carleton Littlefield, Earl Spaulding, Guy Matthews and Randolph A. Weatherbee. Mr. Littlefield is President, Mr. Spaulding is Treasurer and Mr. Weatherbee is Clerk.

The top floor of the building has been completed and has been in use during the year. A room for a temporary Superintendent's Office has been constructed on the first floor. Completion of other rooms on the first floor will have to wait until money is available for the purpose.

During the year the town deeded to the district the five schools which have been discontinued as a result of the opening of the new building. The Trustees advertized these properties for sale but received no suitable offers, so placed them for sale with a real estate agency and sold the Hardy Hill School, the Arey's Corner School, the West Hampden School and the Holmes School, receiving \$3,310.00 for the four, after payment of the agent's commission. The Hampden Center School and the East Hampden School remain to be sold.

Respectfully submitted,

Trustees of the Town of
Hampden School District

By RANDOLPH A. WEATHERBEE
Clerk

FIRE DEPARTMENT

To the Selectmen and Citizens of the Town of Hampden:

Gentlemen:

Following is my report as Chief of the Fire Department. During the past fiscal year this Dept. has answered 76 alarms.

Smoke scares	1
Chimney fires	24
Grass fires	12
Out of town	3
Buildings	12
Dumps	3
Woods	4
Automobiles	2
Flooded oil burners	6
Miscellaneous	9
	—
	76

During the past year we have purchased 200 ft. of 1½" hose and 200 ft. of 2½" hose, also a small 7 H.P. portable pump which may be carried to water sources inaccessible to the pumper. It is anticipated that this will be of great value in many instances. This pump and fittings are carried on the truck at all times and can be removed for use very quickly. We have a new CO2 extinguisher which is very valuable for oil fires such as automobiles and oil ranges, etc. plus a new dry chemical extinguisher which is very similar but lasts much longer. To elaborate a bit, the CO2 unit freezes the burning material below the point of combustion, whereas the dry chemical is forced out under great pressure and smothers the fire.

I wish to again thank the Telephone Operators for their all-out service and cooperation. I wish it also to be known that they have received orders NOT to ring a general alarm on every telephone line at the time of a major or building fire. These alarms will be rung

only on the lines that run through the immediate vicinity of the fire, unless different orders are given at that particular time.

Another point that I consider needs to be brought up again at this time is this. NO PERSON can call the Bangor Dept. directly for assistance, with the exception of a few heavily taxed property owners who have gone into that department personally and have signed up for pledged personal payment at the Central Fire Station. Only the Fire Chief, Town Agent, Selectmen, or, if none of these are available, the telephone operator has the authority if necessary. This should help to clear up some of the discussions which have been prevalent. I also wish to thank all of our Volunteer Firemen for their most valuable and efficient service.

Respectfully submitted,

CLAIR A. TRASK,
Fire Chief

ANNUAL REPORT FOR HAMPDEN
January 1 to December 31, 1950
DIVISION OF PUBLIC HEALTH NURSING
DEPARTMENT OF HEALTH AND WELFARE

Recently the Midcentury White House Conference on Children and Youth met in Washington, D. C. The purpose of this conference was to consider how we, as a nation, can develop in children the mental, emotional, and spiritual qualities essential to individual happiness and to responsible citizenship, and what physical, economic, and social conditions are deemed necessary to this development.

Realizing that the prenatal, postnatal, infant, and preschool periods in life are the most beneficial to the child, more emphasis has been placed on these periods by your Public Health Nurse.

In the School Health Program conferences have been held with the superintendent and teachers regarding health problems arising in the schools and to co-

operate with them in promoting modern health education. A school immunization clinic was scheduled to be held in the fall but had to be postponed until January.

To those children who were referred by their family physician diagnostic and consultation services have been made available through the Pediatric, Crippled Children's, and Cardiac clinics. These clinics are sponsored by the Division of Maternal and Child Health of the State Department of Health and Welfare. Volunteer assistance was given at these clinics by members of your local Health Council.

Health supervision through home visits was given to tuberculosis patients and their contacts in order to advise them to return for x-rays and checkups.

Following is a report of your Local Health Council:

The Health Council has held quarterly meetings to plan projects for the best health interests of the town.

The following projects were carried out under the guidance of our Public Health Nurse:

Seven Child Health Conferences were held from May through November with a total attendance of 122 children. Complete physical examinations were given to 75 children, 35 children received smallpox vaccinations, 36 children received diphtheria toxoid, and 22 children received whooping cough vaccine and tetanus toxoid. Much time is spent in the planning of these conferences, but the attendance was low in comparison with the infant and preschool population of your town. Whether through these conferences or through your private physicians each child in our town should have the necessary protection for healthful living.

The Dental Program was offered for the third year by giving Sodium Fluoride treatments to all the second grade pupils and 13 first grade pupils whose parents gave permission. The contract is signed for the 1951 series of treatments.

The Loan Closet containing articles for the home care of the sick was continued this year. A hospital bed was purchased and is now in use.

Members of the Council served on the local committee for the Polio Drive.

The Council cooperated with the local Parent Teacher Associations for the annual Summer Round Up program in furnishing workers and transportation.

Thanks is given to the organizations and individuals for the financial and volunteer assistance necessary to maintain the above program.

Respectfully submitted,

ESTHER SPAULDING,
Chairman

Your local Health Council should be commended for the efforts and cooperation shown this past year.

At this time your Public Health Nurse wishes to thank all those who have aided in the Health Program this past year.

Respectfully submitted,

GEORGINA J. PATTERSON
Div. of Public Health Nursing

MAINE STATE LIBRARY

Augusta

January 11, 1951

Mr. Ernest H. Rowell, Town Clerk
Hampden, Maine

Dear Mr. Rowell:

Would you be willing to insert the following notice in your town report for this year?

The Maine State Library, Augusta, lacks the following reports of your town: any previous to 1869; those for the years ending March 1870, 1871, 1872, 1874, 1875, 1876, 1877, 1878, 1879, 1881, 1882, 1883, 1886, 1887, 1888, 1894, 1895, 1896, 1897, 1898, 1903, 1904, 1906, 1909, 1910, 1911, 1915, 1917, 1919, 1920, 1929.

It will appreciate information about available reports.

Thank you.

Very truly yours,

VIRGINIA HILL
Deputy Librarian

March 5, 1951

Board of Selectmen
Town of Hampden
Maine

Gentlemen:

In accordance with your request, we have audited the general and trust fund accounting records of the Town of Hampden, Maine for the year ending February 10, 1951; we have directly examined records of the town clerk affecting accounting procedure and the administration of the town. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Balance Sheet Comments

Cash on demand deposit has been reconciled with certificate furnished by the Eastern Trust and Banking Company. All cash recorded as received had been deposited at year end closing.

The assessment of 1950 Taxes has been proved and compared with the collector's commitment. Individual balances submitted in this report are based upon collector's records and are subject to results of a test check by correspondence with individual tax payers.

Copies of excise tax receipts numbered 343 to 1345 inclusive for 1950 and numbered 1 to 308 inclusive for 1951 have been added, and together with receipts transferred from another municipality were found to be equal to treasurer's receipts.

Tax Mortgage liens have been examined; costs have been added to and forms a part of the ledger balances. All transactions in foreclosed liens were examined in detail.

Accounts receivable were traced to sources of origin; with a simple exception all pertain to current transactions.

The investment of \$100.00 in a savings account was in accord with the basic intent as voted at annual meeting; the source of revenue was from cemetery maintenance funds. Our report at this time does not include this fund among the permanent trusts.

During the year the bonded debt for sewer construction was reduced in accordance with terms of retirement.

Trust Funds

Trust fund security investments were verified by direct examination; amounts on time deposit by certificate furnished by the Bangor Savings Bank. During the year all trust funds held in general funds pending acceptance, and the income received from bond investment, but not needed for current expenditure, has been placed on time deposit.

Trust fund balances, consisting of expendable income and principal, have been reconciled with the transactions in each individual trusteeship.

Operating Comments

We did not make a detailed audit of all departmental transactions; we did, however, analyze all important accounts. We have test checked invoices in support of warrants issued for expenditures.

Continuing balances in state aid construction are not lapsed pending final reconciliation with the records of the State Highway Department; the operations of this joint fund can become complex and involved. The yearly funds available from the state are in fixed amounts and an overdraft is, for the time being, financed by the town. It is not uncommon, and often advantageous, to plan construction projects in anticipation of several years joint funds and for such overdrafts to become substantial in amount, however, pending amortization of the overdraft, there must be a few years in which construction ceases. Alternatives to overdraft is to allow the joint fund to accrue until a sufficient amount is available or to limit construction

each year regardless of the resulting cost per mile. The balance as now maintained is for the purpose of recording the rights of the voters, but if so chosen by them it can be added to the existing deficit.

The substantial overdraft for school repairs is also maintained regardless of actual title to the buildings. We could not find a proper manner or authority to change this record without the expressed consent of the voters or an appropriation to provide for it. The prudence of overexpenditure itself is not being questioned but the need did not provide relief from accounting.

The assessment for the twin bridge was paid without utilizing the authority to borrow the necessary funds; the cash position at year end closing, therefore, did not substantially increase despite an overall decrease in the deficit of resources. It could fairly be considered that a capital gain has been realized without voted tax levy that should offset unrecorded depletion in other capital items.

Certificate

Base upon our examination, and subject to the foregoing, we hereby certify that, in our opinion, the accompanying comparative balance sheet, statement of transactions in departmental accounts, and analysis of change in deficit of resources properly present the financial condition of the town as of February 10, 1951, and the results of its operations for the year then ended, in conformity with generally accepted principles of municipal accounting.

Respectfully submitted,

W. C. WHEELER

Public Accountant
